The Student Induction & Orientation Programme (SIOP)

(On the guidelines of Quality Mandate, UGC)

**"O" Pocket, Ganga Nagar, Mawana Road,
Meerut, Uttar Pradesh - 250001**

Foreword note

Student Induction and orientation programme is to help new students to adjust and to settle comfortably in the new environment, to inculcate in them the human values, ethics and culture of the University, help them build bonds with their seniors, batch mates and faculty members, and expose them to a sense of today's competitive world's requirement and self-exploration with ethics and values.

During an induction program, the students are introduced to all various activities enlisted in the SIOP brochure which is designed strictly on the guidelines of Quality Mandate of UGC. The induction - orientation programme will make all new students well acquainted with rules – regulations, expected code of conduct of the students of the University, various facilities and policies of the university for the students.

This programme will help the students to settle in the University environment and will guide them with their transition into post-secondary which will be a new educational experience.

IIMT University welcomes all the newly admitted students and wishes them to pass out with a very bright and successful future.

1. Introduction

Transition from school to university/School life is one of the most challenging events in a student's life. When new students enter an institution, they come with diverse thoughts, backgrounds and preparations. They come into a new unfamiliar environment, and most of them have little knowledge of a university/ School. An important task, therefore, is to welcome new students to Higher Education and prepare them for their new role.

Currently, precious little is done by most institutions, except for an orientation Programme lasting a couple of days. Student Induction is designed to help in the whole process. Therefore, it should be taken seriously, and as something more than the mere orientation programme.

2. Deeksharambh - Student Induction Programme

The purpose of Deeksharambh - Student Induction Programme is to help new students adjust and feel comfortable in the new environment, inculcate in them the ethos and culture of the institution, help them build bonds with other students and faculty members, and expose them to a sense of larger purpose and self exploration.

The term induction is generally used to describe the whole process whereby the incumbents adjust to or acclimatize to their new roles and environment. In other words, it is a well planned event to educate the new entrants about the environment in a particular institution, and connect them with the people in it.

Student Induction Programme engages with the new students as soon as they come into the institution, before regular classes start. At the start of the induction, the incumbents learn about the institutional policies, processes, practices, culture and values, and their mentor groups are formed.

Students Induction could cover a number of different aspects (SAGE):

Socializing: meeting other new students, senior students, students union, lectures by Eminent People;

Associating: visits to University / School, visits to Dept./Branch/ Programme of study and important places in campus, local area, city and so on;

Governing: rules and regulations, student support etc;

Experiencing: Subject lectures, study skills, small-group activities, physical activity, creative and performing arts, literary activities, universal human values, etc.

List of activities to be included:

1. Physical Activity
2. Mentoring
3. Familiarization to Dept./Branch

4. Creative Arts and Culture
5. Literary Activity
6. Lectures by Eminent People
7. Visits to Local Area
8. Extra-Curricular Activities in School

Besides this a check list is provided at **Appendix 1** to help concerned staff organise Induction Programme.

3. Daily Activities

The following activities during Induction Programme would fully engage the students for the entire duration of the Programme.

3.1 Physical Activity

This would involve a daily routine of physical activity with games and sports. There can be games in the evening or at other suitable times according to the local climate. These would help develop team work. Each student should pick one game and learn it for the duration of the Induction Programme and hopefully, continue with it later.

3.2 Mentoring

Mentoring and connecting with faculty members is the most important part of induction. Hopefully, it would set up a healthy relationship between the students and the faculty.

Mentoring takes place in the context and setting of universal human values. It gets the student to explore oneself and allows one to experience the joy of learning, stand up to peer pressure, take decisions with courage, be aware of relationships, be sensitive to others, understand the role of money in life, and feeling of prosperity, etc. Human values as enshrined in our constitution like justice, liberty, equality, fraternity, human dignity and the unity and integrity of the Nation can also be part of this discussion. Focus should be on inculcating values of equality and responsibility towards one's fellow citizens of any caste, class or creed. During discussion issues and requirements of SC/ST/OBC students should be assessed and addressed. Mentor-mentee relationship can help students form a bond with faculty members which can be of great help during various tough times in study courses.

Methodology of mentoring this content is extremely important. It must not be through do's and don'ts, but by getting students to explore and think by engaging them in a dialogue. It is best taught through group discussions and real life activities rather than lecturing. The role of group discussions, however, with clarity of thought of the teachers cannot be over emphasized. It is essential for giving exposure, guiding thoughts, and realizing values. The teachers must come from all the departments rather than from only one department or from outside of the Institute.

The following topics may be discussed during the Mentoring sessions.

1. Day 1: Student aspirations, family expectations
2. Day 2: Gratitude towards people helping me
3. Day 3: Human needs of (a) self and (b) body
4. Day 4: Peer pressure
5. Day 5: Prosperity
6. Day 6: Relationships

Small groups of preferably 20 students with a faculty mentor each can be used for discussions and open thinking towards the self. Discussion on Universal Human Values could even continue for rest of the semester and not stop with the Induction Programme. A follow up in a later semester could even be considered.

Besides drawing the attention of the student to the issues of life and their role in larger society, it would build relationships between teachers and students which last for their upcoming 3 to 4 years and possibly beyond. It is important, therefore, that it be conducted by faculty members of the University/School, the ones who would teach them.

A suggestive primer for mentoring on Universal Human Values is at **Appendix 2** for reference.

3.3 Student Welfare Fund

The University has created a Student Welfare Fund with the objective of making financial assistance available for meeting the welfare needs of students in need, such as emergent medical assistance, purchase of books and study material and any other comparable needs of students.

3.4 Examination Module/ CBCS/LOCF/ NEP-2020

A session based on choice based credit system/ Learning outcome curriculum framework/ National Education Policy 2020 will be organized for the students to explain the content, evaluation pattern, assessment method with exit point options.

4 Other Activities

The activities which can be offered during Induction Programme are discussed in this section. Activities or short term courses for upgrading communication skills of students can also be included in this programme. The learning needs of the students can be identified and accordingly appropriate remedial/SWAYAM/ NPTEL course/s will be recommended for those students.

NPTEL/SWAYAM is integrated as credit course in the curriculum and it will be mandatory for the students to complete assignments and secure certificate to get credits.

4.1 Familiarization with School/Department

Students should be familiarised with their school/department/Programme of study/laboratories/workshops/ ICT facilities and other facilities. Besides an orientation helping them differentiate between School life and school life along with career prospects offered by specific

courses should be organised.

4.2 Creative Arts and Culture

Students shall be exposed to culture and art forms like painting, music, dance etc. These would allow for creative expression. It would develop a sense of aesthetics and also enhance creativity which would, hopefully, flow into their studies later.

4.3 Literary Activity

Literary activity will encompass reading a book/article, writing its summary, and possibly, debating, enacting a play, etc.

4.4 NPTEL Courses/Skill Development Courses: 2022-23

https://docs.google.com/spreadsheets/d/e/2PACX-1vT7-h9sBQRPyCl_2KWs1pukt2NhFbMNMWY2nqx_UjxCq7h7VKvzGbQjG5YAZj22vTdSG2L03LQ2Xl9d/pubhtml?urp=gmail_link&gxids=7628

4.5 Lectures by Eminent People

Lectures by eminent people should be organized to provide exposure to students. People who are alumni, socially active, in profession, or in public life should be invited.

4.6 Visits to Local Area

Organize a visit to a monument or a landmark of the city, like a picnic, for bonding. One or more visits could also be organized to a hospital or orphanage. This would expose them to the underprivileged. These are to be arranged after the Induction Programme is over, better on a Saturday or as decided by the University / School.

4.7 Extra-Curricular Activities in School

The new students shall be introduced to the extra-curricular activities at the School/ university. They shall be shown the facilities and informed about activities related to different clubs etc. This is when selected senior students involved in or leading these activities can give presentations. Various other activities which could be included are role playing/street play, alumni/industry interaction etc.

5 Schedule

The activities during the Induction Programme shall have an Initial Phase and a Regular Phase.

5.1 Initial Phase

Day	Time	Activity
Day 0	09:30 am - 04:00 pm	Academic registration & admission formalities

Day 1	09:30 am - 12:25 am	Institution orientation
	12:30 pm - 01:25 pm	Lunch break
	01:30 pm - 03:55 pm	Department orientation
	04:00 pm - 05:00 pm	Mentor-mentee groups - Introduction within group

5.2 Regular Phase

Regular Phase of induction will start after the first day. In this phase regular Programme is to be followed every day.

5.2.1 Daily Schedule

Some of the activities are on a daily basis, while some others are at specified periods within the Induction Programme. The Sessions on Mentoring with Universal Human Values will be organized as per section 3.2 or **Appendix 2**. A typical daily timetable, which starts from the 2nd day is mentioned below:

Example of Daily Schedule (Day 2 onwards)

Session	Time	Activity	Remarks
I	09:30 am - 10:55 am	Morning session	Lectures by eminent people
II	11:00 am - 12:25 pm	Mentoring with Universal Human values/ Value Added Courses	
	12:30 pm - 01:00 pm	Campus Visit	
	01.00 pm - 02:00 pm	Lunch break	
III	02:00 pm - 03:00 pm	Afternoon Session/ Bridge Courses	Department will display the schedule
IV	03:00 pm - 04:00 pm	Afternoon Session/ Bridge Courses	Department will display the schedule
V	04:00 pm - 05:00 pm	Games	Department will display the schedule

5.2.2 Afternoon Activities (Non-Daily) (Friday & Saturday)

The following activities are to be scheduled at different times during the Induction Programme, as per the context and the feasibility of the HEIs.

1. Familiarization to School/Department

2. Creative Arts and Culture
3. Literary Activity
4. Lectures by Eminent People
5. Visits to Local Area
6. Extra-Curricular Activities in School

Tentative activity schedule for the afternoons (session may be adapted to suit local needs):

Activity	Session	Remarks
Familiarization with School / Dept.	III & IV	Day 1
Creative Arts and Culture	IV	Day 2, 3 and 4
Literary (Play acting / Reading/ Writing)	III	Day 2, 3 and 4
Lectures by Eminent People	I	As scheduled - 3-5 lectures
Visits to Business Incubator	-	On Saturdays (after the Induction programme is over)
Extra-Curricular Activities	III & IV	Day 5
Report on the Induction Programme (group wise)	III and IV	Day 6

Daily Additional Schedule for Hostellers

Session	Time	Activity	Remarks
Morning	06:00 am	Wake up call	
	06:30 am - 07:10 am	Physical activity	(Mild exercise and yoga)
	07:15 am - 08:55 am	Bath, Breakfast, etc.	
Evening	05:00 pm - 05:25 pm	Snacks break	
	05:30 pm - 08:25 pm	Rest and Dinner	
	08:30 pm - 09:25 pm	Informal Interactions (not daily)	(in hostels)

5.3 Follow Up after Induction

The purpose of Deeksharambh is to help students in getting familiarized with the institution as well as its ethos. Undoubtedly time is an important factor for such processes and that is why, it is suggested that the groups which are formed during Induction Programme function as mentor-mentee network. These groups can work on fulfilling requirements of newly admitted students with regards to linguistics / communication skills. Bridge / preparatory courses may be offered for weak students in

different subjects also. A student should feel free to approach his faculty mentor or the student guide when facing any kind of problem, whether academic or financial or psychological etc. For every 10 undergraduate first year students, there would be a senior student as a student guide, and for a group of 20 students, there would be a faculty mentor. Such a group should remain for the entire duration of stay of the student in the School. The groups of the students as well as teachers would be from the same school/department. (On the other hand, it is good to mix the students of different departments in the hostel.)

5.3.1 Follow Up after Induction (Same Semester)

It is suggested that the mentor groups meet with their faculty mentors for an hour every week, within the same semester after the induction is over. This should be a scheduled meeting shown in the timetable. The groups are, of course, free to meet together on their own more often, for the student groups to be invited to their respective faculty mentor's home for dinner or tea would be welcome. There could also be other activities such as nature walk, etc. which help in building relationships among students and teachers beyond classroom. Further, following items may also be included:

1. Organize three days field visits for social sensitization during the semester, for example to a village, hospital, orphanage, etc.
2. Organize one visit to monument for the purpose of bonding as well as awareness about history or city.

5.3.2 Follow Up (Subsequent Semesters)

It is advised to maintain continuity in subsequent semesters. It is suggested that at the start of the subsequent semesters, three days be set aside for full days of activities related to follow up. Show

inspiring films, arrange collective art work and cultural programme, conduct group discussions, and organize lectures by eminent people. Subsequently, the group discussions can also be arranged once a month.

Appendix 1

Preparation for Deeksharambh (Check List)

Preparing for Student Induction Orientation Programme - Check List

A.1.1 Induction- Orientation Policy

1. Every institution shall have induction policy in line with quality mandate of the UGC and UGC guidelines for induction of students
2. Induction shall be mandatory for all the fresh students admitted to any/UG Programme offered by the institution
3. Induction policy must detail out the guidelines, objectives and procedure of conducting induction
4. Lectures/talks should be no more than 20%, with activities taking most of the time
5. Activities to be conducted by grouping students into small groups (including group discussions).

A.1.2 Partners in Induction Programme

1. Newly admitted students
2. Heads of the institutions
3. Important functionaries/ Administrative staff
4. Faculty mentors
5. Selected alumni
6. Students council/association
7. Selected senior students
8. Civil society
9. Invited distinguished people
10. NCC / NSS of IIMTU

A.1.3 Broader Areas

1. Meaning, purpose and relevance of higher education in realising the purpose of life.
2. National Development concerns, development perspectives and priorities.
3. Connect with community, world of work and global society.
4. Self-empowerment, motivation, team work and leadership development.

5. Elective living in constructive and creative way with competence and confidence; life skills including elective communication, decision making, problem solving, creative thinking, critical/ scientific thinking, interpersonal skills, self awareness, empathy, equanimity, coping with stress and resilience.
6. Building a bond with faculty and mentoring.
7. Institutional rules and regulations, norms, academic and administrative structure and learning resources.
8. Institutional culture ethos, etiquettes and manners and value system.
9. Available internal and external sources (curricular, co-curricular and extracurricular) for all-round and holistic development.
10. Sports, cultural, creative, counselling, welfare activities pursued by the institution.
11. Emerging career opportunities and challenges.
12. Introduction and importance of subjects/courses of study selected by the students.
13. Awareness about the institutional mechanism that exists with regard to anti-ragging, prevention of sexual harassment, Swachh Bharat Abhiyaan, anti-intoxicants awareness etc. (Only selected items be taken in the Induction Programme.)
14. Health/ hygiene/ yoga/ time management, etc.
15. E-learning resources, application of ICT and social media for making education employable.

A.1.4. Preparations before Induction

Induction should be a well planned process of introducing the new students to higher education, and the institutional culture. Before it is conducted, it is essential to plan all the activities in advance. The following preparations are recommended:

1. A hyper link on Induction of new students is to be created on the website of the institution having information about the induction, detailed schedule, provision for daily reporting, feedback, etc.
2. Joint meeting of all the partners involved in influencing the process of education.
3. Full support from head of the institution and top management.
4. New students be informed that the Induction is mandatory non-credit course for which a certificate will be issued by the institution.

5. Ensuring compulsory participation by teachers and other partners.
6. Detailed scheduling of the activities based on the nature, size and location of the institution.
7. Preparing Induction Policy and charter for students stating their responsibilities.
8. Composition of Induction committee which will prepare detailed Induction Programme in consultation with head of the institution, facilitate the conduct, monitor and coordinate the whole Induction Programme
9. Appoint Mentor Coordinator before the Induction Programme begins. His/her responsibility is to form mentor groups, ensure smooth running of the group discussions, and hold meetings of mentors periodically.
10. Conducting a half-day workshop for partners on how to conduct induction.
11. Training Programme for faculty to be conducted for mentoring students and imparting holistic education and larger vision of life.

A.1.5 Levels of Induction

1. The induction is to be conducted at the level of institution, faculty/school, department, mentor groups and individual.
2. Face to face interaction, virtual (internet and audio-visual material) and field visits.
3. Pre-induction, interface and continuation during course of study even after Induction Programme is over.

A.1.6 Induction Programme Follow up

Activities to be carried out beyond 1-week in the 1st semester:

1. Mentor groups to meet once a week and continue meeting till the end of semester.
2. Organize 3 field visits for social sensitization during the semester, for example to a village, hospital, orphanage, etc.
3. Organize a visit to a monument or landmark for the purpose of bonding as well as awareness about history or city.

A.1.7 Important Points

1. Induction Committee of the institution will decide about the detailed programme depending upon the type of institution, programmes offered, levels of programmes, number of teachers and students, location, etc.

2. Induction should be given wider publicity through website and media
3. The institution must keep all records relating to induction and evolve mechanism for regular interaction with the students
4. Mentor Coordinator should be appointed before the Induction programme begins.
His/her responsibility is to form mentor groups, ensure smooth running of the group discussions, and hold meetings of mentors periodically.
5. Institution must conduct half-day workshops for orienting the teachers on how to conduct induction.
6. The mentor groups will continue for the whole duration of a programme of study, assist students through interaction on contemporary concerns and develop their competencies/talents to be successful in their future ventures.
7. Use of technology in learning should form integral part of higher education.
9. All teachers should be encouraged to attend induction / orientation programme
10. In case of large institutions/ geographically scattered campuses, the institutional level induction may be done in batches / or through video conferencing.

A.1.8 Recommended Actions during the student Induction Programme

- Set objectives for Induction Programme
- Make induction a team effort
- Prepare a well-structured Induction Programme
- Provide a timetable of events
- Have induction co-ordinators acting across programmes opportunities for active engagement
- Make induction student-centred, and respond to diversity; incorporate icebreaking activities
- Reduction of Lectures
- Provide opportunities for group events
- Include Creative & Performing Arts and Literary Activities Alumni / Industry expert interaction
- Use senior student buddies
- Give attention to stimulating early social integration of students amongst themselves

and with teachers

- Ensure that unit and course information is up-to-date and provided to students; provide an early introduction to the issues of plagiarism
- Information on safety and security; Health and Hygiene facilities
- IT and virtual learning (SWAYAM)
- Environmental Consciousness, Human Values, Movie shows, Clubs
- Information about sports and cultural opportunities; various funding schemes
- NSS/NCC
- Evaluate induction regularly – collect feedback and send the report on the provided link to Registrar office and Vice-Chancellor office.

A.1.9 Student Responsibilities

All students have a responsibility to:

- Treat all members of the University / School community with respect.
- Represent the University / School as responsible ambassadors through their good conduct on and off campus.
- Ensure their actions have a positive impact on the University /School; the local and wider community.
- Assimilate with the University / Schools culture.
- Pursue the academic and professional studies in a diligent, honest and responsible manner.
- Engage with the University / School initiatives to promote well being of humankind.
- Comply with the University / School policies and procedures.
- Seek appropriate support and guidance by asking for help when it is needed.
- Be well informed about their responsibilities and rights as a student.
- Work collaboratively with the University / School for sharing of mutual experience.

Appendix 2

Primer for Mentoring Sessions on Human Values & Professional and Personal Ethics

A. Student Aspirations, Family Expectations

A.1 Get to Know the Students of Your Group

You can begin by introducing yourself in brief, and inform them that you would be their Human Values mentor. Get students to introduce themselves one-by-one (in a language they are comfortable with).

- (i) At personal as well as family level
 - Place/city where I come from (I stands for the student)
 - Family & schooling background (the extent to which the student is comfortable to share)
 - Hobbies & interests
- (ii) At thought level
 - What I wish to be? (What kind of professional career and personal goals, how I project myself, etc.)
 - What I wish to do in my life? (What to do in life through career or otherwise).
Thereafter, the students may be asked the following to continue interaction:
 - (a) Understanding my own goals, desires, feelings
 - (b) Reflecting on my own actions/behaviour

Assignment-A.1

Write 1-2 pages on a person you know who has influenced you a lot. You should have sufficiently interacted with that person. It may be a core family member / extended family member / teacher / neighbour (one may be encouraged to write about two persons, one from family and the other from the extended circle).

Students can write in Hindi, English or their mother tongue. Encourage use of mother tongue.

A.2 My Expectations from the Family

Ask students to talk about their family. My expectations from my family members - mother, father, brother, sister, grandfather, grandmother, chacha, chachi, etc.

- You may respond in between if the students are focussing on only material or non-material aspects.
- We may divide the responses into two categories material requirement (tangible things) for the body and non-material requirement (intangible things) like love, respect, care, etc. for the mind. Having done so, the mentor may create the platform for self introspection by the students so that they prioritise these two types of

requirements in their own life.

- Conclude what we want from our family members.

Assignment-A.2

Observe people around you, observe their behaviour. Whose behaviour influences you a lot? for your self-development, self-understanding to emulate (i.e. to try to do like this or even better than this) in your life.

B. Gratitude

B.1 Expectations within Family

In the past session, expectations within the family have been discussed. Goal was to move the focus from material to non-material aspects. Now we expand the circle from family to people who help us live.

B.2 Recognizing the Role of Others

You may ask students to list people who have done things in the past or are doing things for them.

For example, I had meals today in School mess/canteen. Who are the people that helped me so that I was able to have my meals? Some students might answer, I am grateful towards my father as he has paid for it. Ask who else? Some students might say no one else.

One of the answers that might come is: parents paid for the meals, so persons concerned have received their due.

We may revert back: think, can their contribution be fully repaid in terms of money alone?

Someone had served the food, someone cooked the food, someone bought the raw materials from the market, someone brought food from farms to market, and someone grew the food. There is a long chain of people who helped us in this process. Do you know who served, who cooked, etc. We do not know most of them. In hostel, it may happen that we do not even know who had cooked our food today!

Do you feel gratitude towards each one of the people in the chain?

To exemplify the above case, we may narrate a situation like below: during scorching summer, on the road someone felt so thirsty that it was difficult to sustain without water. You shared your water. Next day the person came with a bucket of water to repay. How would you feel? Do you think even money could repay your contribution?

Think, for such situations, how the contributions can be repaid.

(We may create the spark in the students: how about helping others in similar situations!)

B.3 Our Help to Others

How many people have we helped? Ask the students to think from their past experience.

How many people are we helping now? Most students might realize that they are doing very little for others.

Assignment B.1

Try to know at least one person whom you do not know well who is in the long chain of people helping to get your meal, or in maintaining living condition or in educating you, etc.

Get to know the person, his or her family, background, current state of thinking and well being. Submit a write-up after one week from today. Can you ever repay? [**For future:** The Assignment may be kept open beyond the Induction program. Encourage students to get to know one/two persons and their detailed background. How do you feel for them? Can we ever repay? What best can we do for them?]

C Self and Body

C.1.1 Opening up Larger View

Have a discussion on the role we play as a human being at multiple levels: self, family, hostel, institution, city, nation, world and in nature. What are our responsibilities?

C.1.2 Making Desire/Aspiration List

Ask students to prepare a list of desires/aspirations in their notebook for about 5-8 minutes. Ask some students to read out some of their desires (if they are comfortable doing so). Write the desires so spoken in the form of a list on the board (in the form of bullet points with one or two keywords each). Avoid duplication.

After writing a desire on the board, you could ask why to get the underlying thought. For example, a student might say money. On asking why, he might say to be richest man, on again asking he might say fame or buy whatever I want. These are two different things and the desire listed as money be changed to money - fame or money - get goods. Make sure that you are not judgemental. Do not deride or make fun of any desire nor should you allow the other students to do so.

C.1.3 Classify Desires

After the board is reasonably complete, you may classify each desire into two categories based on what it is fulfilling:

- Mental need
- Physical need

For example, clothes fulfils physical need to protect our body from heat or cold. What do “branded

clothes”

fulfil? Is brand our attempt to fulfil our need for respect and recognition?

Would it ever fulfil the need by clothes? Even if it apparently fulfils it, would it have continuity or break down very soon?

C.1.4 Conclusion

At the end, you can conclude the following:

- The list is not infinite, but finite. It is only some tens in number.
- Most desires relate to mental rather than physical need.

We would like our desires to be free of mutual conflicts (between desires), free of internal contradictions or contradictions to our naturalness.

Assignment C.1

- Make a list of your desires/aspirations. (You may use the list you have already made in the class).
- For each desire, ask ‘why’. When you come up with an answer, ask ‘why’ again! Keep doing it to get to underlying thought.
- Write the underlying need that you get (need for feeling or physical need for body).

C.2 Needs of Self and Body

Discuss the needs of Self and Body in tabular form with respect to continuity in time, nature of need (qualitative or quantitative), finite or infinite, fulfilled by, activities etc.

	Self	Body
Example needs	Trust, Respect	Food, Clothing
Needs are ...	Happiness	Physical Facilities (Suvidha)
In Time, needs are	Continuous	Temporary
In Quantity, needs are	Qualitative (no quantity)	Quantitative (limited in quantity)
Needs are fulfilled by	Right understanding and right feelings	Food, clothing, etc.
Activities are	Desiring, Thinking, etc.	Breathing, heart-beat, etc.
Activities	Knowing, Assuming, Recognizing, Fulfilling	Recognizing, Fulfilling
It is of type	Conscious (non-material)	Physico-Chemical (material)

(if time available) knowing, assuming, recognizing and fulfilling (Jaanana, Maanana, Pahchaanana, Nirvaha Karna).

C.2.1 Distinguishing between Needs of Self and Body

Assignment C.2.

Go through the list of desires/aspirations prepared by students earlier, and classify them as satisfying the needs of “I” or the needs of the Body or of Both. You may have done so already.

Assignment C.3

- Give five examples in which you mix your mental and physical needs.
- For each example, what issues do you see due to which inter-mixing takes place and what can be done to resolve them.
- How do you relate some problems in society (e.g. corruption, global warming) due to this inter-mixing. Give four such problems and discuss.

D Peer Pressure

D.1 Pressure Related to Appearance

The following scenario may be used to start a discussion on the topic. Scenario 1

You are wearing plain clothes but pleasantly dressed, and going to a party. Before entering the hall you could peep in and find that everybody else is wearing expensive/stylish clothes. What would you do? Leave the place before anyone notices you, or walk in as usual without a concern?

Issues/Questions:

- Do you identify yourself (i.e. do you associate respect) with your clothes?
- Are clothes the most important part of you?
- Do you look at yourself based on others perception of you?

D.1.1 Asymmetric Situation

In Scenerio 1, consider that you are wearing expensive/stylish clothes and others are wearing plain clothes.

Would you act differently in this case.

Cultural issue

In Scenerio 1, consider, instead of plain clothes vs. expensive clothes, the situation is between kurta-pyjama vs. coat-pant, or sari vs. slacks-jeans. What would be your action?

D.1.2 Valuable/costly gadgets

Scenario 2

Your friends are using valuable/costly gadgets like mobile, laptop etc. which your family cannot afford for you.

Issues/Questions:

Do you feel Internal Pressure that they are different class of people than you? Do you feel hesitation in making friendship and behave normally with them?

D.1.3 Latest Model Gadgets

In Scenerio 2, if the issue is of latest model having attractive outward look, what would your feeling be?

A Note of Caution to Mentors:

After attending so many HV classes, it is likely that the students (feeling the pulse of the subject) would smartly respond to the above questions in idealist / right way to show that they are above these petty issues. In that case, you may provoke them to think whether they would do it in a Real Situation. You may bring it closer to their Life Situation. Would they wear it in their Class Tomorrow?

D.2 Clarifying the Meaning of Peer Pressure

D.2.1 Peer Pressure - Some Basics

Peer: A 'peer' is someone in your own age group. Peer group: Persons of equal rank / quality/ worth.

Pressure: Pressure is the Feeling that you are being pushed towards making a certain choice - good or bad.

D.2.2 Definition of peer pressure

Peer Pressure on a person is the influence of a Peer Group that encourages to change the persons attitudes, values, behaviours or action to conform to the Peer Group.

- a. In all the above situations, if somebody feels any Internal Pressure leading to

Inferiority / Superiority Complex, it can be said that the person is under Peer Pressure.

Peer Pressure is a psychological pressure one experiences when one holding some Pre-Conditions (like Belief, Thought, Feeling, Behaviour, and Action) which is different from the pre-conditions of people around.

Peer Pressure forces one to Change / Alter one's Own Values and adopt the Values of the others though the latter are actually NOT of substance.

In other words, it may be said that we act under peer pressure when we try to adopt pre-conditions Only to Please Others even though we feel it is Not good.

b. A few more statements on Peer Pressure

Peers influence your life, even if you don't realize it, just by spending time with your peer group.

You learn from them, and they learn from you.

Peers play a large role in the social and emotional development of children and adolescents.

Their influence begins at an early age and increases through the teenage.

Responding to peer pressure is part of human nature but some people are more likely to give in, and others are better able to resist and stand their ground. Peer pressure is NOT always negative. But the goal is to be self organized.

D.2.3 Purpose of Material/Physical Facilities, say Clothes

We may put this issue before the students for deliberation. And finally, it may be summed up as follows.

Purposes of dress are to:

- Protect the body as per climatic need, and
- Cover the body parts as per social norms.

The following questions may be put regarding costly or branded clothes (e.g., branded Jeans & T-shirts): Is it a demand of the body to go for costly & branded clothes OR body needs comfortable clothes?

Which one is more comfortable cotton or polyester?

What needs does a costly or branded dress (or Jeans/T-shirts) satisfy? Ans: Need for identity, respect etc.

Are these need of the body or need of the self? Ans: Self.

D.2.4 Satisfaction of Needs on Self

Can needs of self be satisfied by feelings or by goods?

Thereafter, the students may be asked to examine, if the same thought is applicable for the physical facilities like Mobile phone, Laptop, Watch etc.

Answer might be that brand ensures quality of product. But are you buying the brand for the sake of so-called quality or show off value. Would you be willing to remove the visible brand label from your dress!

Observe yourself. Note that the observation is possible in the light of the right proposal. For example, it is possible here by separating the needs of the self and the needs of the body.

Assignment D.1

- Take one or two examples where you have mixed your mental and physical needs (from Exercise 7.2), and re-examine why mixing is taking place.
- What insecurities come to your mind? (This is self observation.)
- Do you see any conflict between desires?

E Prosperity

E.1 Basics

Prosperity is a feeling that I have more than my physical needs. It implies that:

1. I know my physical needs.
2. I have more than my physical needs.
3. I know that I have more than my physical needs.

In the above, (2) is objective, but (1) and (3) have to do with knowledge in the self.

1. Knowledge in the self
2. Physical assessment

In the absence of such knowledge, one feels (poor) 'daridra', even when one has a lot of physical resources or wealth. Is it not that two brothers fight over the family possessions, even after each receives crores of rupees.

E.2 Conditions

1. I should know my physical needs. I cannot feel prosperous if:
 - My needs are not definite. They keep changing based on what the other person has. If my needs are based on comparing with what the other person has, they will keep fluctuating. For example, if the other person gets item X, I would also need to have it. Or if the other

person gets a bigger item Y, I feel that I do not have such an item, even when my needs are fulfilled.

2. I should be able to differentiate between the needs of the self and the needs of the body, and know that one cannot be fulfilled by the other.

If I try to satisfy the needs of the self by physical goods, these can never be fulfilled.

- One is continuous in time, the other is discrete.
- One is qualitative, the other is quantitative (and finite).
- One relates to feelings, the other to physical entities.

For example, if one tries to satisfy the need for respect by goods (e.g., a larger car or a bigger house), it can never be fulfilled. Or if I try to get respect by position (IAS officer, politician), it cannot be obtained; or if I try to get it by wealth, it cannot be obtained.

3. Similarly, to satisfy the needs of the body, I need physical assets, and not feelings. No amount of respect would satisfy hunger, for example.

E.3 Result

It is a common mistake belief today that needs of the body are the sole need. If they are satisfied, all the needs would be satisfied.

Education today teaches skills with hardly any thought of values. As a result, needs of the self remain unfulfilled.

There are two type of people, predominantly:

- Sadhan viheen dukhi daridra (SVDD) (i.e. without resources, unhappy and deprived)
- Sadhan sampanna dukhi daridra (SSDD) (i.e. with resources, unhappy and deprived)
- Our education system at best takes students from SVDD to SSDD state.
- Check this point: What did your parents say, you will get after IIT education?

What is needed is to go to the state of:

- Sadhan sampanna sukhi samriddha (SSSS) (i.e. with resources, happy and prosperous)

This will happen only when we understand (*possess knowledge*) what are my needs, that the needs of self and body are different, and they both need to be fulfilled separately. If one mixes the two needs, neither can be fulfilled.

E.4 Advanced Topic

Prosperity also extends towards future. Not only now, I have more than my needs, but in future also I shall have more than my needs.

This comes out of two key understandings:

1. Nature has more resources than needed by me and all the people.
(India produces 2.6 times the food needed by all its people. But then, why are so many people hungry? Wrong social systems produce shortages for some, riches for others. There are also people who have no money to buy. It happens when there is lack of understanding of relationships or unwillingness to part with whatever is extra.)
2. Ultimately, feeling of prosperity comes out of relationships! That is what gives us assurance about the future. We will be discussing relationships next.

Assignment E.1

1. What is the meaning of prosperity? Give the areas of living (e.g., food, mobile phone, house) where you feel prosperous and areas where you feel not. Explain with examples.
2. Give examples from your life where you think the lack of prosperity is due to your mixing the needs of the self with needs of the body (i.e., you are trying to satisfy the need of the self by physical things, which cannot be satisfied). What would you do about it?

F Relationship in Family

F.1 Seven Relations

1. Parents-children (maataa & pitaa, putra-putri)
2. Teacher-student (guru-shishya)
3. Brother-sister (bhai-behan)
4. Friend (mitra)
5. Saathi-sahayogi (leader-assistant at work place)
6. Husband-wife (pati-patni)
7. System related (Vyavasthaagata sambandh)

F.2 Justice (Nyaya) in Relationship

We have discussed expectations. Now we would like to introduce feeling (Bhaav) in relationship. The feelings are in us (namely, in self). We can experience the feelings.

The important point is, expectations in relationships are due to feelings. We usually assume that expectations are for goods. For example, expectation in parent-children relationship is the feelings of mamta (feeling of caring), vatsalya (feeling of guidance). Outcome of this would be providing food etc. not vice versa. If there is only transaction of goods, it is not a relationship, but a transaction or sauda.

Fulfilment of expectation of feeling leads to justice (nyaya). Justice (Nyaya) consists of four elements:

1. Recognition/identification of values (mulya ki pehchan) in one-to-one relationship,
2. Effort made for fulfilment of expectation in relationship (mulya kaa nirvah),
3. Right evaluation of the effort for fulfilment of values and its success etc. and
4. In case of success, feeling of Mutual Happiness (Ubhay-tripti).

For example, in Parent-Child relationship, parent recognises the feeling of Affection, and child recognises feeling of Gratitude. If child is hungry, parent makes effort to feed the child with feeling of Care (mamta). And the child, in turn, feels fulfilled and feels Gratitude. Thus, in the process of fulfilment of values, parent as well as child feels Happiness leading to Ubhay-tripti.

F.2.1 Related topics for discussion

- Sambandh and Sampark
- There are mulya (values) in relationship

F.2.2 Follow up questions are:

1. Do you want nyaya only on a few occasions or every moment? Answer: Every moment
2. Do you think it is the court of jurisdiction that can ensure Nyaya or only open-hearted discussion within the family members is the way for ensuring Nyaya?

Answer: Discussion within family members.

Elaborate on how the court cannot ensure nyaya. Court can proclaim only judgement (faisla), cannot

ensure ubhay-tripti. Nyaya would be there if all parties recognize their role in fulfilling expectations.

F.3 Transaction and Relationship

A transaction is where two people work together or exchange something according to some agreed terms. Many functions in a society are accomplished by means of transactions.

In a relationship, expectations are related to feelings. The difference between a relationship and a transaction

is that in a relationship, the feelings are primary.

F.3.1 An Example - Restaurant Operating through Gifts

Consider the following example. A family went to a restaurant, and had a meal. After it was over, they asked for the bill. The bill surprised them. It listed the expenses for the meal, but at the end, it said you do not have to pay anything because your bill has been paid! The surprised family looked around as it asked, but who has paid our bill?

The waiter replied that the previous customer had paid the bill. As the family, start to get up, the waiter asked, would you like to gift a meal to the next customer?

F.3.2 Feel the Feelings

The students were asked, what would you feel if you were in that situation? After a couple of jovial comments, they replied that it obviously would feel good. When asked to close their eyes and feel those feelings, some replied that there would be positive feelings, they would feel gratitude towards the unknown donor, etc. These feelings are what we have earlier called “continuous happiness”.

When the customers would give, they would also feel happy that they are leaving a gift for someone (rather than paying for a service).

F.3.3 Chain of Life

One of the students pointed out that this is what life is. We get gifts from our ancestors, unknown people, and the humanity at large. And when we pass away, we leave gifts for the coming generation. This is how life is.

F.3.4 Gift Culture

When we build a society in which gift culture (give and give) is inculcated, it gives happiness to all around (to the giver as well as to the recipient, who in turn can give for someone else).

In the example, when asked how much money would you leave for the next customer, many students replied that they would leave an amount slightly more than the bill.

Now consider two situations, first, the one above, and second, a normal restaurant. In both the cases, the meal is eaten, and the money is paid; however, in the former, feelings are generated as well!

F.4 Fair Transaction

The conversation moved to transaction, we are not against it. But the transaction should, of course, be a *fair transaction*.

What is fair? Fairness is not determined by only legal viewpoint, which can give us only the minimum.

A wise society builds its culture and practices in which feelings get generated or enhanced in day to day functioning, in its practices, in the transactions.

F.4.1 Example - Tea Vendor at a Station

I was travelling on a train from Delhi to Kanpur on a cold wintery night. It was 3rd January, 2011 and the time was about 5 am. The train came to a stop, and I woke up.

On peeping through the window, I noticed that it was a very small station, where even the

platform was of quite low height. On getting down, we learnt that a train, just three trains ahead of our train, has had a major accident.

While waiting to find out what would happen next, I went to a tea shop. It was the only tea shop, and it was full because of the train and the cold wintery morning. The tea shop owner declared: Tea will be served to everyone, at the same price, in the same proportion of tea leaves, sugar and milk. I have phoned for milk, and more milk would be arriving soon. And sure enough, a couple of milk men with milk containers on their scooters started arriving.

F.4.2 Values Imparted by Modern Education

Suppose the vendor had said that I am raising the price of tea to Rs.10, how would you feel? Most students said that they would feel cheated. But legally, as long as he has announced the new price beforehand, it is not cheating.

If a person educated in economics or MBA was there, what would he have said about the tea vendor? Probably he would have said, “He is a fool; he should increase the price.” And he would justify it by referring to the Theory of Supply and Demand.

Where would such an educated person might have studied? Perhaps in the best of our business schools and have done an MBA. So the best of our institutions are teaching this to the best of our students, through the best of our teachers!

F.4.3 Societal Values

Under what values is the tea vendor operating, when he is not raising the tea prices? It is the value which says that it is wrong to take advantage of a person, in his time of need or helplessness. And his behaviour generates a good feeling.

At the time of payment for the tea, there were many people wanting to pay and go. All I did was, paid Rs.50 currency note and went away before the vendor could return the money. This is the least I could do to acknowledge the values of that vendor.

Wise societies build their practices and laws which promote values/feelings, even in ordinary transactions.

F.5 Justice Leads to Harmony

The feeling of justice is experienced or realised at the level of family first. Then it extends to the society level and gradually to the world family (vasudhaiw kutumbakam).

F.6 Nine Values (Mulya)

There are nine types of feelings or values in relationships.

1. Trust (Vishwas)
2. Respect (Samman)
3. Affection (Sneha)
4. Care (Mamta)
5. Guidance (Vatsalya)
6. Gratitude (Kritagyata)
7. Reverence (Shraddha)
8. Glory (Gaurav)
9. Love (Prema)

G Mulya in Relationship: Trust (Vishwas)

G.1 Definition

Everybody wants to be Happy and Prosperous. The assurance within myself that the other human being wants to make me happy and prosperous continuously and unconditionally is known as Trust.

G.1.1 Exploring into Trust

Verify the following four statements by asking yourself whether you agree: Proposition regarding want or chaahat

Likely answers of students (write actual answers on the board)

1. I WANT to make myself always happy. # Yes
2. I WANT to make the other person always happy. # Yes
3. The other WANTS to make himself/ herself always happy. # Yes
4. The other WANTS to make myself always happy. # ?

Now verify the following four statements on the basis of your competence: Proposition regarding competence or yogyata. #

Likely answers:

1. I am ABLE to make myself always happy. # ?
2. I am ABLE to make the other person always happy. # ?
3. The other is ABLE to make himself/ herself always happy. # ?
4. The other is ABLE to make myself always happy. # ??

Take the example of a friend with whom you had a dispute followed by unhappiness

- The first set of four questions [1-4] are related to my intention or chaahat (in other words, what

I really want to be).

- The next four [1-4] are related to my competence or yogyata, in other words, whether I am capable of rendering what I want.

Contrast between doubt on intention vs. doubt on competence. In terms of competence, trust can be viewed as: To be assured that the intention of the other is always correct. Let us examine, in general, where we go wrong in judging the intention and competence.

1. We generally evaluate ourselves on the basis of our intention and others on the basis of their competence.
2. We seldom look at our competence and other's intention.

A few examples of the above two statements demonstrate my perception: My perception about the other # My perception about myself

The other broke a glass # The glass broke due to slip of my hand
The other did not come on time # I tried really hard to reach on time

The other makes mistakes intentionally # I make mistakes by accident
The other is at fault #

I am right
If we can see the intention of others, it might work miracles, as seen below:

1. If we have trust on other's intention, we have a feeling of being related to the other and spontaneously start helping the other to improve his competence, if he is lacking.
2. If we do not have trust on other's intention, we have a feeling of opposition with the other which leads to fights, dispute, and ultimately to bitterness.

G.1.2 Further Exploration

A demanded/ asked for/ expected something from B which B could not fulfil. Let us explore, who is at fault for such non-compliance A or B. Mentors may ask from students the various reasons for which B could not fulfil the expectation of A. Possible responses may be like the following:

- B is not having the desired thing.
- B does not want to help A.
- In the past, A did not fulfil the expectation of B. And examples like that.

With some dexterity, mentor would prove from each of the responses that A could not build up requisite Trust in B for fulfilling his expectation, hence the blame rests on A alone for such non-compliance.

Take-away: The Intention of the other is always positive (like myself) only the Competence may be lacking.

G.1.3 Assignment G.1

1. List the names of persons on whom you have complete Trust on their intention - continuously & unconditionally.
2. Name persons you feel close to but not coming in the above list. Why do you lack complete Trust in them? Describe.
3. Also list how many people have complete Trust on you. How do you know it?

H Mulya in Relationship: Respect (Sammaan)

H.1 Definition

Sammaan = Sam (right) + maan

(evaluation) Respect = Right evaluation

H.2 Disrespect (Apmaan)

Whenever the evaluation is not right, it is disrespect. If we observe, we will find in our day-to-day relationship, we tend to do one of the following four, leading to disrespect:

Over Evaluation (Adhi-mulyan) to evaluate for more than what it is. Under Evaluation (Ava-mulyan) to evaluate for less than what it is

Otherwise Evaluation (Anyatha-mulyan) to evaluate for other than what it is. No Evaluation (Amulyan OR Nirmulyan) ignoring to evaluate

H.3 Right Evaluation on the basis of the Self (I) (of a human being)

Seeing that the other is like me (points (1) to (3)):

1. Our purpose is the same since our Natural Acceptance is the same:
2. As I want to be and remain continuously happy, so does the other.
3. Our purpose is the same: My purpose is to live happily throughout.
4. Understanding and living in Harmony at all levels, so it is for the others.

Capacity (khsamta) is the same: I have the ability to understand (samajh) and so does the other. As I continuously operate in the form of Desire, Thought & Selection, same is with others.

5. The difference is only at the level of Understanding (not just information):
- If the other has Better Understanding than Me, I need to understand from the other.
 - If the other has Lesser Understanding than Me, I accept the responsibility to improve the Understanding of the other.

H.4 Grave Mistake in evaluating human being

Human being is a coexistence of Self and Body. The needs of Body and those of the Self are different. The activities of the Body and those of the Self are also different. But we evaluate human beings based on body or society:

- based on rupa (body): e.g. race, color, size, gender
- based on bala (body): e.g. physical strength
- based on pada : e.g. position
- based on dhan : e.g. wealth, money
- based on beliefs: e.g. based on caste, religion, ideology, and any other beliefs.

In the process, one totally ignores the Self. This is a Grave Mistake and Disrespect to human being. It has led to differentiation among human beings on the basis of race, nationality, caste, religion, ideology etc. and is the prime cause of conflict.

Assignment H.1

Narrate five interactions you had with others and check whether you had evaluated them based on 5 wrong properties i.e. rupa, bala, pada, dhana & buddhi.

Day 1

The first day of our nine-day program was a resounding success, marking the official welcome of new students to the Department of Physical Education, IIMT University. The day's events were carefully structured to introduce students to the university's leadership, values, and academic environment.

- Welcome of New Students:** The day began with a warm welcome to the new students, setting a positive tone for the program. The students were greeted with enthusiasm and encouraged to embark on their new academic journey with confidence.
- Keynote Speeches:**
 - Hon'ble Chancellor Sir:** Delivered an inspiring keynote speech, emphasizing the importance of education and the opportunities that lie ahead for the students.
 - Hon'ble Pro-Chancellor Sir:** Addressed the students with words of encouragement, highlighting the role of IIMT University in shaping future leaders.
 - Hon'ble Vice-Chancellor Madam:** Spoke passionately about the university's commitment to excellence and the holistic development of its students.
- Introduction of University & Department:** Dr. V. S. Patial, Dean of Physical Education, provided an insightful introduction to IIMT University and the Department of Physical Education. He outlined the university's mission, vision, and the various programs offered, giving students a clear understanding of their academic environment.

4. **Motivational Speech for Students:** Dr. Suraksha Pal, Advisor at IIMT University, delivered a motivational speech that resonated deeply with the students. She encouraged them to pursue their dreams with determination and to make the most of the opportunities provided by the university.

Outcomes:

The 5th day of the "Diksharambh" program resulted in several key outcomes: students gained a deep understanding of the university's outreach initiatives (USR/UBA) through Ms. Manju Bala's session, fostering awareness of community engagement. Dr. Mukta Sharma's lecture on the Internal Complaint Committee informed students about their rights and the available protective mechanisms. Dr. Sanjeev Mishra's insights into the role of journalism in sports broadened their appreciation of media's impact on the sports industry. Dr. Sangeeta Singh's Bridge Course on Ethical Values in Physical Education emphasized the importance of integrity in their field, and the friendly basketball match organized by Mr. Ishu Yadav provided a practical application of teamwork and sportsmanship.

Closing remarks-description:

In closing, the 5th day of the "Diksharambh" program was a valuable blend of academic enrichment and practical engagement. The lectures provided students with crucial knowledge across various areas, from outreach initiatives to ethical values, while the friendly basketball match allowed them to experience the camaraderie and sportsmanship that are central to physical education. As the program progresses, these sessions will continue to build a strong foundation for the students, equipping them with the insights and skills necessary for their academic journey and future careers.

Outcomes:

The 9-day "Diksharambh" orientation program successfully met its objectives by providing students with a comprehensive introduction to the academic and extracurricular life at IIMT University. Through a series of engaging lectures, interactive sessions, and hands-on activities, students gained valuable insights into personality development, team building, and health and yoga education. The quiz competition and team-building exercises not only enhanced their knowledge but also fostered a sense of community and collaboration among the new students. Overall, the program effectively laid a strong foundation for their academic journey and personal growth.

Closing remarks-description:

We extend our gratitude to all the faculty members and speakers who contributed their expertise and time to make this orientation a success. Their dedication and the active participation of the students were crucial in making this program both informative and enjoyable. As students move forward, we encourage them to apply the skills and knowledge acquired during these sessions to their studies and daily lives. We look forward to their continued growth and success within the IIMT University community

The remarks given by the leadership and the introductions made by the professors were warmly received, which left the students feeling inspired and ready for the days that were to come.

Closing remarks-description:

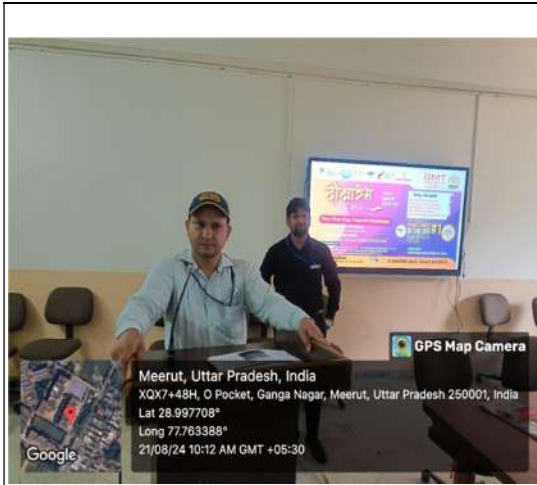

End of the Program:

After the first day of the program had come to a close, the national anthem was performed for the audience.

The coordinator of the program, Dr. Vidushi Goel, expressed her appreciation to the students who took part in the program by presenting them with a vote of thanks at the end of the first day of the program. A further recommendation that she made was that the students should be present for each and every session of the program.

It was just the beginning of what is going to be a journey that will bring about significant change today. The students have already made significant progress in expanding their knowledge and improving their abilities, and we hope that they are experiencing feelings of inspiration and motivation as a result of what we have discussed.

VOTE OF THANKS BY COORDINATOR			

Initiated the program Coordinator Dr. Vidushi Goel welcomed all the students and faculties. Dr. Brijesh Kumar Assistant Professor College of Law delivered his lecture of one hour on NPTEL in which he elaborated on NPTEL (National Programme on Technology Enhanced Learning) is an initiative by Indian Institutes of Technology

(IITs) and Indian Institute of Science (IISc) to provide high-quality educational resources. Launched in 2003, it offers online courses, lectures, and certifications across various disciplines, including engineering, science, and humanities. NPTEL aims to enhance learning through video lectures, assignments, and exams, making advanced education accessible to a broader audience. The platform supports self-paced learning, enabling students and professionals to acquire new skills and knowledge. By bridging the gap between traditional education and online learning, NPTEL contributes significantly to India's educational landscape.

At 10.30 am Chief Librarian Dr. Sandeep Sharma delivered his lecture on importance of library for law students, in which he spoken Libraries play a crucial role in the education and development of law students. They provide access to a vast array of legal resources, including case law, statutes, legal journals, and textbooks, which are essential for thorough legal research and understanding. Libraries also offer a quiet, focused environment conducive to study and reflection, which is vital for mastering complex legal concepts. Additionally, law libraries often provide access to legal databases and research tools that are not available elsewhere. The ability to consult experienced librarians for research assistance further enhances the learning experience, helping law students develop critical thinking and analytical skills necessary for their future careers.

At 02.00 pm Dr. Mohd Juneed Ansari and Mr. Rajneesh Assistant Professor Department of Law delivered his lecture on importance of New Criminal Laws for law students, in which he spoken The Bharatiya Sakshaya Adhinyam 2023 is a landmark legislation aimed at improving educational quality and accessibility in India. This act focuses on enhancing digital literacy and integrating technology into the learning process, ensuring that students across the country benefit from modern educational tools and resources. It promotes the development of digital infrastructure, supports teacher training in technology use, and fosters innovative teaching methods. By addressing disparities in educational access and leveraging digital advancements, the Bharatiya Sakshaya Adhinyam 2023 seeks to elevate the standard of education, making it more inclusive and effective for all learners in India.

At 03.00 pm Dr. Akhilesh Kumar Pandey attended the next session related to

Extempore presentations, where speaker present on a given topic without prior preparation, are crucial for developing and showcasing a range of skills. They enhance quick thinking, improvisation, and public speaking abilities, allowing individuals to articulate ideas clearly and persuasively under time constraints. This type of presentation fosters adaptability and confidence, crucial traits in professional and academic settings. It also encourages critical thinking and the ability to organize thoughts rapidly, which is valuable for effective communication and decision-making. Overall, extempore presentations are instrumental in honing verbal communication skills and boosting the ability to respond thoughtfully in dynamic situations.

Initiated the program Coordinator Dr. Vidushi Goel welcomed all the students and faculties. Dr Subha Dwivedi and Dr Mukta Sharma Associate Professor delivered their presentstion on

Outreach programs are vital for fostering community engagement and extending support beyond traditional boundaries. They aim to connect organizations, institutions, or individuals with underserved or at-risk populations, addressing their specific needs and challenges. By delivering essential services, resources, and educational opportunities directly to communities, outreach programs enhance access to support and foster inclusivity. They play a crucial role in raising awareness, building trust, and promoting social responsibility. Additionally, these programs can drive positive change by identifying and addressing gaps in services, encouraging community participation, and creating collaborative networks to tackle complex social issues effectively.

In next session Mr Sandeep Kumar Assistant Professor College of Law delivered his lecture on importance of Anti-Ragging Committee is crucial in educational institutions for ensuring a safe and respectful environment for students. Its primary role is to prevent and address instances of ragging, which involves any form of harassment or abuse typically perpetrated by senior students against juniors. The committee develops and enforces anti-ragging policies, conducts awareness programs, and provides a support system for victims. By maintaining strict regulations and fostering a culture of respect and discipline, the committee helps protect students' well-being and promotes a positive, inclusive campus atmosphere. Its presence is essential for upholding ethical standards and ensuring a healthy educational experience.

In next session Dr Akhilesh Kumar Pandey Professor College of Law delivered his Lectures on human values are essential for fostering ethical and moral development in individuals. These lectures typically cover fundamental principles such as integrity, empathy, respect, and responsibility, guiding students and professionals in making principled decisions and leading a values-driven life. They help individuals understand the importance of human dignity, equality, and social justice, contributing to personal growth and societal harmony. By integrating human values into educational and professional settings, these lectures promote a culture of mutual respect and ethical behavior, which is crucial for building cohesive, compassionate communities and addressing complex social challenges effectively.

In next session Dr Pradeep Kumar And Dr. Brijesh Kumar with BALLB and LLB first year students of law college gone to the university Stadium.

In next session Dr. Ahtshamuddin Ansari HOD College of Law delivered his lecture on career opportunities for law students can be both inspiring and informative. It often begins by emphasizing the versatility of a law degree, which opens doors to diverse fields beyond traditional legal practice. Law students are encouraged to explore various career paths such as corporate law, intellectual property, environmental law, and human rights, as well as roles in academia, policy-making, and non-profit organizations. The lecture highlights the importance of networking, continuous learning, and leveraging internships to gain practical experience. By showcasing successful professionals and their varied career journeys, the lecture aims to motivate students to pursue their passions and create impactful careers while embracing the opportunities that a law degree offers..

VOTE OF THANKS BY COORDINATOR			

Initiated the program Coordinator Dr. Vidushi Goel welcomed all the students and faculties. Prof. (Dr.) Akhilesh Kumar Pandey College of Law delivered his deliberation on Moot court activities simulate real courtroom proceedings, offering students a practical understanding of legal processes. Participants, usually law students, research and argue hypothetical cases before judges, honing their advocacy skills and legal reasoning. These activities enhance their ability to draft legal documents, present arguments, and think critically under pressure. Moot courts often involve appellate or international law cases, providing insights into various legal systems and procedural nuances. Engaging in moot court fosters public speaking, legal analysis, and teamwork, crucial for aspiring legal professionals. Overall, it bridges theoretical knowledge with practical experience, preparing students for actual legal practice.

Dr. Arshi Sharma (Sport Officer) IIMT University delivered her lecture on Sport activities in available in university campus and importance of sports in students life. Sports are crucial for college students, offering numerous benefits beyond physical health. They promote physical fitness, helping to alleviate stress and improve overall well-being. Engaging in sports enhances time management and discipline, skills that are transferable to academic and professional settings. Sports also foster teamwork and leadership, as students often work closely with peers, learn to collaborate, and develop leadership qualities. Additionally, participating in sports can improve mental health, boost self-esteem, and provide a healthy outlet for energy. Socially, it creates a sense of community and belonging, enriching the overall college experience.

In this session Prof. (Dr.) Akhilesh Kumar Pandey delivered his lecture on importance on professional ethics in Advocate life. Professional ethics in advocacy ensure that advocates uphold integrity, honesty, and fairness in their practice. They mandate confidentiality, competence, and zealous representation, safeguarding clients' rights and promoting justice. By avoiding conflicts of interest and maintaining transparency, ethical standards foster trust and professionalism. Adhering to these principles helps navigate complex legal dilemmas and builds a reputable practice. Ultimately, professional ethics are essential for maintaining the credibility of the legal system and ensuring that advocacy serves both clients and the broader public interest effectively and justly.

After this session Mentor Mentee group discussion started.

After post lunch session started Debate competitions on social issues engage participants in

critical discussions about pressing societal challenges like climate change or inequality. These events enhance public speaking, critical thinking, and argumentation skills by requiring individuals to research, present, and defend diverse viewpoints. Structured into rounds with opening statements, rebuttals, and conclusions, the debates encourage a thorough exploration of issues and foster a deeper understanding of their complexities. Participants not only improve their communication abilities but also raise awareness and advocate for meaningful change. Overall, such competitions play a crucial role in developing informed, articulate individuals who can contribute to societal progress.

In this session Dr Pradeep Kumar delivered - Spirituality encompasses a broad range of practices and beliefs centered on personal growth and connection to a higher power or the universe. It often involves seeking meaning and purpose beyond material existence, and can manifest through meditation, prayer, or contemplation. Unlike organized religion, spirituality is highly individual and can be practiced in various forms. It emphasizes inner peace, self-awareness, and interconnectedness with others and the world. Engaging in spiritual practices can lead to enhanced emotional resilience, improved well-being, and a deeper sense of fulfillment. Ultimately, spirituality nurtures personal growth and fosters a profound connection to life's greater mysteries.

End of the Program:

The fourth day of the programme ended with the national anthem.

At the end of the scheduled activities of the day program Coordinator Dr. Vidushi Goel delivered vote of thanks to the participating students and told them to be present throughout all the sessions of the program.

Introduction to Event:

The second day of the orientation program for the new students of BPT, BMLT & B.OPT 2024 Batch began with an introductory session of the students to get acquainted. It was a casual session between the students and the class coordinators, the students were also introduced to the course curriculum and the various facilities of the department by Dean, Allied Health Sciences, Prof.(Dr.) Mukesh Kumar.

Later the students attended a wonderful session the by Prof. (Dr.) Mukta Sharma, Presiding Officer, ICC, IIMT University, who made aware students about the prevention and prohibition of sexual harassment in and out the campus and the laws and guidelines for the same for the safeguard of all the students.

After the lunch break, the students were introduced to the University Outreach programmes (USR/UBA) at B block Seminar Hall by the university coordinator Dr. Shubha Dwivedi who enlightened the students on the Pro-Planet-People approach and the Sustainable Developmental Goals. The ways the students can help the society and be a responsible citizen and to provide services to people of rural areas at ease.

Another session after that was conducted by Dr. Gunjan Chaudhary, Assistant Professor, Dept. of Physiotherapy on Foundational Bridge course on Biosciences and students were taken for a visit to Rishi Gram, Sports ground and Cricket stadium for refreshing their minds.

Introduction to Event:

The day began on a softer note by a simple orientation by the class coordinator which students attended patiently, the students then had a mind relaxing and spiritually healing activity in the orientation by the university Sports Officer Mrs. Anshi Sharma, Dept. of physical education, IIMT university who wonderfully explained and motivated student to pursue their interest in the fields of Sports and can enjoy various facilities in the university. She also introduced the students to the sports activities which are conducted annually in the university from time to time.

After the sports session students were given a chance to explore their creative side by putting words on paper via a writing activity on “Role Model”

Later the student attended a session on USR and outreach activities by Dr. Madhu Yadav, Assistant professor, Dept. of Physiotherapy who briefed students on activities of social and environmental values.

After the lunch break students continued to attend a session on Foundational Bridge Course on Biosciences by Dr. Gunjan Chaudhary, Assistant professor, Dept. of Physiotherapy, and lastly students were taken for a quick refreshing visit to the cafeterias by the coordinators.

Event Name	Induction and Orientation Program 2024-25
Event Date	28/08/2024
Number of Days	5
Venue	I Block, AHS
Participants	Students/Faculty/Staff
Student Engagement	133

Introduction to Event:

The day began with a creative writing activity on My experience in IIMT, the students were asked to pen down their experience in the university. The students shared their thoughts in their new journey towards professional career. The students were happy to share the experience they had. Later, the students had a very important orientation session by Dr. Deepak Sindhu, COE of IIMT University who explained the students on the crucial process and mandatory criteria of examination.

Soon after that the students had a session with Dr. Neeraj Sharma, Dean, Student Welfare, IIMT university who had brief students on policies and facilities available to them on any grievance or redressal. The student's rights and the channel to approach was made clear by the DSW.

Later in the day, the students attended the day 5 of the foundational bridge course on biosciences by Ms. Triporna Paul, Assistant Professor, Dept. of Optometry, on Importance of Patient Counselling in Health care and various approaches.

Number of Days	9
Venue	I Block, AHS
Participants	Students/Faculty/Staff
Student Engagement	131

Introduction to Event:

Today was the final day of the 9 days long orientation programme- Deeksharambh scheduled by the university for the new students. The day began with a session on anti-ragging and proctorial board orientation by Dr. A. K. Chauhan, Chief Proctor, IIMT University. Who briefed students on how to behave, act and maintain the decorum and discipline in the university and made them aware of the consequences they must bear if found guilty in any act of indiscipline.

Later in the day the students attended the session on Personality Development and grooming by Mr. Amit, Placement Cell, IIMT University. He showcased the students few examples of how they can groom themselves and develop their skills. It was an interesting session which students enjoyed a lot.

About the event

We welcomed the new nursing students at IIMT University with a heartfelt deeksharambh ceremony. This special event, marked by traditional customs and insightful addresses, aimed to inspire and prepare students for their forthcoming academic journey. The ceremony included a symbolic Tilak ritual, an overview of the department, and introductions to key faculty members. The ceremony began with the traditional Tilak ritual, where each student was honored with a ceremonial mark on their forehead. This gesture symbolized the beginning of their educational journey and our warm welcome into the IIMT University community. The Tilak was not only a cultural blessing but also a mark of the new beginnings and opportunities that lie ahead. Following the Tilak, we delivered a motivational address to the students, emphasizing the significance of their chosen path in nursing. We highlighted the immense potential and bright future that awaits them, urging them to approach their studies with dedication and passion. The message focused on the transformative impact of their education on their personal growth and professional success, encouraging them to embrace challenges as opportunities for learning and development.

Deeksharambh - Day 1:

The Deeksharambh ceremony, held on 21/08/2024 marked a significant milestone for the new batch of nursing students. The event was conducted by Ms. Zeba Rani Assistant professor , who provided a comprehensive overview of the facilities and opportunities available to the students throughout their academic journey. Ms. Dimple introduced students about the journey of department to become a MENTOR institute. She also introduced the students about the U.P. Govt. initiative ‘ MISSION NIRAMAYA ’ to upgrade the standard of nursing and paramedical profession. The ceremony aimed to familiarize the students with the resources at their disposal and to motivate them as they embark on their nursing education.

Principal’s Address:

- Ms. Asha Yadav opened her address with a warm welcome to the new nursing students, expressing her excitement about their decision to embark on a career in nursing. She emphasized the pivotal role that nursing professionals play in the healthcare system, both at IIMT University and beyond.
- Ms. Zeba Rani began the session by introducing the students to the various physical and academic facilities that would support their education and personal development.

- **Shri Yogesh Mohan Gupta ji (Hon’ble Chancellor, IIMT, Meerut)** gave a message to new students about their bright future through video.
 - **Dr.Mayank Agarwal (Hon’ble Pro chancellor) ,IIMTU** shared an inspiring vision for the new students, emphasizing the bright future that lies ahead of them. He spoke about the transformative journey they are about to undertake and the exceptional opportunities that their education will unlock.
 - **Dr.Deepa Sharma , (Hon’ble Vice Chancellor of IIMT University),** extended a warm welcome to the new nursing students. This address was a key highlight of the Diksharambh ceremony, aimed at inspiring and motivating the students as they begin their journey in nursing education.
 - MS. Dimple shared the journey of becoming the Mentor institute and about the ‘MISSION NIRAMAYA’
 - Departmental Orientation Address by Mr. Ravikant and MS. Yasmeen to New Students They provided a detailed overview of the nursing department’s structure, including key personnel and their roles. They introduced the faculty members, clinical instructors, and administrative staff, highlighting their expertise and commitment to supporting students throughout their academic journey.
- Dr. Subha Dwivedi, Head of the USB,** introduced the students to the various activities and initiatives organized by the University Social Responsibility (USB) department. She emphasized the importance of participating in these activities for personal growth and community impact. Dr. Dwivedi encouraged the students to actively engage in USB projects, highlighting that such involvement not only enhances their learning experience but also fosters a sense of social responsibility and leadership.
- **Mukta Sharma, Head of the Internal Complaint Committee,** assured students that they could submit any concerns or complaints in writing for prompt resolution. She emphasized the committee's commitment to addressing issues fairly and confidentially, highlighting the importance of resolving problems swiftly to maintain a positive and supportive academic environment. Sharma encouraged students to utilize this system to ensure their voices are heard and their concerns are effectively managed.

Day 5

On Day 5 of the Deeksharambh program, new students were introduced to the various cells and the Department of Student Welfare (DSW). The session emphasized personality development, with coordinators actively interacting with students. They encouraged students to ask questions and engage in discussions, fostering a supportive environment. The aim was to help students understand the resources available and inspire them to take full advantage of the opportunities. This interaction also highlighted the importance of holistic development during their academic journey.

□ **Ms. Yasmeeni in GNM 1st Year** gave an introduction to the subject, likely covering its significance in understanding public health, the role of nurses in the community, and how community health nursing contributes to improving the overall health of populations. This would have included discussions on preventive care, health promotion, and the management of community health programs.

□ **Ms. Nidhi Nain in B.Sc Nursing 1st Year:**highlighted the importance of Anatomy and Physiology, which is fundamental for nursing students. She probably explained how a strong understanding of the human body's structure and function is essential for effective nursing care. This knowledge allows nurses to understand the physiological basis of health and disease, making it crucial for their training and future practice.

□ **Ms. Harshit with ANM 1st Year Students:** Ms. Harshita provided an informative session to the students at the Primary Health Center (PHC), offering a comprehensive overview of community health practices. She covered essential topics related to public health, patient care, and the role of healthcare workers in a community setting. The students gained practical insights into the functioning of a PHC and the importance of community engagement. Her session was designed to enhance their understanding and prepare them for future responsibilities in the field.

Dr. Neeraj Sharma, the Dean of Student Welfare (DSW), explained his work to the students, highlighting his role in ensuring their overall well-being and development. He emphasized his responsibility in addressing student grievances, providing guidance and support for academic and personal issues, and facilitating various extracurricular activities that contribute to a balanced student life. Dr. Neeraj Sharma also discussed his efforts in creating a safe and inclusive campus environment, fostering a sense of community among students. Additionally, he mentioned his

involvement in organizing workshops, seminars, and counseling sessions aimed at enhancing students' soft skills and emotional resilience. His work is dedicated to helping students thrive both academically and personally during their time at the institution.

Mr. Ravikant provided an overview of Sociology to the students, outlining its scope and significance. He explained that Sociology is the study of society, social institutions, and social relationships. It examines how individuals interact with each other and how these interactions shape social structures and institutions. Mr. Ravikant highlighted key areas such as social norms, values, and roles, and how they influence behavior and societal trends.

Ms. Ridam and Ms. Anju provided an overview of Nursing Foundation, emphasizing its role in establishing the fundamental principles and practices of nursing. They covered essential topics such as patient care, health assessment, and basic nursing skills. The course focuses on developing critical thinking and clinical competencies necessary for effective nursing practice. They also highlighted the importance of understanding medical ethics, communication, and teamwork in providing high-quality patient care.

Ms. Harleen provided students with detailed information about the university's placement process. She outlined the various support services available, including career counselling, resume building, and interview preparation. Ms. Harleen emphasized the university's strong connections with the hospitals and the diverse range of job opportunities offered through campus recruitment drives. She also highlighted the success rate of recent graduates and shared statistics on average salaries and top hiring companies. Additionally, she encouraged students to engage with placement workshops and networking events to maximize their chances of securing desirable positions.

Ms. Nidhi Nain, Ms. Harshita, and Ms. Yasmeen conducted a mentor-mentee interaction with the students, focusing on personalized guidance and support. They discussed academic goals, career aspirations, and personal development with each student. The mentors provided advice on navigating challenges and setting actionable objectives. They also encouraged open communication and built a supportive relationship to help students thrive. The session aimed to foster growth and ensure students feel supported throughout their academic journey.

Outcomes

On Day 5 of Deeksharambh, students were encouraged to actively engage in their academic journey and personal development. They were introduced to various cells and committees within the institution, gaining valuable exposure to the resources and opportunities available. This interaction helped students understand how these cells, such as the Personality Development Cell and Student Welfare Cell, can support their growth. The sessions inspired students to take initiative, get involved in extracurricular activities, and make the most of their time on campus. The day ended with a sense of motivation and a clearer understanding of how to utilize institutional support for their overall development.

Closing remarks-description:

As we conclude the 5th day of Deeksharambh, we want to express our gratitude to all the students for their enthusiastic participation. Today, you were introduced to the various cells and committees that will be instrumental in your journey here. I encourage you to take full advantage of these resources and remain proactive in your growth, both academically and personally. Your involvement will shape your future success, so seize every opportunity. Let's carry forward the energy and inspiration from today into the rest of your time at our institution. Thank you, and I look forward to seeing your continued progress.

Day 6:

On Day 6 of Deeksharambh, students are engaged in community exposure activities, which allow them to explore and understand their community better. This day is dedicated to helping students learn from real-world experiences and apply their academic knowledge in practical settings. Various subjects are covered, enriching their understanding of social, economic, and cultural aspects of the community. Additionally, the day includes an address by the Placement Head, who will provide insights into career planning, industry expectations, and the importance of skills development for future employability. This holistic approach ensures that students gain valuable life skills alongside their academic pursuits.

Mr. Firoz and Ms. Shailly accompanied the students on a visit to Lifeline Hospital for an orientation session. During this visit, students had the opportunity to explore different wards of the hospital, gaining firsthand insight into various medical practices and patient care.

Mr. Sahil/Ms.vishu / taught anatomy and physiology , focusing on the structure and function of the human body. He explained how different organs and systems work together to maintain health, emphasizing key physiological processes. Through his lecture, students gained a deeper understanding of the body's mechanisms, which are crucial for their nursing practice. This knowledge is essential for providing effective patient care.

Ms. Yasmeentaught aboutthe Community Health Nursing, focusing on the importance of preventive care and public health. She emphasized the role of nurses in promoting community well-being and addressing health issues at the population level. The session provided students with essential insights into community-based healthcare practices.

Mr. Ravikant, Ms. Nidhi Nain, and Ms. Harshita visited the Community Health Centers (CHC) in Kila Parikshitgarh and Mawana with the students for community exposure. During the visit, students were introduced to the healthcare services provided at the grassroots level, observing how public health initiatives are implemented in rural areas. They gained practical insights into the challenges and opportunities in community health care. This experience helped them understand the critical role of CHCs in serving underprivileged populations and the importance of community health nursing.

Mr.Abhishek Verma :Mr. Abhishek Verma, the Placement Head, conducted a session on placements. He provided students with valuable insights into the placement process, emphasizing the skills and qualifications sought by employers. He also discussed strategies for successful job

interviews and the importance of professional development. His session aimed to prepare students for their future careers by guiding them on how to navigate the job market effectively.

Outcomes

On the 6th day of Deeksharambh, students gained valuable exposure to the community, enhancing their understanding of real-world environments and societal needs. They explored various community settings, such as healthcare centers, which deepened their knowledge of public health and community services. Additionally, students participated in a session on placements, where they learned about the importance of career planning and the skills required to succeed in the job market. The day also provided insights into various subjects, bridging the gap between academic learning and practical application. Overall, this experience enriched their education and prepared them for future professional challenges.

Closing remarks-description:

As we wrap up Day 6 of Deeksharambh, students have gained valuable exposure both within the community and the university. The day's activities were purposeful and enriching, providing practical insights alongside academic learning. Faculty members taught various subjects, leaving the students satisfied and more prepared for their future endeavors. This day has been a significant step in their holistic development.

Day -7

On the seventh day of Deeksharambh, the faculties delivered lectures on various subjects, imparting valuable knowledge to the students. These sessions were designed to build a strong foundation in human values, encouraging students to embrace ethical principles. The teachings fostered enthusiasm among the students, motivating them to engage actively in their learning journey. The faculty's guidance helped students grasp complex concepts, and they eagerly participated in discussions, showcasing their understanding. This day of learning was pivotal in shaping their academic and moral outlook, laying the groundwork for their future growth.

Mr.sahil/Ms.Raziya taught the anatomy and physiology class, focusing on the function of cells. He explained the cell's structure and its crucial role in maintaining life processes. Students learned about the cell's functions, such as energy production, growth, and replication. Their clear explanations helped students grasp these complex topics. The session was engaging and informative, enhancing their understanding of biology.

Ms. Yasmeen and Ms. Harshita delivered lectures on community health nursing and the role of primary health centers. They explained the importance of community health nursing in promoting public well-being and the essential services provided by primary health centers. The students learned about preventive care, health education, and the management of common health issues in the community. Both teachers emphasized the significance of accessible healthcare for all. The lecture was informative and highlighted the critical role of nursing in community health.

Mr. Firoz , Ms. Anju,Ms.zeba taught the Nursing Foundation class, focusing on the core principles of nursing practice. They explained the basic nursing skills, patient care techniques, and ethical responsibilities of nurses. The students learned about the importance of compassion, communication, and critical thinking in nursing. Both instructors emphasized the foundational knowledge required to provide high-quality care. The session was essential for building a strong base in nursing for the students.

Ms. Radhika taught a class on Child Health Nursing, focusing on the specialized care needed for children. She covered topics such as growth and development, pediatric illnesses, and the importance of early detection and intervention. The students learned about the unique health needs of children and the role of nurses in ensuring their well-being. Ms. Radhika emphasized the importance of compassionate care and communication with both children and their families. The session provided valuable insights into pediatric nursing practices.

Dr. J.K. Kushwah delivered an insightful session on NSS/NCC, focusing on the importance of moral values in these programs. He emphasized the role of National Service Scheme (NSS) and National Cadet Corps (NCC) in instilling discipline, patriotism, and social responsibility among students. He discussed how these programs foster a sense of duty, leadership, and community service, aligning with strong ethical principles. He highlighted real-life examples where moral values guided decisions and actions within NSS/NCC activities. The session inspired students to uphold integrity and contribute positively to society. Overall, session was a call to embrace moral values as a foundation for personal and civic development.

Outcomes :

The outcomes of the 7th day of Deeksharambh were highly positive. Students gained valuable knowledge from various subjects, including anatomy, physiology, community health nursing, and moral values through NSS/NCC. The sessions built enthusiasm, strengthened their understanding of core concepts, and emphasized the importance of human values. Faculty lectures inspired active participation and a deeper commitment to ethical principles. Overall, the day fostered a well-rounded growth in both academic knowledge and personal development among the students.

Closing remarks-description:

In the closing remarks, the day was summarized with a reflection on the learning and growth that took place. The sessions were praised for their depth, clarity, and relevance, helping students to build a strong foundation in both academic and moral aspects. The contributions of the faculty were acknowledged, highlighting their role in inspiring and guiding the students. The day's experiences were seen as pivotal in shaping the students' journey, reinforcing the values of knowledge, discipline, and community service. The remarks concluded with an encouragement for students to continue their enthusiasm and apply these lessons in their future endeavors.

Day – 8

Day Deeksharambh commenced with an opening lecture delivered by the Proctorial Head, who emphasized the importance of discipline, academic integrity, and student responsibilities. After the lecture, students proceeded to the Community Health Nursing department, where they explored the critical role of nurses in community health and the various public health initiatives underway. The day continued with a visit to Life Line Hospital, where students observed real-world healthcare delivery, patient care practices, and the operational aspects of hospital management. This combination of academic instruction and practical exposure provided a well-rounded introduction to the healthcare field, aligning theoretical learning with practical experience.

Mr. Sahil, Ms. Yasmen, and Ms. Harshita each conducted their respective classes, delivering lessons in their specialized subjects. Mr. Sahil focused on his area of expertise, while Ms. Yasmen and Ms. Harshita covered their own topics, providing a comprehensive understanding of the material to the students. Their collective efforts ensured a well-rounded educational experience.

Mr. Rahul and Ms. Nidhi Nain accompanied the students on their visit to Life Line Hospital. They guided the group through various departments, providing insights into hospital operations and patient care practices. Their presence ensured that students could relate classroom knowledge to real-world medical environments, enhancing their learning experience. The visit was both informative and engaging, offering students a valuable glimpse into the healthcare profession.

Mr. Firoz and Ms. Yasmeen led the students on visits to the Community Health Center (CHC) in Mawana and Kila Parikshitgarh. These visits provided students with practical exposure to rural healthcare settings, allowing them to observe community health services and the challenges faced in these areas. The experience deepened their understanding of public health initiatives and rural medical practices.

Dr. A.K. Chauhan, the Proctorial Board Head, addressed the new students, welcoming them to the institution and outlining the importance of discipline, integrity, and academic commitment. He emphasized the role of the Proctorial Board in ensuring a conducive learning environment and encouraged students to actively participate in their academic journey. Dr. Chauhan also highlighted the support systems available to students and urged them to approach challenges

with a positive mindset. His address set the tone for a successful and fulfilling academic experience.

Outcomes :

The outcomes of the day's activities were multifaceted and impactful. Students gained a deeper understanding of the healthcare system through practical exposure at various institutions, including Life Line Hospital and the Community Health Centres at Mawana and Kila

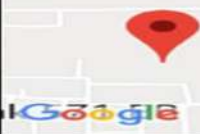

Parikshitgarh. The lectures and addresses, particularly from the Proctorial Head, reinforced the importance of discipline, academic integrity, and the application of theoretical knowledge in real-world settings. Interactions with faculty members like Mr. Sahil, Ms. Yasmeen, and others enriched the students' learning experience, making the connection between classroom instruction and practical application clearer. Overall, the day fostered a comprehensive understanding of both academic and professional expectations, preparing students for future challenges in their respective fields.

Closing remarks-description:

In closing, the day's activities provided students with valuable insights into both the academic and practical aspects of their education. The experiences at healthcare facilities, coupled with guidance from faculty and leadership, reinforced the significance of integrating theoretical knowledge with hands-on practice. The Proctorial Head's address emphasized the importance of discipline and academic integrity, setting clear expectations for the journey ahead. Overall, the day concluded on a positive note, with students feeling more prepared, motivated, and connected to their chosen fields of study.

Student Engagement	

Day -9 :

On Day 9 of Deeksharambh, the schedule starts with a visit to the local hospital, allowing students to gain practical exposure to medical settings. This is followed by a session on Intellectual Property Rights (IPR), where students are educated on the importance of protecting their innovations and understanding legal aspects. The day also includes lectures delivered by faculty members, covering key academic and professional topics relevant to the students' fields of study. These activities are designed to provide a comprehensive introduction to the various dimensions of their future careers.

Ms. Nidhi Nain, Mr. Ravikant, and Mr. Firoz visited LLRM Hospital as part of the orientation for students. They guided the students through various departments, providing insights into hospital operations and patient care. This visit was aimed at giving the students a firsthand understanding of the medical environment, enhancing their practical knowledge. The orientation helped bridge the gap between theoretical learning and real-world application in healthcare settings.

Ms. Zeba and Ms. Radhika delivered lectures on their respective subjects, providing in-depth knowledge and insights to the students. Their sessions focused on key concepts and practical applications within their fields, contributing to the students' academic development.

Mr. Sandeep Verma delivered a lecture on Intellectual Property Rights (IPR) and the Startup Cell, emphasizing the importance of protecting innovations and fostering entrepreneurial skills. He provided insights into how IPR plays a crucial role in safeguarding ideas and promoting startups. His session aimed to inspire students to explore new ventures while understanding the legal frameworks that support innovation.

Day-10 –

On the 10th day of Deeksharambh, the program transitions from orientation activities to the commencement of regular subject classes. Students are now introduced to their academic curriculum, marking the official start of their educational journey. Alongside classes, a special event is organized to showcase the diverse talents of the students. This talent show provides a platform for students to express their creativity, whether through music, dance, art, or other skills. It fosters a sense of community and encourages students to bond with their peers, setting a positive tone for the rest of their academic experience.

Mr. Sahil, Ms. Yasmeen, and Ms. Harshita each taught their respective subjects with great expertise on the 10th day of Deeksharambh. Mr. Sahil delivered a comprehensive lecture, laying a strong foundation for his subject. Ms. Yasmeen engaged the students with her interactive teaching style, making complex concepts easier to understand. Ms. Harshita infused energy into her lessons, encouraging active participation from the students. Each educator contributed significantly to the students' learning experience, ensuring a smooth transition into their academic journey.

Ms. Anju , Mr. Firoz, and Ms. Ridam each taught their respective subjects with dedication. provided a thorough understanding of her subject, helping students grasp the fundamentals with clarity. engaged the class with his dynamic teaching style, making the material accessible and interesting. brought enthusiasm to her lessons, encouraging active student participation and discussion. Together, they ensured that the students received a well-rounded and engaging introduction to their courses.

Ms. Anju, Mr. Ravikant, and Ms. Vishu organized a talent hunt where students showcased their talents through singing and dancing. The event was filled with energy as students performed passionately, displaying their creativity and skills. Each performance was met with applause, highlighting the diverse talents within the group. The talent hunt not only entertained but also fostered a sense of community and confidence among the students. The event was a memorable and inspiring part of the Deeksharambh program.

Ms. Nidhi Nain guided the students through an orientation to the labs, familiarizing them with the equipment and safety protocols. She provided a detailed overview of lab procedures, ensuring students understood the importance of maintaining a safe and organized workspace. Her explanations made the students comfortable and confident in using the lab facilities. The

orientation laid the groundwork for successful hands-on learning experiences. Students left the session prepared for their upcoming lab work.

OUTCOMES:

Students transitioned smoothly into their academic journey with the commencement of regular subject classes. The talent hunt allowed students to showcase their skills, boosting their confidence and fostering a sense of community. The day's activities helped students connect with their peers and faculty, enhancing their sense of belonging. Lab orientation provided by Ms. Nidhi Nain equipped students with the knowledge to safely and effectively use lab facilities. The combination of academic and extracurricular activities contributed to the overall growth and development of the students.

Closing remarks-description:

In closing, Day 10 of Deeksharambh marked a significant milestone in the students' academic journey. The day seamlessly integrated the start of formal classes with vibrant extracurricular activities, allowing students to both engage with their studies and express their unique talents. Through the dedication of faculty members and the enthusiasm of the students, the day fostered a supportive and dynamic learning environment. As the students move forward, they are better equipped and more confident, ready to embrace the challenges and opportunities ahead. This day truly set the stage for a successful and enriching educational experience.

introduction to the Mentor-Mentee System for Mrs. Bhumika:We're excited to introduce you to our Mentor-Mentee System, a program designed to support personal and professional growth, foster meaningful relationships, and promote a culture of guidance and knowledge-sharing.

What is the Mentor-Mentee System?

A structured program that pairs experienced individuals (Mentors) with those seeking guidance and support (Mentees)

Aims to facilitate learning, skill development, and career advancement

Key Components:

1. Mentor: An experienced individual who provides guidance, support, and expertise
2. Mentee: An individual seeking guidance, support, and knowledge
3. Regular Meetings: Scheduled interactions between Mentor and Mentee

4. Goal Setting: Collaborative goal setting and progress tracking
5. Feedback and Evaluation: Regular feedback and evaluation to ensure program effectiveness

Benefits:

1. Personalized guidance and support
2. Enhanced skill development and knowledge sharing
3. Improved confidence and self-awareness
4. Expanded professional network
5. Opportunities for leadership development

Roles and Responsibilities:

1. Mentor: Provide guidance, share expertise, and offer support
2. Mentee: Be open to learning, set goals, and actively participate
3. Program Expectations:
4. Regular communication and meeting attendance
5. Active listening and feedback

Mr. Ashish Verma Activity - Conduction of workshop/Seminar

Today, we're going to learn how to measure blood pressure accurately. Blood pressure is the force of blood pushing against the walls of arteries as the heart pumps. Measuring blood pressure is crucial for assessing cardiovascular health.

Step-by-Step Guide:

1. Prepare the Equipment:
 - Blood pressure monitor (sphygmomanometer)
 - Stethoscope
 - Cuff (appropriate size for the patient's arm)
2. Choose the Right Cuff Size:
 - Ensure the cuff is not too tight or too loose
 - Use a cuff that covers at least 80% of the upper arm
3. Position the Patient:
 - Sit comfortably with back support
 - Feet flat on the floor
 - Arm relaxed at heart level
4. Wrap the Cuff:
 - Place the cuff on the bare upper arm (about 1 inch above the elbow)
 - Center the cuff over the brachial artery

Day 4

The 4th day of the "Diksharambh" program in the Department of Pharmacy by Dr. Deepak Kumar might give to students about enrollment and examination procedures at IIMT University:

I wanted to take a moment to address a few important topics related to your academic journey here at IIMT University. Firstly, regarding enrollment, I want to remind you all that the enrollment process for the new semester is currently underway. Please ensure that you complete the enrollment formalities on time to avoid any last-minute hassles. If you have any questions or concerns, please don't hesitate to reach out to our enrollment team.

Moving on to examination procedures, I want to emphasize the importance of understanding the exam schedule and rules. Please familiarize yourself with the exam dates, timings, and venues. Also, make sure you know what materials are allowed and prohibited in the exam hall.

Additionally, I want to remind you all that exams are a crucial part of your academic assessment. I encourage you to prepare thoroughly and seek help from your faculty if you need it.

If you have any questions or concerns regarding enrollment or exams, please don't hesitate to reach out to us. We're here to support you in your academic journey.

Thank you, and I wish you all the best for the upcoming semester."

Introduction to Event:

The **Deeksharambh** [Orientation] of the Academic Year 2024-2025 for the newly admitted Diploma/Bachelor/postgraduate students organized by College of medical sciences, Department of Pharmacy on day Fifth day 27 August 2024 at the IIMT University, Ganga Nagar, Meerut.

Dr. Ekta Sharma delivered a lecture on personality development that captivated her audience with insightful perspectives. During her presentation, she emphasized the importance of self-awareness and personal growth as foundational elements for effective personality development. Dr. Sharma discussed various strategies, including setting clear goals, embracing positive habits, and continuously seeking self-improvement. Her engaging style and practical advice left a lasting impression on attendees, who found her insights both motivational and actionable. By the end of the lecture, Dr. Sharma had inspired many to take proactive steps towards enhancing their own personalities. Additionally, I provided some practical tips on improving interpersonal skills, such as active listening, empathy, and effective body language. I encouraged the students to practice these skills in their daily interactions to build stronger relationships and foster a positive environment.

It is with great respect and appreciation that I look back on the journey of our Anti-Ragging Squad. Reflecting on the past years, we can take pride in the strides we have made toward fostering a safe and respectful learning environment for all members of our institution.

Founding and Early Efforts

In the earlier years, our institution faced significant challenges related to ragging. Recognizing the severity of the issue and its impact on the academic experience, we took decisive steps to address it. The Anti-Ragging Squad was established with the mission of eliminating ragging and ensuring that every student could pursue their studies free from harassment and fear.

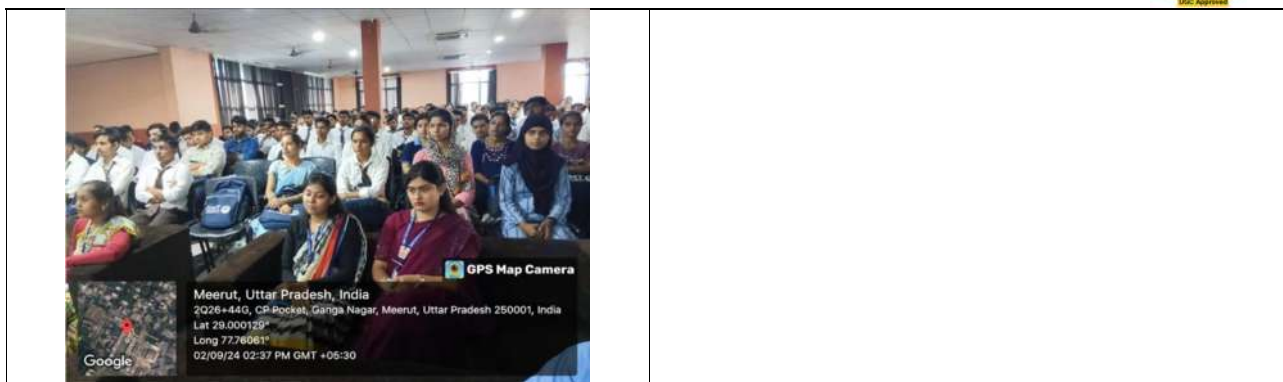

From the outset, the squad was tasked with not only responding to incidents but also proactively working to prevent them. This required a multifaceted approach, including establishing clear policies, setting up reporting mechanisms, and fostering a culture of awareness and respect.

Key Achievements

The Anti-Ragging Squad made notable progress in various areas over the years:

- Policy Implementation and Enforcement:** One of the squad's significant achievements was the development and implementation of a comprehensive anti-ragging policy. This policy outlined clear guidelines and procedures for addressing incidents of ragging, and the squad ensured that these guidelines were communicated effectively to the entire student body.
- Effective Reporting Systems:** The squad established a confidential and accessible reporting system that allowed students to report incidents of ragging without fear of retribution. This system played a crucial role in bringing issues to light and enabling prompt action.

DAY-9

Department Name	Department of pharmacy
Event Name	Induction and Orientation Program 2024-25
Event Date	23/08/24
Number of Days	9
Venue	IIMT College of Pharmacy (Block-C), Seminar Hall.
Participants	Students/Faculty/Staff
Student Engagement	107

Introduction to Event:

The **Deeksharambh** [Orientation] of the Academic Year 2024-2025 for the newly admitted Diploma/ Bachelor/postgraduate students organized by College of medical sciences, Department of Pharmacy on day third 3rd September 2024 at the IIMT University, Ganga Nagar, Meerut.

Today, the students visited the Herbal Garden and explored an impressive array of medicated plants. As they wandered through the lush greenery, they marveled at the variety of plants that had been carefully cultivated for their therapeutic properties. They learned about the historical and modern uses of each plant, from ancient remedies to contemporary treatments. The guide explained how certain herbs had been utilized for centuries to alleviate various ailments, and the students were intrigued by the rich knowledge embedded in each plant's history. They observed the vibrant colors and diverse shapes of the plants, noting how each one contributed uniquely to the garden's overall ecosystem. The visit provided a hands-on lesson in botany and herbal medicine, leaving the students with a newfound appreciation for the natural world and its healing potential.

DAY-1

The "Deeksharambh" program at the School of Agricultural Sciences was inaugurated on August 21, 2024. The event began with the Dean and faculty members offering flowers to Maa Saraswathi, followed by a warm welcome to the newly admitted students. The day's agenda included the following:

1. Keynote Speeches:

Hon'ble Chancellor Sir: Delivered an inspiring address, underscoring the value of education and the vast opportunities awaiting the students in their academic journey.

Hon'ble Pro-Chancellor Sir: Offered words of encouragement, emphasizing IIMT University's pivotal role in nurturing future leaders.

Hon'ble Vice-Chancellor Madam: Spoke with passion about the university's dedication to excellence and the comprehensive development of its students.

2. **Dr. Navneet Sharma**, Dean of Life Sciences and Technology, offered a comprehensive introduction to IIMT University. He highlighted the university's mission to foster innovation and excellence, and its vision to become a global educational leader. Dr. Sharma detailed the diverse academic programs, emphasizing the holistic approach of the Department of Physical Education, which integrates state-of-the-art facilities and expert faculty to promote both physical and mental well-being.

3. **Dr. Rajbir Singh**, Dean of the School of Agricultural Sciences, provided an enlightening introduction to both IIMT University and the School of Agricultural Sciences. He began by outlining the university's commitment to academic excellence, innovation, and societal impact. Dr. Singh then focused on the School of Agricultural Sciences, emphasizing its mission to advance agricultural education and research through a blend

of traditional knowledge and modern techniques. He shared the School's vision of cultivating knowledgeable, skilled, and innovative leaders who will drive the future of agriculture, ensuring food security and sustainable practices. This introduction offered students a comprehensive understanding of their academic journey and the impactful role they can play in the agricultural sector.

4. **Ashwani Kumar Tyagi** delivered an in-depth presentation on agriculture, discussing its foundational principles and future prospects. He emphasized the importance of innovation and sustainable practices in shaping the future of agriculture, inspiring students to explore opportunities within the field.

5. **Dr. Harish Kumar** provided students with a detailed overview of the university's ERP system, emphasizing its critical role in streamlining academic and administrative processes. He explained the various functionalities of the system, including course registration, attendance tracking, grade management, and access to important academic resources. He also highlighted the importance of the ERP system in enhancing communication between students, faculty, and administration, ensuring a smooth and efficient academic experience for all.

Deeksharambh - Day 2:

1. On the second day of the "Deeksharambh" program in the Department of School of Agricultural Sciences Dr. Deepak Sidhu delivered a lecture. He provided newly admitted students with comprehensive information regarding examination rules and the creation of ABCD IDs.

- 2. Traditional Tilak Ceremony:** The faculty of agriculture warmly welcomed the new students with a traditional tilak ceremony, an age-old practice symbolizing respect and the auspicious beginning of their academic journey. Faculty members applied the tilak, a mark of good fortune, on the foreheads of the students, signifying their official entry into the university community. The ceremony, conducted with reverence, set a positive and encouraging tone for the new students, making them feel valued and integrated into the university's culture.

- 3. Campus Tour:** A comprehensive campus tour was organized to familiarize new students with the university's extensive facilities. Led by Dr. Deepak Kumar Verma, Er. Amit

Singh, and Mr. Anurag Rajput, the tour covered key locations such as academic buildings, laboratories, sports complexes, and student services centers. As they navigated through the campus, the guides provided insightful commentary on the history, purpose, and significance of each facility, helping students understand the resources available to them and how to best utilize these during their time at the university.

4. **Library Tour:** Dr. Vibha Yadav, Dr. Vineet Kumar, and Dr. Mohit Kumar conducted a guided tour of the university library, introducing new students to one of the most vital academic resources on campus. They showcased the library's vast collection of books, journals, and digital resources, and explained how to access and utilize these materials for their studies. The tour also included a demonstration of the library's online catalog system, study spaces, and specialized research sections, ensuring that students were well-equipped to take full advantage of the library's offerings.

5. **Lecture on Bridge Course in Statistics:** Dr. Sangmitra delivered an engaging lecture on the Bridge Course in Statistics, designed to equip students with the essential statistical knowledge and skills needed for their academic programs. The lecture covered fundamental concepts, tools, and techniques in statistics, with a focus on practical applications relevant to agricultural sciences. Dr. Sangmitra's clear explanations and real-world examples helped demystify the subject, making it accessible and interesting for students, regardless of their prior background in statistics.

Deeksharambh - Day 3:

On the third day of the "Deeksharambh" program at the School of Agricultural Sciences, several key sessions were conducted to further enrich the students' understanding and skill set.

1. The program kicked off with an engaging session on **Personality Development Skills** by **Dr. Ekta Sharma**. Through interactive discussions and activities, **Dr. Ekta Sharma**

emphasized the importance of self-awareness, effective communication, and emotional intelligence in both personal and professional spheres. Her session aimed at equipping students with the tools necessary to navigate the challenges of their academic journey and future careers with confidence and poise.

2. The day also included a comprehensive laboratory visit, where **Dr. Amirtanshu, Dr. Ritu Batra, Dr. Vijay Kumar, and Er. Amit Singh** guided the students through various laboratories, including those focused-on **Biotechnology, Genetics and Plant Breeding, and Engineering**.

3. **Dr. Mohammad Rizwan** delivered a keynote address on **Introduction to Entomology: Future Prospects**, highlighting the potential career paths and research opportunities in the field of entomology.

4. **Dr. Rajkumar, Dr. Harish Kumar, and Dr. Jyoti** provided a thorough overview of the **rules and regulations** governing the School of Agricultural Sciences, ensuring that the students are well-informed about the academic and disciplinary standards.

5. **Dr. Shubham** then delivered a comprehensive lecture on **Extension Education**, where he highlighted the importance of extending agricultural knowledge to farmers and rural communities.

6. The day ended with a visit to Rishigram, led by **Dr. Raj Kumar, Dr. Ashwani Kumar Tyagi, Dr. Ravi Singh Thapa, Dr. Vibha, and Dr. Mohit**. This visit offered students a valuable opportunity to witness agricultural practices firsthand, solidifying the concepts they had learned in the classroom.

Outcomes

On the third day of "Deeksharambh," students enhanced their personal and professional skills, gained practical laboratory experience, explored career opportunities in entomology, understood school rules, expanded their knowledge in Extension Education, and observed real-world agricultural practices during a visit to Rishigram, solidifying their academic foundation.

Closing remarks-description

The third day of "Deeksharambh" successfully enriched students' personal skills, academic knowledge, and career awareness. The comprehensive sessions and hands-on experiences provided a well-rounded understanding of both theoretical concepts and practical applications in agriculture, preparing students for future challenges.

Deeksharambh - Day 4:

The fourth day of the orientation program for the new batch at the School of Agricultural Sciences was a comprehensive blend of academic introductions, value-based discussions, and hands-on experiences. The day was designed to provide students with insights into their academic journey while reinforcing the importance of human values and entrepreneurship in their professional growth.

1. **Dr. Vijay Kumar** led a session emphasizing the integration of ethical practices and universal values into everyday life. He also discussed the value-added courses offered by the department, which equip students with essential skills beyond their core curriculum.

2. **Dr. Ashwani Kumar Tyagi** conducted a lecture introducing the fundamental concepts of Genetics and providing an overview of the course structure. He highlighted the importance of Genetics in agricultural sciences.

3. **Dr. Bishal Kumar Misra** delivered a lecture on Agronomy, offering insights into this vital subject within agricultural sciences.

4. **Shubham Singh** led a session on Entrepreneurship Development in Agriculture, discussing opportunities for innovation and business development in the agricultural sector. His session aimed to inspire students to think creatively about contributing to the industry through entrepreneurship.

5. Visits to the departments of Horticulture, Soil Science, and Agronomy were organized, led by **Dr. Amirtanshu, Dr. Mohit, Mr. Anurag Rajput, and Dr. Bishal Kumar Misra**. These visits provided students with practical exposure to tools and techniques used in agricultural research.

6. **Dr. Raj Kumar** conducted a Mentor-Mentee Introduction Session and ERP orientation, where students were grouped with their respective mentors. This session fostered a sense of community and support within the department, ensuring guidance throughout their academic journey.

Outcomes

Students were introduced to ethical practices, foundational concepts in Genetics and Agronomy, and opportunities in agricultural entrepreneurship. They gained practical research skills through departmental visits and were paired with mentors for ongoing support. The sessions enriched their knowledge and prepared them for innovation and excellence in agricultural sciences.

Closing remarks-description

The day's sessions provided a comprehensive blend of ethical grounding, academic insights, and practical exposure, equipping students with the essential tools for their academic and professional journey in agricultural sciences. The emphasis on mentorship, innovation, and hands-on experience underscored the commitment to holistic education, ensuring that students are well-prepared to excel and contribute meaningfully to the agricultural sector.

Deeksharambh - Day 5

The fifth day of the "Deeksharambh" program in the School of Agricultural Sciences featured a series of engaging sessions and activities aimed at broadening the students' understanding of agricultural sciences and its future prospects. The day's events were well-curated, ensuring a balance between theoretical knowledge, practical application, and interactive activities.

Central Activity by Chief Proctor The day began with a central activity led by Dr. A. K. Chauhan, the Chief Proctor. This session focused on the importance of discipline and integrity in academic life. Dr. Chauhan emphasized the role of students in maintaining the standards of the institution and encouraged them to adhere to ethical practices in their academic pursuits.

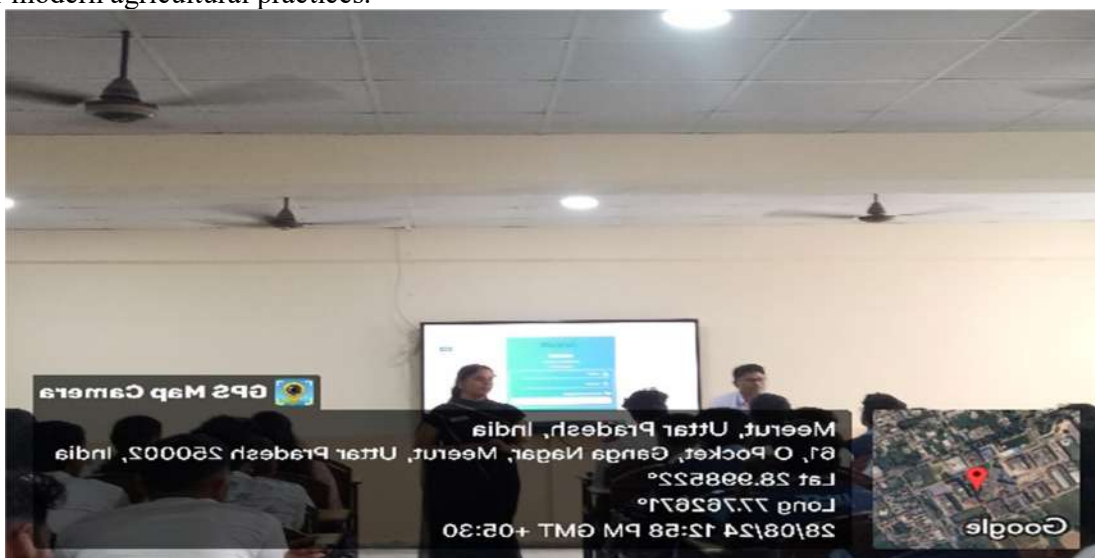

IKS/NEP Discussion Following the central activity, a session on the Indian Knowledge Systems (IKS) and the National Education Policy (NEP) was conducted by the Head of the Department (HOD). The HOD discussed how integrating traditional knowledge with modern practices can lead to innovative solutions in agriculture.

Agricultural Farm Visit Students then participated in a field visit to the departmental agricultural farm, where they were guided by **Dr. Amirtanshu, Dr. Mohit, Mr. Anurag Rajput, and Mr. Bishal Kumar Mishra**. The visit offered students a practical understanding of farm management, crop production techniques, and the application of modern agricultural technologies.

IPR/Bridge Course on Computer Fundamentals Post-lunch, the students attended a session on Intellectual Property Rights (IPR) and a bridge course on the fundamentals of computers, conducted by **Dr. Jyoti**. This session was designed to equip students with essential knowledge about protecting innovations in agriculture and enhancing their computer skills, which are crucial for modern agricultural practices.

Introduction to Plant Breeding and Future Prospects **Dr. Ravi Singh Thapa** led an insightful session on plant breeding, discussing its future prospects. He elaborated on the importance of plant breeding in ensuring food security and the development of new crop varieties.

Recreational Games The day concluded with recreational activities, where students participated in various games organized by **Dr. Ashwani Kumar Tyagi** and **Dr. Vineet Kumar**. These activities provided a refreshing break from the intensive sessions and fostered camaraderie among the students.

Outcomes

The program outcomes included strengthened academic integrity, innovative thinking through IKS/NEP integration, practical agricultural experience from farm visits, and enhanced skills in IPR and computer fundamentals. Additionally, students gained a broader perspective on plant breeding's future role and enjoyed increased camaraderie through recreational activities.

Closing remarks-description

In closing, the Chief Proctor's address emphasized discipline and integrity, while discussions on IKS/NEP highlighted the fusion of traditional and modern practices. The farm visit provided hands-on agricultural insights, and sessions on IPR and computer skills enhanced practical knowledge. Plant breeding insights and recreational games enriched the overall experience, fostering both academic and personal growth.

DAY-6

The sixth day of the 'Deeksharambh' program offered students a balanced mix of academic and extracurricular activities, aimed at fostering holistic development.

Bridge Course on Human Values: Dr. Renu Aggarwal led a session on Human Values, emphasizing ethics and moral principles, encouraging students to reflect on their personal and professional aspirations.

Incubation/Startup Session: Mr. Vaibhav Sharma introduced students to entrepreneurship in agriculture, discussing how to turn innovative ideas into successful startups.

3. Laboratory Visits: Students visited three labs:

a. **Pathology Lab:** Dr. Harish Kumar guided them through plant pathology techniques.

b. **Entomology Lab:** Dr. Mohammad Rizwan highlighted the role of insects in agriculture.

- c. **Dairy Science Lab:** Dr. Rajkumar showcased advancements in dairy production.
- 4. Student Aspirations and Family Expectations:** Dr. Vibha, Dr. Deepak led a discussion on aligning student goals with family expectations.

- 6. Lecture/Bridge Course on Mathematics:** Dr. Sandeep conducted a session to strengthen students' understanding of mathematics, bridging gaps in knowledge.

7. Cultural Activity –: The day ended with a vibrant game, bringing an energetic close to the day’s activities. Students actively participated, showcasing their competitive spirit and creativity.

Outcome

The day's sessions fostered a deeper understanding of human values, entrepreneurship, and technical skills in pathology, entomology, and dairy science. Discussions on aligning aspirations with family expectations and a bridge course in mathematics further enriched the students' knowledge. The day concluded with a lively Rangoli and painting competition, highlighting creativity and teamwork.

Closing remarks-description

In closing, the day's activities successfully blended academic learning with creative expression, fostering a well-rounded experience for the students. The sessions on ethics, entrepreneurship, and technical skills, along with vibrant cultural activities, equipped students with valuable insights and encouraged them to pursue their goals with enthusiasm and confidence.

03:00 PM - 04:00 PM	visit honey bee unit	Departmental Activity	Dr Mohammad Rizwan

09:30 AM - 10:25 AM: Keynote on Future Build-Up with Agriculture-

The day commenced with a keynote address by **Dr. Rajbir Singh**, who emphasized the pivotal role of agriculture in shaping the future. **Dr. Rajbir Singh** highlighted the need for integrating modern technologies and sustainable practices to ensure the growth and resilience of the agricultural sector. His talk provided students with a visionary perspective on the future of agriculture, inspiring them to think critically about the industry's evolving landscape.

10:25 AM - 11:20 AM: Introduction of Genetics: Future Prospects-

Dr. Ravi Singh Thapa delivered an engaging lecture on the future prospects of genetics in agriculture. He discussed the potential of genetic research to revolutionize agricultural practices by improving crop yields, enhancing disease resistance, and contributing to global food security. Dr. Thapa's session offered students a deeper understanding of the critical role genetics will play in the future of agriculture.

11:20 AM - 01:00 PM: Lecture/Bridge Course (English)-

Following the session on genetics, **Mrs. Akhansha Sharma** conducted a lecture as part of a bridge course on English. This session aimed at enhancing students' language proficiency, focusing on both written and verbal communication skills. Mrs. Sharma emphasized the importance of English as a global language and its relevance in academic and professional settings. The course provided students with the tools necessary to improve their command of the language, which is essential for their academic success and future careers.

02:00 PM - 03:30 PM: Outreach Program (USR/UBA)-

Post-lunch, Dr. Vibha Yadav led an Outreach Program under the Unnat Bharat Abhiyan (UBA) and Unnat Shiksha Rachna (USR) initiatives. The program focused on involving students in community development projects, promoting a sense of social responsibility, and encouraging them to contribute to rural development. Dr. Yadav's guidance helped students understand the significance of these initiatives in bridging the gap between urban and rural areas.

03:00 PM - 04:00 PM: Visit to the Honey Bee Unit-

The day's activities concluded with a visit to the honey bee unit, supervised by Dr. Mohammad Rizwan. Students were introduced to the fundamentals of beekeeping, including the role of bees in pollination and honey production. This practical session provided valuable insights into the importance of bees in maintaining ecological balance and supporting agricultural productivity.

DAY-9 SESSION REPORT

The ninth day of the orientation program at the School of Agricultural Sciences continued to immerse students in a series of insightful and educational departmental activities, emphasizing the diverse fields within agriculture.

09:30 AM - 10:25 AM:

Introduction to Agronomy: Future Prospects

The day began with a session on "Introduction to Agronomy: Future Prospects," led by Dr. Bishal Kumar Mishra and Dr. Vibha. The session offered students a comprehensive overview of agronomy, emphasizing its critical role in sustainable agricultural practices. The discussion highlighted future opportunities and challenges in the field, inspiring students to explore the various dimensions of agronomy.

10:25 AM - 11:20 AM: NPTEL/SPOKEN

Following the agronomy session, Dr. Raj Kumar conducted a session on NPTEL/SPOKEN. This segment aimed to familiarize students with online educational resources, focusing on enhancing their learning experience through digital platforms. The session underscored the importance of self-paced learning and the benefits of utilizing NPTEL and SPOKEN resources for academic advancement.

11:20 AM - 12:15 PM: Mentor-Mentee Groups Introduction Within the Group

In an interactive session led by Dr. Vijay Kumar, Dr. Ravi Singh, Dr. Mohit, and Dr. Amirtanshu, students were introduced to their mentor-mentee groups. This activity fostered a sense of community and support among the students, laying the groundwork for collaborative learning and mentorship throughout their academic journey.

12:15 PM - 01:00 PM: Introduction to Horticulture: Future Prospects

Dr. Mohit and Dr. Rajbir Singh led the session on "Introduction to Horticulture: Future Prospects," which provided an in-depth look at the field of horticulture. Students learned about the significance of horticulture in global food security and the potential career paths within this vital agricultural sector.

02:00 PM - 03:30 PM: Introduction to Soil Science: Future Prospects

After a short break, the program resumed with a session on "Introduction to Soil Science: Future Prospects," conducted by Mr. Anurag. This session focused on the fundamental role of soil science in agriculture, exploring various soil management practices and their impact on crop productivity. Students gained a deeper understanding of the importance of soil health in sustainable farming.

03:00 PM - 04:00 PM: Cultural Activity - Rangoli, Painting, Quiz Competition

The day's activities concluded with a vibrant cultural session where students participated in Rangoli, painting, and quiz competitions. This segment, facilitated by all Agricultural Faculty, provided a creative outlet for students, encouraging teamwork and cultural expression. The friendly competitions fostered a sense of camaraderie among the participants, bringing the day to a joyful close.

Overall, Day 9 of the orientation program was a blend of academic rigor and cultural engagement, ensuring that students not only gained valuable knowledge but also enjoyed a well-rounded experience.

Outcome-

Students gained valuable insights into future opportunities in agronomy and soil science. They familiarized themselves with the NPTEL/SPOKEN resources, which are essential for enhancing their learning and skills. Mentor-mentee relationships were effectively established, fostering communication and support. The cultural activities, including Rangoli, painting, and quiz competitions, successfully promoted creativity, teamwork, and student engagement.

Closing remarks-description:

The day's activities were summarized, highlighting the students' active participation and engagement in each session. The facilitators emphasized the importance of the knowledge and skills gained, encouraging students to apply these learnings in their academic journey. The cultural activities were praised for fostering creativity and camaraderie among the students. The day concluded with a note of appreciation for the faculty's efforts and the students' enthusiasm, setting a positive tone for the upcoming days of the orientation program.

Outcomes:

The eighth day of the orientation program has provided them with valuable information and resources that will assist them in their journey towards becoming skilled professionals in the field of arts and humanities. We encouraged new budding students to take full advantage of the opportunities available to them, to explore their passions and interests within the industry, and to approach their studies with enthusiasm and a commitment to excellence. Best of luck in academic journey, and we look forward to seeing all that they will achieve as part of our department.

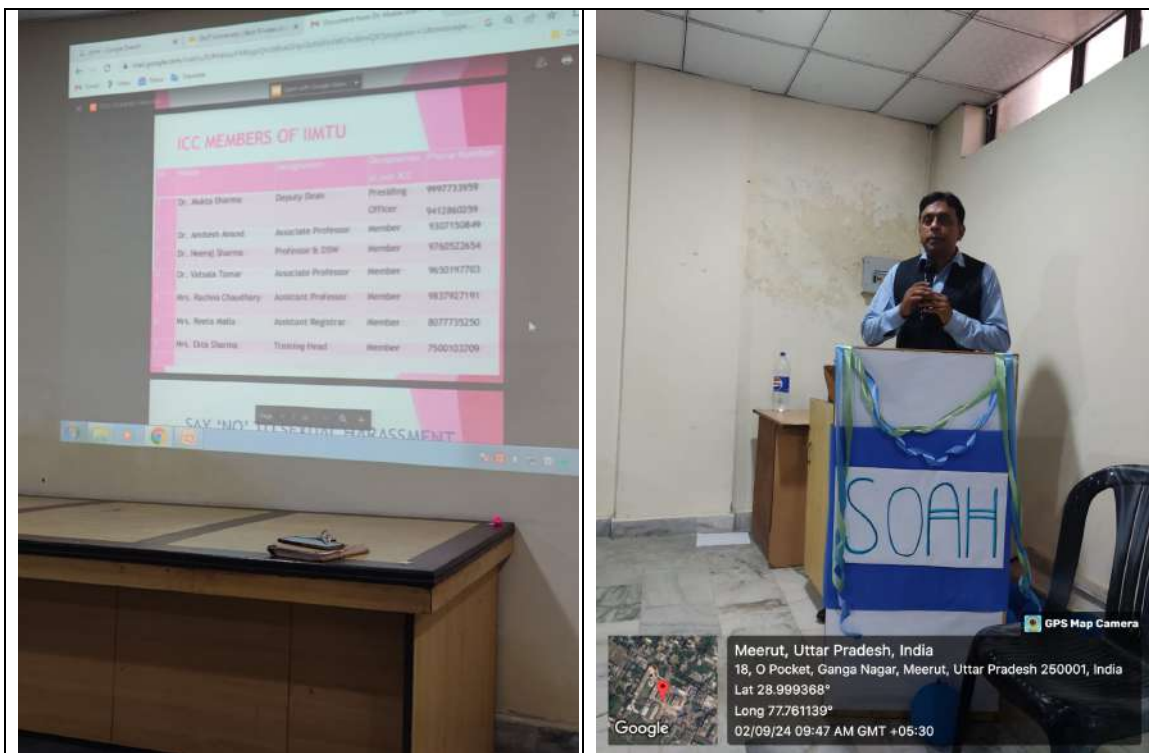

Closing remarks-description:

On the eighth day of Deekshaarambh, the School of Arts & Humanities successfully conducted an engaging and informative session for the new students. The event comprised various key points, including:

5. USR: Dr. Sanjeeb Kr Mishra
2. Internal complaint comitee: Dr. Mukta Sharma
3. Emergence of sociology: Dr Mahesh
4. Motivational session: Dr Poonam Sharma
5. Fun game: Ms Neha Rathi
6. 30 Students reported

Introduction to Event:

An Orientation program was conducted by School of Basic Sciences & Technology for new students of 2024-25 batch. It was organized on 21 August 2024 in B Block. Coordinators of the event were Dr.SurbhiArya and Dr.RenuAgarwl. Students were welcomed by Dr.SurbhiArya and Dr.RenuAgarwal and students were introduced to the University by Dr.SurbhiArya. She told them as students navigate their time here, remember that university life is about balance. While academics are important, we also encourage students to take time for personal growth and self-care. Explore new interests, take risks, and don't be afraid to step out of their comfort zone.

A motivational message by Chancellor Sir encouraged students for in achieving vision and mission of University.

WelcomeandIntroductiontoUniversity

Event started with the blessings of Hon'ble Chancellor Sir, Pro-Chancellor Sir and Vice-Chancellor Mam. They encourage the students by their words. Every challenge student's face is an opportunity to grow, to learn, and to become a better version of yourself. Hard work of students and dedication will pay off, and I am confident that students will achieve great things. Keep pushing forward, stay curious, and continue to strive for excellence. The future is bright, and it belongs to those who dare to dream and work towards their aspirations.

Departmental activity by Dean Sir, Prof. (Dr.) A. K. Chauhan

Dean Sir, Prof. (Dr.) A. K. Chauhan said that,as we approach a critical time in the academic year, I want to take a moment to encourage all the students to stay focused and committed to their studies. The effort students put in now will lay the foundation for their future success, and I believe in the ability of students to rise to the occasion.

Departmental activity By Dr. BhaskerGarg

Dr. BhaskerGarg, a professor of chemistry, delivered a lecture about the importance of chemistry in daily life. He said that cooking is essentially a series of chemical reactions. For instance, when you bake bread, the yeast ferments sugars, producing carbon dioxide that makes the dough rise. The Maillard reaction between amino acids and reducing sugars gives browned food its distinctive flavour. These are made from chemical compounds that break down oils and fats, making it easier to clean surfaces and fabrics. The surfactants in detergents reduce the surface tension of water, allowing it to mix with oil and dirt.

ERP (Enterprise Resource Planning)

Mr. Ashwani Sharma, (ERP Coordinator of SoBST) informed the students about ERP and discussed its importance. ERP systems consolidate data from various departments such as finance, human resources, supply chain, and customer service into a single, integrated platform. This eliminates data silos and ensures that everyone in the organization works with the same information. ERP systems are vital for modern businesses as they enhance efficiency, improve data accuracy, enable better decision-making, and ultimately contribute to the organization's overall success.

Cultural activity

Dr. Renu Agarwal, a professor of chemistry and cultural activities coordinator of SoBST, discussed about culture and told the students about the importance of cultural activities. She said that cultural activities play a vital role in the development of individuals and communities. Here are several reasons why they are important. Cultural activities help preserve and promote the traditions, customs, and values that define a community or society. By participating in these activities, individuals connect with their cultural roots and develop a stronger sense of identity.

4.	Dr.BhaskerGarg	Assistant Prof.	SoBST	7533965232

Outcomes:

- 1) Familiarity with IIMT University and its available resources.
- 2) Students will learn about the university's academic policies.
- 3) Achievements of the university
- 4) Familiarity with operations of ERP, placement cell.
- 5) Students will be introduced to the university's culture, values, and traditions.

Closing remarks-description:

The orientation program ensures that students are well-prepared to begin their university experience with confidence, enthusiasm, and a strong foundation for success. It acts as a path for their future growth in the university.

About the Event:

The Deeksharambh program offers several benefits to students, particularly those transitioning into higher education from diverse and often disadvantaged backgrounds. Here are some of the key benefits:

- 1.**Deeksharambh provides structured orientation programs that help students understand the academic and social environment of their institution, reducing anxiety and helping them settle in more comfortably.
- 2.**The program offers foundation courses in essential subjects, ensuring that students have the required knowledge and skills to succeed in their chosen fields of study.
- 3.**Students receive guidance on effective study techniques, time management, and exam preparation, which are crucial for academic success.
- 4.**For students who may struggle with the medium of instruction, particularly in English, Deeksharambh offers language courses to improve their proficiency and confidence.
- 5.**The program includes workshops focused on enhancing students' communication skills, which are essential for academic presentations and interactions.

Deeksharambh - Day 2

Lecture - Controller of Examination (COE)

Second day of orientation program was started with the talk of Dr. Deepak Siddhu (COE of IIMT University). He addressed to the students about importance of examinations and about the manners of examinations. He said that examinations play a critical role in education and various other fields. Exams provide a way to measure how well students have understood the material. They assess the knowledge and skills acquired over a period of time. Through exams, students and educators can identify areas of strength and areas needing improvement, guiding future learning efforts.

Lecture - Dean of Student Welfare (DSW)

Students were told about the Dean of Student Welfare (DSW) by Dr. Neeraj Sharma. He said that DSW plays a crucial role in the well-being and overall development of students within an educational institution. The DSW acts as an advocate for students, addressing their concerns and ensuring their needs are met. This includes everything from academic challenges to personal issues. The DSW is often involved in resolving conflicts between students or between students and faculty, ensuring a fair and supportive environment.

Lecture on Human values

Dr. Renu Agarwal taught students about human values not only in student life but our daily life also. She said that human values are fundamental beliefs that guide our behaviour, decisions, and interactions with others. They are essential for creating a harmonious and just society. Human values like honesty, integrity, and fairness serve as a moral compass, guiding individuals to make ethical decisions in their personal and professional lives. Adhering to values ensures that people act consistently, which builds trust and reliability in relationships and communities.

Lecture on sports activity

Dr. Sandeep Kumar taught students about importance of sports in student life. Sports play a vital role in student life, contributing to physical health, personal development, and academic success. Participating in sports ensures that students engage in regular physical activity, which is essential for maintaining good health and fitness. Sports promote a healthy lifestyle by encouraging habits such as proper nutrition, regular exercise, and adequate sleep, helping students avoid health issues like obesity and stress.

Lecture on communication language (English)

Dr. Priti delivered a lecture about importance of communication with english language in the field of education as well as daily life. The English language holds significant importance in various aspects of life, from education and career opportunities to global communication and cultural exchange. English is the most widely spoken language in the world, with over 1.5 billion people using it as a first or second language.

Lecture on general Mathematics

Mr. YatinAdhana told about general mathematics and natural numbers to the students. the study of quantity, structure, order, and arrangement, and is considered by some to be the only true pure science. It's evolved from counting, measuring, and describing the shapes of objects, and has existed almost as long as humans.

Day 3

Department Name	School Basic Sciences & Technology
Event Date	23/08/2024
Number of Days	3
Venue	Block B
Participants	B.Sc. I and M.Sc. I year students
Student Engagement	22

About the Event:

Deeksharambh is an induction program designed for newly admitted students in educational institutions, particularly in higher education. The term "Deeksharambh" comes from Sanskrit, meaning the beginning of a journey, particularly in the context of learning and education.

The program aims to help new students transition smoothly into their academic life. It introduces them to the institution's culture, ethos, and values. Deeksharambh often includes a range of activities such as orientation sessions, interactions with faculty, workshops on life skills, and exposure to the academic environment.

Key objectives of Deeksharambh include:

1. Helping students get acquainted with the campus, facilities, and resources available to them.
2. Offering sessions on physical, emotional, and mental well-being to ensure students are prepared for the challenges of higher education.
3. Facilitating interactions between new students, seniors, faculty, and staff to create a supportive community.
4. Introducing students to the academic curriculum, teaching methods, and assessment patterns to set the right expectations.

Deeksharambh is an essential initiative in fostering a positive and engaging start to a student's academic journey, ensuring they are well-prepared and motivated to succeed in their studies.

Deeksharambh - Day 3

Third day was started with a welcoming note by Dean Sir, Prof. (Dr.) A. K. Chauhan.

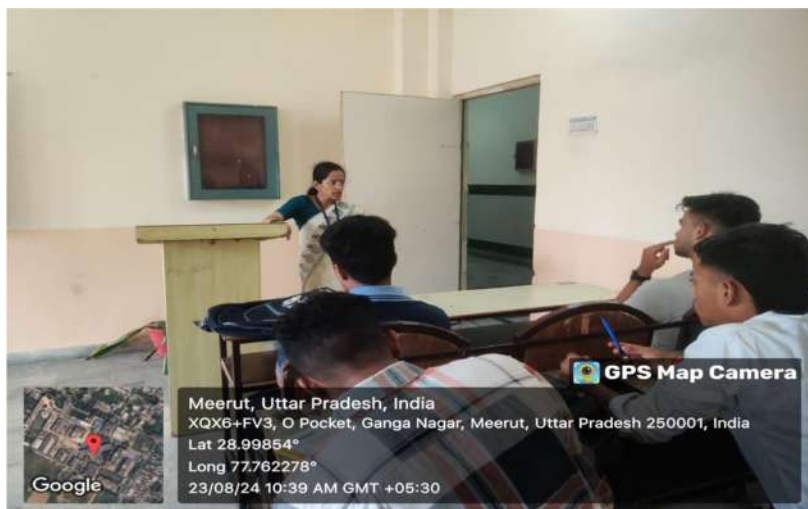

Lecture on personality development

Third day of orientation program was started with a talk on importance of personality and how to develop a vibrant personality. The spoke person was Dr.Ekta Sharma. She discussed with the students that personality refers to the unique and consistent patterns of thinking, feeling, and behaving that distinguish individuals from one another.

Departmental activity (Value added course)

Dr.Sanghmitra Sharma taught students about importance of value added courses along with curriculum. She said that value added courses enhance their employability and competitiveness. Such type of programs can help students acquire additional additional skills and qualifications that are relevant and in demand in the job market. By gaining additional qualifications and certifications, students become more attractive to employers.

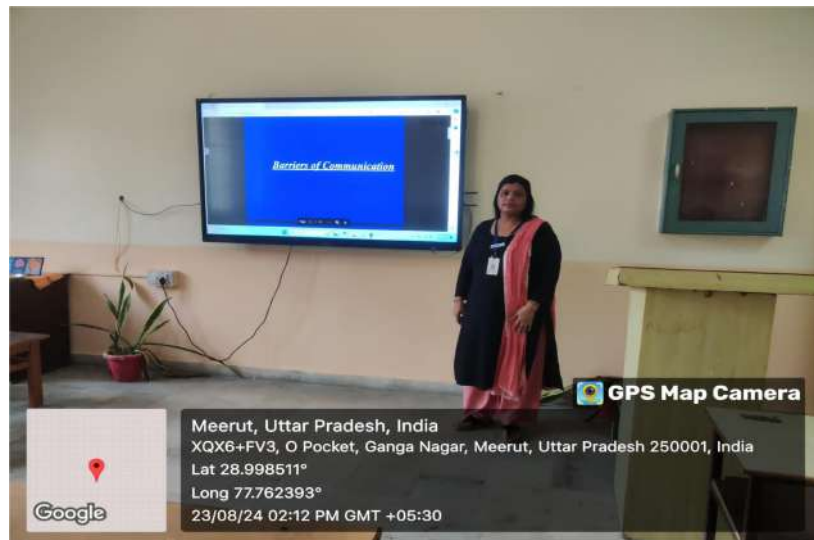

Departmental activity (Bridge course, Chemistry/Statistics)

Students were told about the chemistry in day to day life of humans by Dr.RenuAgarwal. She discussed chemistry of things which are useful in our daily life such as sanitizers, products which are containing chemicals like alcohol, chlorine, or quaternary ammonium compounds that kill or inhibit the growth of bacteria and viruses, keeping surfaces and hands clean. Perfumes are complex mixtures of aromatic compounds that are carefully blended to create a specific scent, often involving synthetic and natural chemicals etc.

Departmental activity (English)

Dr.Priti delivered a lecture about the importance of English language in the field of education as well as daily life. She said that Language is fundamental to communication, serving as the primary medium through which humans convey ideas, emotions, and information. Its importance in communication is multifaceted, impacting personal, social, and cultural interactions. The English language holds a significant place in the world today for several reasons, impacting various aspects of global communication, education, business, and culture.

Departmental activity (Mathematics)

Dr. B. K. Chauhan told about natural numbers and its importance in mathematics. He said that natural numbers, typically represented as the set $\{1, 2, 3, 4, \dots\}$, are the most basic and fundamental numbers in mathematics. They hold significant importance across various aspects of mathematics, science, and everyday life.

Departmental activity (Bridge course, Physics)

Mr. Ashwani Sharma (Assistant Professor in SoBST) taught students about understanding of universe by the basic laws of physics. He said that Physics seeks to understand the basic laws that govern the universe, from the smallest subatomic particles to the largest galaxies. Concepts like gravity, electromagnetism, and quantum mechanics are central to our understanding of how everything in the universe operates. Physics plays a crucial role in studying the origins, structure, and evolution of the universe. Through physics, we can understand phenomena such as black holes, the Big Bang, and the expansion of the universe.

AbouttheEvent:

One of the most difficult phases of a student's life is the transition from school to university or college life. New students bring a variety of perspectives, experiences, and readiness to an institution. They enter a strange and new setting, and the majority of them know very nothing about colleges or universities. Thus, welcoming new students to higher education and assisting them in assuming their new roles is a crucial responsibility.

The majority of universities don't do much these days aside from a two-day orientation program. The purpose of student induction is to support the whole procedure. It should thus be regarded seriously and as more than just an orientation course.

The goal of the Deeksharambh - Student Induction Programme is to assist incoming students in settling in and becoming comfortable with their new surroundings, as well as to in still in them the institution's values and culture, foster relationships between them and the faculty, and introduce them to the idea of a greater purpose and self-discovery.

Lecture on Placement

Fourth day of orientation program was started with a talk on importance of Job Placement and how to can get a good job with high salary. The spoke person was Mr. Surendra Chauhan. He discussed that the primary goal of the placement cell is to facilitate the employment of students by providing a platform for colleges and institutes to connect with potential employers. He said students will have to develop soft and hard skill for getting good job.

Physics lecture

Dr. Dharmendra Sisodia delivered a lecture on basic principles of physics. Planck's work began with the problem of blackbody radiation, which refers to the way an idealized physical body absorbs and emits radiation. Classical physics couldn't explain why the spectrum of blackbody radiation deviated at shorter wavelengths, a problem known as the "ultraviolet catastrophe."

Central Activity (Sports Officer)

Sports officer Mrs. Anshu said sports play a vital role in individual development, community building, and society at large. Teams sport teach cooperation, communication, and how to work effectively with others toward a common goal. IIMT University offers a wider range of sports facilities that encourage students to maintain an active lifestyle and participate in various sports. The university provides both indoor and outdoor sports facilities, including football, cricket, basketball, volleyball, badminton, table tennis, swimming, and more. Students are encouraged to engage in sport events and physical activities, which are integrated into the overall learning experience at the university.

Departmental activity(Physics)

Dr.Aditya Sharma delivered a lecture on basic fundamental of Physics. Physics is the study of matter, energy, and the interactions between them. The fundamental concepts of physics provide the basis for understanding how the universe works at both the macroscopic (large-scale) and microscopic (small-scale) levels.

NSS/NCC:

Dr. Jitendra Kumar Kushwaha delivered a lecture on NCC and NSS. He informed to how NCC certificate will help them in their Career and Government job.

Campus and Library Visit:

Departmental activity (Mathematics)

Dr. B.K. Chauhan told about sequences and its importance in mathematics. He said that sequences are fundamental to various areas of mathematics and have numerous applications in science, technology, and even finance. Many famous unsolved problems in mathematics, such as the Riemann Hypothesis and Goldbach's Conjecture, are related to sequences, making them a central area of mathematical research.

Aboutthe Event:

One of the most difficult phases of a student's life is the transition from school to university or college life. New students bring a variety of perspectives, experiences, and readiness to an institution. They enter a strange and new setting, and the majority of them know very nothing about colleges or universities. Thus, welcoming new students to higher education and assisting them in assuming their new roles is a crucial responsibility.

The 6th day of the "Diksharambh" program in the School of Basic Sciences & Technology at IIMT University, Meerut, was marked by a series of insightful and engaging sessions aimed at enhancing the academic and personal development of the newly admitted students. The day's proceedings were as follows:

1. Lecture on NEP

A lecture on NEP (National Education Policy, 2020) was given by Mr.Vikas Kumar. "An education system rooted in Indian ethos that contributes directly to transforming India, that is Bharat, sustainably into an equitable and vibrant knowledge society, by providing high quality education to all, thereby making India a global knowledge superpower," is how the National Education Policy, 2020 (NEP) envisions a massive transformation in education.

2. Lecture on Proctorial System

Dr. A. K. Chauhan, Dean and Chief Proctor, School of Basic Sciences & Technology, provided a comprehensive overview of Proctorial system as the following tips:

- a) To inspire a healthy relationship between the teacher and student.
- b) To improve the overall academic performance in the examination.
- c) To give students a measure of self-confidence.

3. Lecture on Physics

Dr.Dharmendra Kumar Sisodia, Associate Professor, School of Basic Sciences &Technology delivered a lecture on physicsHe informed to how physical instrument and experimental knowledge will help them in their Career and Government job.

4. Lecture on Chemistry

Dr.RenuAgarwal, Associate Professor, School of Basic Sciences &Technology delivered a lecture on Chemistry. Chemistry is a sub-discipline of science that deals with the study of matter and the substances that constitute it. It also deals with the properties of these substances and the reactions undergone by them to form new substances.

5. Lecture on Computer Language

Dr. K. K. Sharma, Assistant professor, IIMT University Meerut delivered a lecture on Computer language. Computer programming is a high-tech field that's growing in popularity. Programmers work on code to find and solve issues. They come up with strategies for enhancing and streamlining code, and they use code to implement company initiatives.

6. Lecture on EVS

Dr. UpasanaYadav, Assistant Professor, School of Basic Sciences &Technology delivered a lecture on EVS. "Environmental studies are an interdisciplinary field that seeks to understand the interactions between human and natural systems, and to develop strategies for managing and conserving natural resources in a way that sustains the health and well-being of both humans and the planet."

The day's proceedings were as follows:

1. Lecture on NPTEL/SPOKEN

A lecture on NPTEL/SPOKEN was given by Dr.SainuBaliyan, Assistant Professor School of Basic Sciences & Technology.She provided a comprehensive overview of the NPTEL/SPOKEN courses, highlighting the significance of these online resources in complementing the students' academic journey. She elaborated on how these courses could be leveraged to gain additional knowledge and skills, thereby enhancing their academic profiles.

2. Lecture on Physics

Dr.Dharmendra Kumar Sisodia, Associate Professor, School of Basic Sciences &Technology delivered a lecture on physicsHe informed to how physical instrument and experimental knowledge will help them in their Career and Government job.

3. Lecture on INCUBATION/STARTUP

Mr. Vaibhav, IIMT University, delivered a lecture on INCUBATION/STARTUP. A business incubator is an organization established to accelerate the growth and success of an entrepreneur through various kinds of support. An incubator provides resources and services including physical space, capital coaching, common services and networking connections. Incubators mentor as well as provide business assistance and monitor services.

4. Lecture on Scholarship

Mr.SandeepTyagi, Assistant Professor, School of Basic Sciences & Technology at IIMT University, delivered a lecture on scholarship. The scholarship may be tenable for a period of two years to enable the rank holders of each university at undergraduate level to pursue their bachelor's and master's Degree. All universities/degree awarding institutions would be required to issue rank certificates to the toppers of the university in graduation.

DEEKSHARAMBH 2024-25 (DAY-1)

DAY-1 (21/08/2024)

Department Name	Aviation
Event Name	Induction and Orientation Program 2024-25
Event Date	21.08.2024
Number of Days	9
Venue	Seminar Hall, B Block Ground Floor
Participants	Students/Faculty/Staff
Student Engagement	25

About the Event:

Transition from school to university/college life is one of the most challenging events in a student's life. When new students enter an institution, they come with diverse thoughts, backgrounds and preparations. They come into a new unfamiliar environment, and most of them have little knowledge of a university/college. An important task, therefore, is to welcome new students to Higher Education and prepare them for their new role.

Currently, precious little is done by most institutions, except for an orientation Program lasting a couple of days. Student Induction is designed to help in the whole process. Therefore, it should be taken seriously, and as something more than the mere orientation Program.

The purpose of *Deeksharambh* - Student Induction Program is to help new students adjust and feel comfortable in the new environment, inculcate in them the ethos and culture of the institution, help them build bonds with other students and faculty members, and expose them to a sense of larger purpose and self exploration.

The term induction is generally used to describe the whole process whereby the incumbents adjust to or acclimatize to their new roles and environment. In other words, it is a well planned event to educate the new entrants about the environment in a particular institution, and connect them with the people in it.

Student Induction Program engages with the new students as soon as they come into the institution, before regular classes start. At the start of the induction, the incumbents learn about the institutional policies, processes, practices, culture and values, and their mentor groups are formed.

Deeksharambh Day-2

Our recent event featured a diverse range of engaging activities designed to inspire creativity, foster teamwork, and provide educational insights.

The event was structured as follows-

- **Library Visit**- Students began the day with the guided tour of the library. This visit aimed to familiarize students with available resources, promote reading and highlight the roles of library in academic and personal growth.
- **Pictionary by Students**- Following the library visit, students took part in an exciting game of Pictionary. This activity encouraged teamwork and creativity, as participants drew and guessed various prompts related to literature, culture, and current events.
- **Live Painting with Music**
The live painting session combined artistic expression with musical ambiance. Students and attendees enjoyed a live painting performance, where artists created dynamic pieces inspired by the background music, enhancing the overall sensory experience.
- **NPTEL Speech**- A speech based on the NPTEL (National Programme on Technology Enhanced Learning) initiative was delivered. This segment provided valuable insights into the online learning platform, highlighting its impact on enhancing education and providing access to high-quality academic resources.
- **Break**- A short break allowed participants to refresh and socialize, fostering informal discussions and networking opportunities.
- **Antakshari**- Post-break, the classic Indian game of Antakshari was played. This musical game involved singing and guessing songs based on the last letter of the previous song, contributing to a lively and entertaining atmosphere.
- **Documentation of Students**- The event concluded with a documentation session where students shared their experiences and feedback. This part of the event was crucial for capturing participants' perspectives and evaluating the overall success of the activities

Transition from school to university/college life is one of the most challenging events in a student's life. When new students enter an institution, they come with diverse thoughts, backgrounds and preparations. They come into a new unfamiliar environment, and most of them have little knowledge of a university/college. An important task, therefore, is to welcome new students to Higher Education and prepare them for their new role.

Currently, precious little is done by most institutions, except for an orientation Program lasting a couple of days. Student Induction is designed to help in the whole process. Therefore, it should be taken seriously, and as something more than the mere orientation Program.

The purpose of *Deeksharambh* - Student Induction Program is to help new students adjust and feel comfortable in the new environment, inculcate in them the ethos and culture of the institution, help them build bonds with other students and faculty members, and expose them to a sense of larger purpose and self exploration.

The term induction is generally used to describe the whole process whereby the incumbents adjust to or acclimatize to their new roles and environment. In other words, it is a well planned event to educate the new entrants about the environment in a particular institution, and connect them with the people in it.

Student Induction Program engages with the new students as soon as they come into the institution, before regular classes start. At the start of the induction, the incumbents learn about

the institutional policies, processes, practices, culture and values, and their mentor groups are formed.

About the Event:

In the Department of Commerce, the "Deeksharambh" program was inaugurated on 21/08/2024 by the HOD of the Department and all the teachers of the Department by offering prayers to Maa Saraswati, after which the newly admitted students were welcomed into the department. After that, the outline of the program was as follows:

15. Ms Apurva Goyal and Ms. Aishwarya Saxena gave a complete introduction of the university.

Shri Yogesh Mohan Ji Gupta (Honble Chancellor, IIMT, Meerut) gave a message to new students about their bright future through video.

Dr. Mayank Agarwal (Honble Pro-Chancellor, IIMT University, Meerut) welcomed students and assured them the best offerings from the university and guided them towards attending lectures and attaining quality education.

Dr. Deepa Sharma (Vice-Chancellor, IIMT University, Meerut) welcomed and congratulated students for their new journey and delightful future.

Students were welcomed and addressed by Dr. Srivastava (Honble Vice Pro-Chancellor, IIMT University, Meerut). He assured them excellence and informed about various achievements that are to be attained in the coming years.

Students were then addressed by Dr. Satish Kumar Singh (Dean SCM). Students were welcomed in SCM and congratulated for being the part of the SCM family. They were then informed about various facilities that are offered by the University that can help them attain their future goals such as Incubation centre and Entrepreneurial opportunities for them to look upon. He also motivated students towards attaining academic excellence and being an asset to the economy.

Students were then addressed by Dr. Anshu Teotia (Faculty, SOAH) who helped the students to inculcate the necessary moral values in them so that they can be good human beings and make themselves and their family proud.

Students had an interaction with Mr. Vaibhav Sharma who guided students regarding importance of start-ups and starting a business and getting involved in an incubation program. He made them understand its value in the upcoming economy.

At the end Talent Round was organised by the department for the students in which they participated actively.

The second day of “Deeksharambh” in the Department of Commerce was started with the address of students by Ms. Aishwarya Saxena in the seminar hall. Where she informed the students about the online MOOCs/NPTEL courses offered by the government and which are very essential during the course of their studies. She guided the students to attain the minimum credits that are required for them to earn, for fulfilling the criteria of graduation and post-graduation. After that the session was carried forward by Dr. Sandeep Kumar, Chief Librarian who informed students about the library culture and its benefits. He informed about the library card issued for students, the complete procedure for attaining the card and various services offered by the library. He also made students aware about the availability of the book bank and issuing of the same to them.

After this the students were addressed by Dr. Ashish who interacted with students and made them understand the commerce department and the programme offered with specific details required. Post lunch the session was conducted by Dr. Rashmi and Dr. Ashish in which they conducted role-play activities for students in which they took part actively.

Deeksharambh - Day 6:

The sixth day of Deeksharambh provided an enriching and fruitful experience for the students of the Commerce Department. Dr.Satish Kumar Singh (Dean, SCM) and Dr. Puneet Kumar(HOD, Commerce Department) organized a trip to Hastinapur for the students of B.Com(H). The visit provided knowledge about the historical significance of Hastinapur and also acted as a spiritual connection for students through gaining information about recent developments in the heritage site. The visit proved a remarkable exploration of the vast Indian Heritage and the department will look forward to organizing more such kind of informative visits in the future for the students. We would also like to thank the University for providing all the valuable resources for the trip.

Deeksharambh - Day 9:

The tenth day of Deeksharambh proved to be a learning experience for the new students. . The students got to know new concepts related to core subjects of commerce. Bridge courses of financial accounting, Indian ethos and Micro economics were organized by the faculty, which help them enhance their knowledge. Students discussed the concepts with the faculties, asked questions, and resolved their doubts. A feedback session was conducted by Dr. Puneet Kumar, HOD commerce to know the satisfaction level of the students and to discuss the issues faced by the students.

DEEKSHARAMBH 2024-25

DAY-1

Department Name	Bachelor of Business Administration
Event Name	Induction and Orientation Program 2024-25
Event Date	21.08.2024
Number of Days	09
Venue	Seminar Hall-127 and Block-D
Participants	Students/Faculty/Staff
Student Engagement	114

About the Event:

Transitioning from school to university or college is one of the most significant and challenging milestones in a student's life. As they enter a new institution, students bring with them diverse backgrounds, experiences, and levels of preparation. They find themselves in an unfamiliar environment, often with limited understanding of how a university or college functions. It is, therefore, crucial for institutions to go beyond the traditional brief orientation programs and take a more holistic approach to welcoming new students.

The Deeksharambh - Student Induction Program is designed to address this need comprehensively. Its purpose is not only to help new students adjust to their new surroundings but also to make them feel at home within the institution. This program aims to immerse students in the ethos and culture of the university, fostering connections with their peers and faculty while guiding them towards self-exploration and a deeper understanding of their purpose.

Induction, in this context, refers to the entire process of helping students acclimate to their new roles and environment. It is a carefully planned initiative that educates new entrants about the institution's environment and helps them connect with the people who make up the university community.

The Student Induction Program begins engaging with students as soon as they arrive at the institution, well before regular classes commence. Through this program, students are introduced to the institution's policies, processes, culture, and values, and mentor groups are established to support them throughout their journey. By taking this comprehensive approach, the program ensures that new students are well-prepared for the academic and social challenges of university life, making their transition smoother and more meaningful.

	Dr. Satish Kumar Singh	Dean & Professor	School of Commerce and Management	9917100905
	Dr. Anshu Teotia	Assoc. Professor	School of Arts and Humanities	9997535425
	Mr. Vaibhav Sharma	Asst. Prof.	Incubation Centre	7895718470

Outcomes:

Day 1 effectively laid a solid groundwork for the rest of the program, equipping students with a strong sense of direction and clarity regarding the university's expectations. The leadership speeches and faculty introductions resonated well with the students, leaving them inspired and enthusiastic about the upcoming days.

Closing Remarks - Description:

We have successfully concluded the first day of our nine-day program! This is just the start of what will undoubtedly be a transformative experience. The students have already begun to make significant strides in enhancing their knowledge and skills, and we hope they leave today feeling inspired and motivated by all we've accomplished so far.

Deeksharambh - Day 1:

In the Department of Bachelor of Business Administration, the "Deeksharambh" program was inaugurated on 22/08/2024 by the Dean and faculty members of the department, starting with a traditional tilak ceremony. Following this, the newly admitted students were warmly welcomed into the department. The program then proceeded as follows:

Dr. Satish Kumar Singh, Dean of the School of Commerce and Management, provided a comprehensive introduction to the university and motivated the students.

Shri Yogesh Mohan (Honble Chancellor, IIMT, Meerut), Dr. Mayank Aggarwal (Pro-Chancellor, IIMT, Meerut), Dr. Deepa Sharma (Vice Chancellor, IIMT, Meerut) and Dr.

Vaibhav Srivastava (Pro-Vice-Chancellor) gave a message to new students about their bright future through video.

Mr. Wasik Iqbal (Head of Department, Bachelor of Business Administration) explained in detail about the department and the programs conducted in the department.

Dr. Anshu Teotia delivered a lecture on Human values.

Mr. Vaibhav Sharma informed the students about the incubation centre and introduced them to some new startups.

Resource Person(s):

Day	Name	Designation	Institute	Mobile
2	Ms. Aishwarya	Asst. Prof.	SCM	8475052949
	Mr. Sandeep	Chief Librarian	IIMT University	

Outcome:

Day 2 featured engaging departmental activities, starting with a fun icebreaker game that helped students feel comfortable and connected. After a lunch break, the focus shifted to learning valuable skills in creating effective PowerPoint presentations. The activities were well-received, fostering both camaraderie and practical skills among the participants.

Closing Remarks – Description:

Day 2 was a success, filled with interactive departmental activities that helped students feel more comfortable and engaged. The icebreaker game created a fun and relaxed atmosphere, while the PowerPoint presentation training equipped students with valuable skills. We hope students are feeling more connected and confident moving forward.

Deeksharambh - Day 2:

It sounds like the second day of the "Deeksharambh" program at the BBA department, School of Commerce and Management, IIMT University, Meerut, was eventful and educational. The program included activities at both the central and departmental levels, guided by Dr. Satish Kumar, Dean School of Commerce and Management and Mr. Wasik Iqbal, HOD, BBA department.

Central Level Activities:

1. NPTEL Lecture: Delivered by Ms. Aishwarya, providing valuable insights on the National Programme on Technology Enhanced Learning (NPTEL).
2. Library Orientation: Conducted by Mr. Sandeep, the Chief Librarian, to familiarize students with library resources and services.

Departmental Level Activities:

1. The Fun Breaker Game is designed to help students feel comfortable, fostering camaraderie through interactive activities that encourage bonding and ease initial anxieties.
2. The PowerPoint Presentation Workshop, led by Dr. Aditya Verma and Mr. Deepak Sharma, teaches students to create effective presentations. Covering content structuring, design principles, data visualization, and audience engagement, the workshop includes hands-on exercises and feedback sessions, ensuring students gain practical skills for delivering professional, impactful presentations.

All faculty members from the department played a key role in coordinating and ensuring the success of the events.

Resource Person(s):

Day	Name	Designation	Institute	Mobile
3	Dr. Mukta Sharma	Deputy dean	School of life Science and Technology	9412860259
	Dr. Shubha Dwivedi	HOD	School of life Science and Technology	8218985675

Outcome:

The third day started with an insightful overview of the Outreach Program (USR/UBA) and anti-ragging policies, highlighting the university's commitment to student welfare. The departmental activities introduced the BBA curriculum, followed by sessions on how the BBA program cultivates leadership skills, leaving students informed and inspired about their educational journey.

Closing Remarks – Description:

Day 3 provided valuable insights into the university's Outreach Program and anti-ragging initiatives, reinforcing a safe and supportive environment. The departmental activities offered a comprehensive introduction to the BBA curriculum and highlighted the program's role in developing leadership skills. We hope students feel informed, inspired, and prepared for their journey ahead.

Deeksharambh - Day 3

The third day of the "Deeksharambh" program at the BBA department, School of Commerce and Management, IIMT University, Meerut, was both eventful and educational. The day featured central and departmental activities, all under the guidance of Dr. Satish Kumar, Dean of the School of Commerce and Management, and Mr. Wasik Iqbal, HOD of the BBA department.

Central Level Activities:

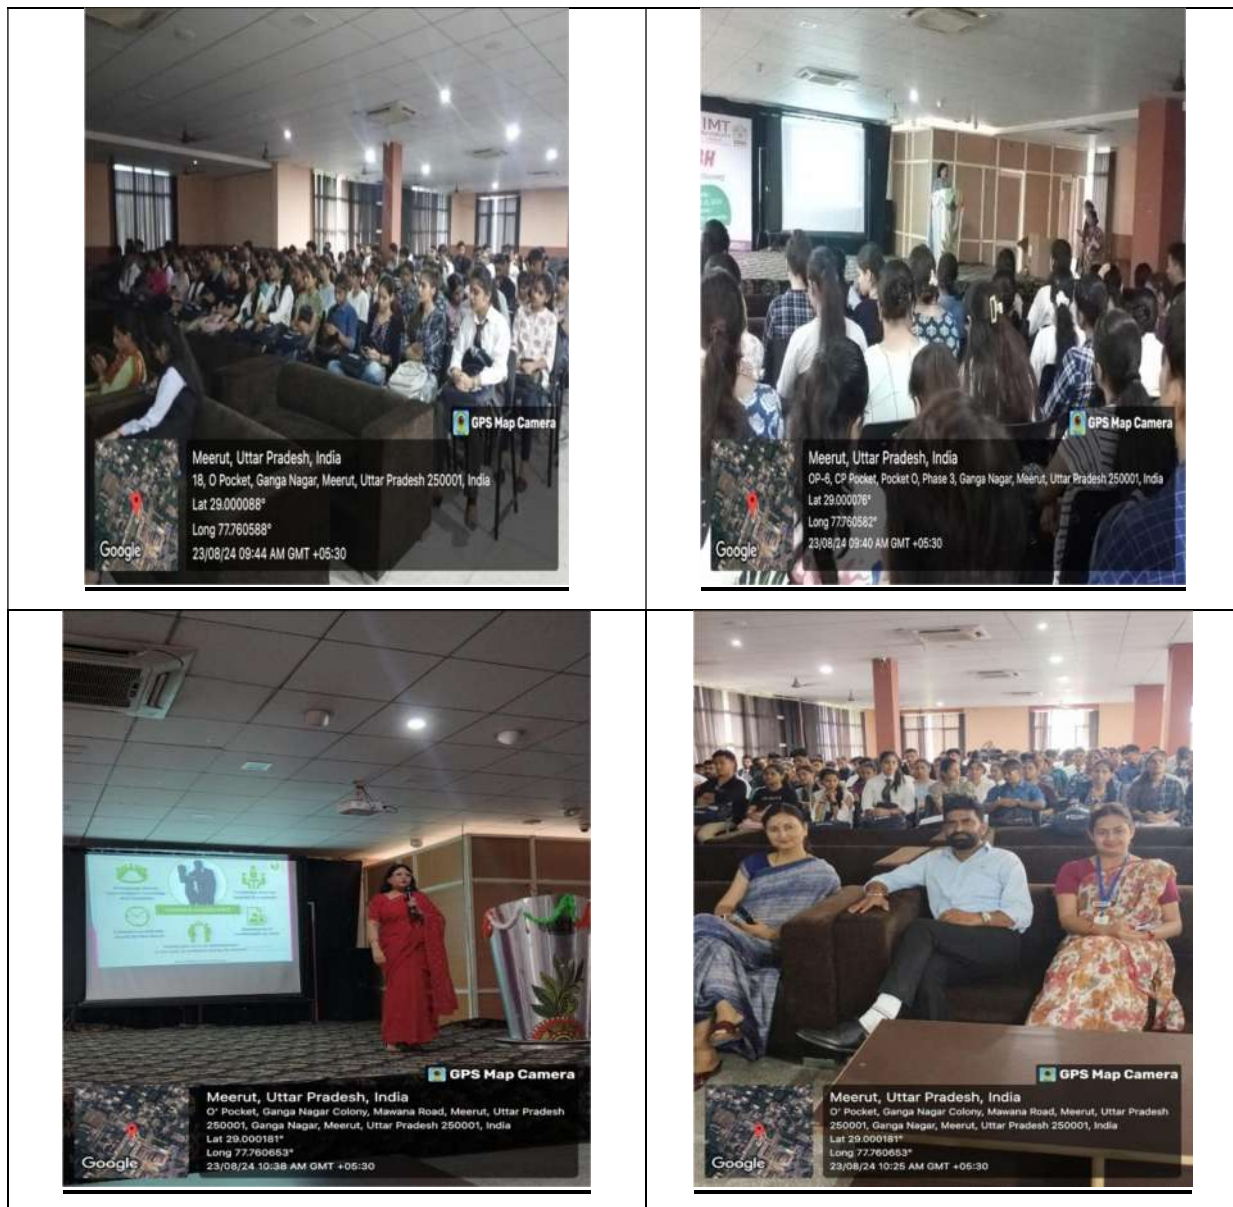

1. Dr. Shubha Dwivedi, HOD of the School of Life Science and Technology, delivered an insightful lecture on Sustainable Development Goals, exploring various aspects of SDGs. The session was highly informative, offering students a deeper understanding of global sustainability efforts and their importance. It was an engaging experience that enriched the students' knowledge on this critical topic.
2. Dr. Mukta Sharma, Deputy Dean of the School of Life Science and Technology, delivered a lecture on the Prevention of Sexual Harassment Act. The session was informative, focusing on legal frameworks, workplace safety, and the rights and responsibilities of individuals. It provided valuable knowledge, promoting awareness and understanding among the students.

Curriculum Overview of BBA

3. This session, delivered by Dr. Desh Deepak Aggarwal and Mr. Deepak Sharma, provides students with a comprehensive overview of the BBA curriculum. They will discuss the core subjects, elective options, and key learning objectives of the program. The activity aims to familiarize students with the academic structure, helping them to understand the course expectations and plan their studies effectively.
4. How BBA Helps You Become a Successful Leader

5. This session, led by Mr. Sandeep, explores how the BBA program equips students with the skills and knowledge necessary for leadership success. He will discuss the development of key competencies such as strategic thinking, decision-making, and effective communication. The activity aims to inspire students to leverage their BBA education to become future leaders in the business world.

Day	Name	Designation	Institute	Mobile
4	Hon'ble High Commissioner, Namibia	High Commissioner	-	-

Outcome:

The day began with engaging departmental activities and an introduction by the Sports Officer, emphasizing the importance of physical well-being. Students were then inspired by two insightful lectures from the Ambassador (High Commissioner). Post-lunch, sessions focused on

the qualities of successful leaders and distinguishing between a boss and a leader, equipping students with valuable leadership insights.

Closing Remarks – Description:

Day 4 was enriching, starting with engaging departmental activities and valuable insights from the Sports Officer. The lectures delivered by the Ambassador (High Commissioner) provided global perspectives and inspiration. Afternoon sessions explored the qualities of successful leaders and the difference between a boss and a leader, leaving students with meaningful reflections on effective leadership.

Deeksharambh - Day 4:

The fourth day of the "Deeksharambh" program at the BBA department, School of Commerce and Management, IIMT University, Meerut, was both eventful and educational. The day featured central and departmental activities, all under the guidance of Dr. Satish Kumar, Dean of the School of Commerce and Management, and Mr. Wasik Iqbal, HOD of the BBA department.

Central Level Activities:

The High Commissioner of Namibia delivered an inspiring lecture to the first-year BBA students at IIMTU. He emphasized the importance of cultural diversity, global perspectives, and leadership in business. His insights into Namibia's economic strategies and international relations captivated the audience, encouraging students to think beyond borders and embrace global opportunities for a successful career in business management.

Departmental Activity:

Difference between a boss and a leader

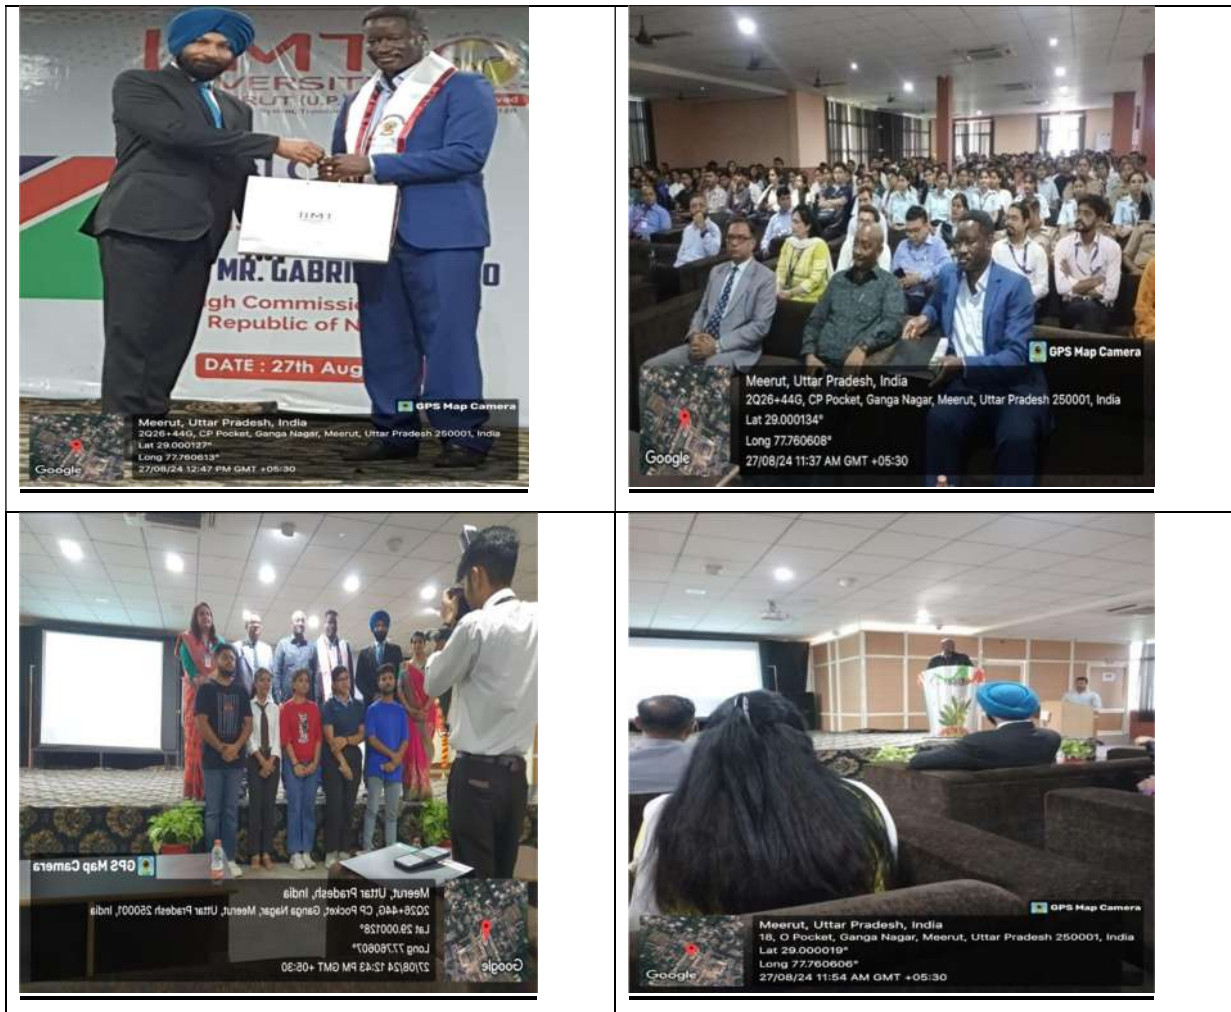

In a departmental activity led by HOD Wasik Iqbal, the distinction between a boss and a leader was highlighted. A boss tends to command and control, focusing on authority and tasks. In contrast, a leader inspires, guides, and motivates their team, prioritizing growth, collaboration, and a shared vision for success.

How BBA Helps You Become a Successful Leader

Dr. Prabha Garg's departmental activity on "Qualities of Successful Leaders" emphasized key traits such as strong communication, emotional intelligence, adaptability, and vision. Successful leaders inspire others, lead by example, and make informed decisions. They possess integrity, build trust, and empower their team, fostering collaboration and innovation to achieve organizational goals.

All faculty members from the department played a key role in coordinating and ensuring the success of the events.

5	Dr. Asha Yadav	Dean	College of Nursing	9897069336
	Mr. Praveen Kumar	Assistant Professor	School of Commerce and Management	8899347338

Outcomes:

The ERP lecture emphasized efficient departmental coordination through integrated systems, while the discussion on the Cultural Committee focused on enhancing cultural activities. The scholarship bridge course covered strategies for academic support, and another session explained basic computer organization principles.

Closing remarks-description:

The closing remarks summarized the key takeaways from each lecture, underscoring the importance of ERP systems for departmental efficiency, the Cultural Committee's role in enriching student life, and the value of bridge courses for academic and technical understanding. The session highlighted the collaborative effort to enhance institutional effectiveness and student development.

Deeksharambh - Day 5:

The fifth day of the "Deeksharambh" program at the BBA department, School of Commerce and Management, IIMT University, Meerut, was both eventful and educational. The day featured central and departmental activities, all under the guidance of Dr. Satish Kumar, Dean of the School of Commerce and Management, and Mr. Wasik Iqbal, HOD of the BBA department.

Central Level Activities:

Dr. Asha Yadav, Dean of the College of Nursing at IIMT University, Meerut, delivered a lecture on the Cultural Committee's role. She emphasized the committee's importance in promoting cultural activities, fostering unity, and enhancing students' overall development and experience.

Mr. Praveen Kumar, Assistant Professor at SCM, IIMT University, Meerut, delivered a lecture on the role of an ERP/Departmental Coordinator. He highlighted the importance of integrating ERP systems for efficient departmental coordination, enhancing organizational productivity and communication.

Departmental Activity:

Mr. Sandeep Kumar delivered a lecture on the Departmental Activity Bridge Course, focusing on its purpose to bridge gaps in knowledge and skills. He highlighted how the course supports academic growth and ensures students' smooth transition between different levels of study.

Mr. Deepak Sharma delivered a lecture on the Departmental Activity Bridge Course, covering the basic organization of computers. He explained key components and their functions, aiming to enhance students' foundational understanding of computer systems and their operational principles.

Resource Person(s):

Day	Name	Designation	Institute	Mobile
6	Dr. Deepak Kumar	COE	IIMT University Meerut	

Outcomes:

The departmental activities fostered a deeper understanding of academic integrity, managerial economics, computer memory, and social media. Students learned to apply economic principles in decision-making, differentiate between RAM and ROM, and responsibly engage with social media, enhancing their digital literacy and academic skills.

Closing remarks-description:

The lectures reinforced the importance of academic integrity, economic decision-making, and digital literacy. Students gained insights into managerial economics, RAM and ROM functionality, and responsible social media use, equipping them with essential knowledge for academic success and informed engagement in the digital world.

Deeksharambh - Day 6:

The sixth day of the "Deeksharambh" program at the BBA department, School of Commerce and Management, IIMT University, Meerut, was both eventful and educational. The day featured central and departmental activities, all under the guidance of Dr. Satish Kumar, Dean of the School of Commerce and Management, and Mr. Wasik Iqbal, HOD of the BBA department.

Central Level Activities:

The Controller of Examination addressed the students, emphasizing the importance of academic integrity, timely submission of assignments, and adherence to examination schedules. He encouraged them to prepare diligently for exams and assured them of support throughout the examination process.

Departmental Activity:

Mr. Praveen Kumar introduced the students to managerial economics, highlighting its significance in decision-making and problem-solving within businesses. He discussed the integration of economic theory with management practices, emphasizing the importance of understanding market trends and economic principles for effective management.

Mr. Deepak conducted a bridge course lecture, explaining the differences between RAM and ROM. He highlighted how RAM is used for temporary data storage during processing, while ROM permanently stores critical system information, crucial for the computer's boot process and overall functionality.

Dr. Aditya Verma introduced social media, discussing its various platforms, influence on modern communication, and role in personal and professional networking. He emphasized the importance of digital literacy and responsible social media use.

Resource Person(s):

Day	Name	Designation	Institute	Mobile
7	Dr. Abhishek Verma	(Placement Head)	IIMT University , Meerut	-
	Mr. Mukesh Kumar	-	ECIT, IIT Kanpur	-

Outcomes:

The program covered placement strategies, digital marketing trends, and accounting concepts. These lectures provided participants with valuable insights and practical knowledge, helping them understand the essentials of career placement, the evolving digital marketing landscape, and fundamental accounting principles.

Closing remarks-description:

In closing, the program effectively covered key topics including placement strategies, digital marketing trends, and accounting concepts. Participants gained valuable insights and practical knowledge, equipping them to navigate career placements, stay updated with digital marketing, and understand essential accounting principles.

Deeksharambh - Day 7:

The seventh day of the "Deeksharambh" program at the BBA department, School of Commerce and Management, IIMT University, Meerut, was both eventful and educational. The day featured central and departmental activities, all under the guidance of Dr. Satish Kumar, Dean of the School of Commerce and Management, and Mr. Wasik Iqbal, HOD of the BBA department.

Central Level Activities:

The lectures delivered by Dr. Abhishek Verma, Placement Head, and Mr. Mukesh Kumar from ECIT, IIT Kanpur, provided in-depth insights into placement strategies and the latest trends in digital marketing. These sessions equipped participants with practical knowledge and strategies crucial for succeeding in both job placements and the evolving digital landscape.

Departmental Activity:

The departmental bridge course included lectures by Dr. Piyush Gupta on accounting concepts, Dr. Aditya Verma on web analytics, and Dr. Desh Deepak Agarwal on principles and practices of management (PPM). These sessions offered foundational insights into accounting, the role of analytics in the digital world, and effective management practices.

Outcomes:

The outcome of the departmental bridge course was highly positive, as students gained a better grasp of key accounting, managerial, and computer fundamentals. The lectures by Dr. Piyush Gupta, Mr. Praveen, and Mr. Deepak effectively enhanced the students' knowledge, equipping them with a solid foundation to integrate various academic disciplines and apply these concepts in their future studies and careers.

Closing remarks-description:

In conclusion, the departmental bridge course successfully provided students with valuable insights into accounting, managerial, and computer fundamentals. The lectures delivered by Dr. Piyush Gupta, Mr. Praveen, and Mr. Deepak were instrumental in broadening the students' knowledge base and fostering a more integrated understanding of these critical disciplines. We appreciate the efforts of the faculty members and the active participation of the students, and we

look forward to seeing the positive impact of this course on their academic and professional journeys.

Deeksharambh - Day 8:

The eighth day of the "Deeksharambh" program at the BBA department, School of Commerce and Management, IIMT University, Meerut, was both eventful and educational. The day featured central and departmental activities, all under the guidance of Dr. Satish Kumar, Dean of the School of Commerce and Management, and Mr. Wasik Iqbal, HOD of the BBA department.

Departmental Activity:

The departmental bridge course featured lectures from Dr. Piyush Gupta on accounting concepts, Mr. Praveen on managerial concepts, and Mr. Deepak on the fundamentals of computers. These sessions aimed to provide a comprehensive understanding of essential topics to help students bridge the gap between different academic disciplines.

Outcomes:

The departmental activities were highly successful in broadening participants' knowledge and skills. Dr. Prabha Garg's session on essay writing deepened understanding of social media's impact. Mr. Deepak Sharma's lecture provided clarity on key FOC concepts, while Dr. Desh Deepak Agarwal's insights into PPM functions were enlightening. Dr. Aditya Verma's session on Managerial Economics further enhanced the participants' grasp of economic principles, making the day truly rewarding.

Closing remarks-description:

In closing, today's departmental activities have been immensely valuable in expanding our knowledge and skills. Dr. Prabha Garg's exploration of social media's impact sharpened our understanding of its societal effects. Mr. Deepak Sharma's clarity on FOC concepts, Dr. Desh Deepak Agarwal's insights into PPM functions, and Dr. Aditya Verma's enriching session on Managerial Economics have together made this day a truly enlightening and rewarding experience.

Deeksharambh - Day 9:

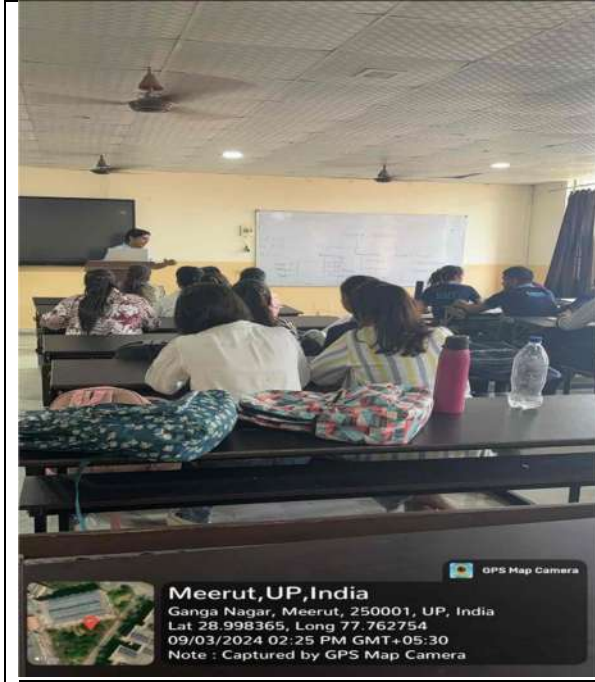

The ninth day of the "Deeksharambh" program at the BBA department, School of Commerce and Management, IIMT University, Meerut, was both eventful and educational. The day featured central and departmental activities, all under the guidance of Dr. Satish Kumar, Dean of the School of Commerce and Management, and Mr. Wasik Iqbal, HOD of the BBA department.

Departmental Activity:

Dive into an enriching day of departmental activities designed to expand your knowledge and skills. Begin with Dr. Prabha Garg's essay writing on the impact of social media, followed by Mr. Deepak Sharma's lecture on key concepts of FOC. After a refreshing lunch break, learn about PPM functions with Dr. Desh Deepak Agarwal, and explore Managerial Economics with Dr. Aditya Verma.

DEEKSHARAMBH 2024-25

Day 1

Department Name	Management(MBA)
Event Name	Induction and Orientation Program 2024-25
Event Date	21.08.2024 to 03.09.2024
Event day	1
Venue	Seminar Hall(127) & D-Block
Participants	Students/Faculty/Staff
Student Engagement	70
Total students reported	70

About the Event:

Transition from school to university/college life is one of the most challenging events in a student's life. When new students enter an institution, they come with diverse thoughts, backgrounds and preparations. They come into a new unfamiliar environment, and most of them have little knowledge of a university/college. An important task, therefore, is to welcome new students to Higher Education and prepare them for their new role.

Currently, precious little is done by most institutions, except for an orientation Program lasting a couple of days. Student Induction is designed to help in the whole process. Therefore, it should be taken seriously, and as something more than the mere orientation Program.

The purpose of *Deeksharambh* - Student Induction Program is to help new students adjust and feel comfortable in the new environment, inculcate in them the ethos and culture of the institution, help them build bonds with other students and faculty members, and expose them to a sense of larger purpose and self exploration.

The term induction is generally used to describe the whole process whereby the incumbents adjust to or acclimatize to their new roles and environment. In other words, it is a well planned event to educate the new entrants about the environment in a particular institution, and connect them with the people in it.

Student Induction Program engages with the new students as soon as they come into the institution, before regular classes start. At the start of the induction, the incumbents learn about the institutional policies, processes, practices, culture and values, and their mentor groups are formed.

Deeksharambh - Day 1

Date: 21.08.2024

1. Welcome of Students

Time: 9:30AM – 10:25AM

Overview: The orientation day began with “**Deeksharambh**” a warm welcome to the new MBA student’s batch 2024-26. The session started with an Introduction of the University to familiarize students with the university’s history, mission, values, and the academic environment of the University & School of Commerce & Management (MBA Department).

2. Keynote Addresses

The program continued with keynote addresses from the university's top leadership, providing students with insights into the institution's goals and the importance of their MBA journey.

- **Chancellor's Address:** Focused on the university's commitment to academic excellence and student success.
- **Pro Chancellor's Address:** Discussed the role of innovation and research in the university's mission.
- **Vice Chancellor's Address:** Highlighted the strategic vision for the MBA program and the opportunities it presents for students.

3. Motivational Lecture

Time: 11:20 AM - 12:15 PM

A motivational session was delivered by Respected Dean Sir (SCM), Dr. Satish Kumar where he asked students to start their academic journey with SWOT analysis of individual students, so that they can understand themselves in order to proceed further. He also emphasized on entrepreneurial activities to be started by students as lot of opportunities are existing in the market & facilities provided by government.

4. Lecture on Human Value

The next session featured a lecture on Human Values by Ms. Anshu Teotia to emphasize the importance of ethical practices and personal integrity in business leadership, where she explored the role of human values in leadership and decision-making, and how ethical behavior contributes to personal and professional success.

5. Ice-Breaking Activity

Time: 1:00 PM - 2:00 PM

Overview: To conclude the day, a series of ice-breaking activities were conducted. It was aimed to help students connect with one another and begin building a supportive community.

Time: 9:30am-10:15am

The day began with an informative session on NPTEL (Massive Open Online Courses-MOOCs). Ms. Aishwarya Saxena, Asst.Prof. (Department of Commerce) provided a comprehensive overview of the benefits and opportunities that MOOCs offer, emphasizing how they can supplement traditional learning and aid in personal development. Participants were guided through the process of enrolling in MOOCs, selecting relevant courses, and utilizing online platforms effectively. The session included a live demonstration of popular MOOC platforms and a Q&A segment, which addressed various queries about course selection, certification, and time management.

2. Session on Library Resources

Time: 10:25am-11:15am

Following the MOOCs session, participants attended an interactive session on library resources. The library head, Dr. Sandeep Sharma introduced the range of services and resources available, including digital databases, research tools, and academic journals. Participants were given a virtual tour of the library facilities and learned how to effectively use the library's catalog and online resources. The session also included a hands-on demonstration of accessing electronic resources and requesting books or materials.

3. Debate Competition

Time: 11:25am- 12:30pm

The afternoon was marked by a stimulating debate competition on the topic “**Impact of Social Media on Youth.**” The event was coordinated by Dr. Neeraj Gupta. Participants were divided into teams, with each side presenting arguments for and against the impact of social media. The debate was moderated by MBA second year student- Mr. Daksh Chaudhary to ensure a balanced discussion and adherence to time limits. The competition highlighted critical thinking and public speaking skills, and participants engaged in a lively exchange of ideas. The competition was judged by Dr. Priyanka Rana & Mr. Sant Ram.

Outcome: The debate provided a platform for participants to enhance their persuasive communication skills and broaden their understanding of contemporary social issues

4. Ice Breaking Activity

Time: 2:00pm-4:00pm

The final session of the day ends with ice breaking activity conducted by Mr. Deepak Tyagi.

Deeksharambh - Day 3:**Date:23.08.2024****CENTRAL ACTIVITES**

1. The third day of the MBA Orientation Program commenced with a compelling speech on University Social Responsibility (USR) delivered by Dr. Shubha Dwivedi, HOD of the School of Life Science and Technology. She emphasized the pivotal role that universities play in fostering social responsibility and ethical leadership among students. She articulated that USR encompasses not only community service and environmental stewardship but also the integration of ethical practices into the academic and professional lives of students.

2. The next segment of the orientation focused on understanding the Internal Complaint Committee (ICC) structure and its role within the university. Dr. Mukta Sharma, Deputy Dean of the School of Life Science and Technology, talked about the Prevention of Sexual Harassment Act & an overview of the committee's responsibilities, which include addressing grievances related to female students.

3. DEPARTMENTAL ACTIVITY (Management Game)

The afternoon was dedicated to an engaging management game designed to foster teamwork, decision making, communication skills & other aspects of management. It was conducted by Dr. Pooja Sharma, Asso. Prof, SCM (MBA).

The game simulated real-world business scenarios, requiring teams to make strategic decisions, managing communication challenges. The management game provided practical insights into business operations and highlighted the importance of collaboration and strategic planning. It was an effective and interactive way to apply theoretical knowledge in a practical context.

4. DEPARTMENTAL ACTIVITY (Guest Lecture- Banking, Finance & Insurance)

The day concluded with a guest lecture by Mr. Jatin Makkar, Manager- Centum Foundation, a part of UPGRAD Education. He unlocked the banking & insurance sector & informed students about the potential opportunities as well as working of banking & insurance sector.

Deeksharambh - Day 4**Date:27.08.2024****DEPARTMENTAL ACTIVITY (Management Game)**

The morning session was conducted by Dr Nikita Singhal, Asso. Prof, SCM (MBA) about the introduction of CMIE software to students. The CMIE is useful for research into various fields like economics, finance & marketing.

Central Level Activities:

The High Commissioner of Namibia delivered an inspiring lecture to the first-year MBA students at IIMTU. His speech involved the importance of cultural diversity, global perspectives, and leadership in business. A deep insight into Namibia's economic strategies and international relations captivated the audience, encouraging students to think beyond borders and embrace global opportunities for a successful career in business management.

**Outcomes:**

Day 1 successfully laid the groundwork for the rest of the program, equipping students with a solid foundation and a clear grasp of the university's expectations. The leadership's speeches, along with faculty introductions, were positively received, leaving students inspired and excited for the days to come.

Closing remarks-description:

Day one of our nine-day program is complete! This marks the start of an exciting journey of growth and transformation. Our students have already made significant strides in expanding their knowledge and skills. We hope they feel energized and inspired by today's insights, and ready for all that's to come!

DAY-2

Day-2 Department Name	School of Engineering and Technology
Event Name	Induction and Orientation Program 2024-25
Event Date	22-08-2024
Number of Days	09
Venue	Seminar Hall, 2nd Floor, SET, IIMTU, Meerut
Participants	Students/Faculty/Staff
Student Engagement	172

Day-2 started with **bridge classes**. Bridge courses serve as a vital foundation for first-year B. Tech students, providing them with essential knowledge and skills in subjects such as mathematics, physics, chemistry, computers, and English. These courses act as a crucial link between the students' prior educational background and the rigorous demands of their engineering curriculum. The significance of bridge courses lies in ensuring that students are well-prepared to excel in their B. Tech studies and adapt to the academic challenges they will encounter in these core subjects. By bridging the gap between their prior knowledge and the requirements of their degree program, these courses empower students to build a strong educational foundation and set them on a path toward academic success and professional growth.

The following Modules were covered during bridge classes on day-2

<u>Computers</u>	
<u>MODULE I</u>	<ol style="list-style-type: none">Computer, CPU, Hardware and Software in Computer,Application Software, System Software,Input Device, Output Device
<u>Mathematics</u>	
<u>MODULE I</u>	Coordinate Geometry: <ol style="list-style-type: none">Two dimensional geometry,Concept of Coordinate axes and coordinate planes,Slope of a line,Angle between two lines,Basics of Circle, Parabola, Ellipse & Hyperbola
<u>Physics</u>	
<u>MODULE I</u>	Units and Measurements: <ol style="list-style-type: none">Need for measurement;systems of units;SI fundamental,derived unitsDimensions of physical quantities.

Chemistry	
MODULE I	Basic Concepts of Chemistry: i. Importance and scope of Chemistry, ii. Nature of matter, iii. concept of elements, iv. Atoms and molecules, v. Atomic and molecular masses.
Subject	Teachers
Mathematics	Mr. Kuldeep Singh/Dr. Sarita Sharma
Physics	Dr. Dharmendra Shisodia/Mr. Ashwani Sharma
Chemistry	Dr. Neha Saxena/Dr. Surbhi Arya
Computer	Dr. Shubham Singh/Ms. Shivani

Following the bridge classes, the students interacted with the ERP coordinator of SET first year Ms. Anuradha. The students were made aware about the ERP modules and its importance regarding attendance, notes and assignments.

After ERP lecture, a special lecture was conducted by Ms. Asha Yadav about the cultural club of IIMT University. The students were informed about the various cultural events that are conducted by IIMTU in past years. Ms. Asha Yadav mam motivated the students about how the participation is important. Few students also showcased their talents of Poetry.

Then students had a special Lecture by Ms. Deepti Kaushik, Assistant Professor, CSE. She gave a brief information about the Data Science in our day to day life.

At the end of the day the students were guided to fill their Reporting Forms & to prepare their Personal File.

Second Day's work flow:

1. Bridge classes of Mathematics, Physics, Chemistry and Computers
2. Interaction with ERP coordinator Ms. Anuradha
3. Interaction with Cultural head of IIMTU, Ms. Asha Yadav
4. A Special Lecture on Data Science by Ms Deepti Kaushik
5. Reporting form submission of all new students.

1	Ms. Abhishek Verma	T&P Head	IIMTU	9557211103
2.	Dr. Shubha Dwivedi	HOD-Life Science	SoLST	8218985675

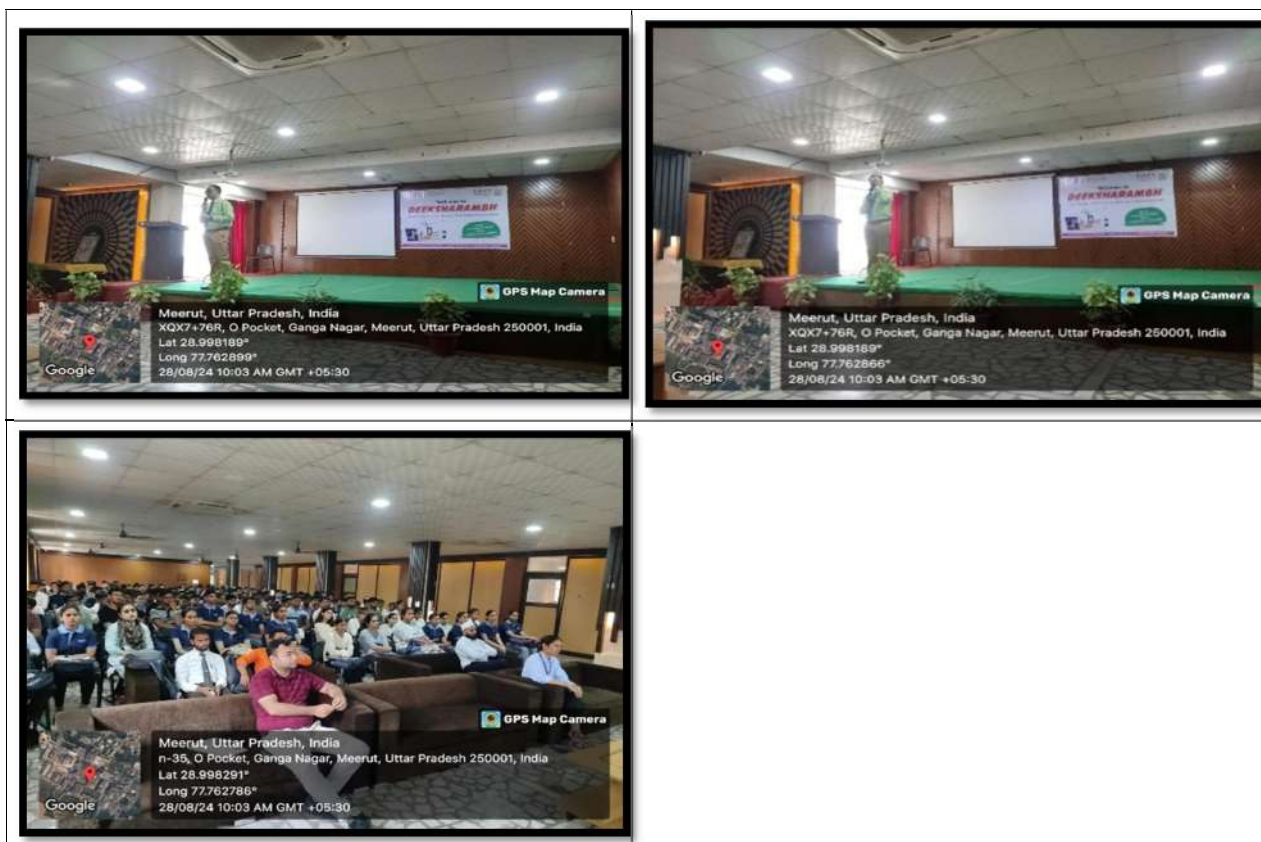

Outcomes:

On the fifth day of the "Deeksharambh" orientation program at the School of Engineering and Technology, the day began with regular classes for B.Tech and Polytechnic students. After lunch, Mr. Abhishek Verma, the Placement Coordinator at IIMT University, delivered a special session on Personality Development. This was followed by a lecture by Dr. Shubha Dwivedi, who discussed the university's outreach initiatives and the role of IIMTU in the Unnat Bharat Abhiyan. The day concluded with students visiting various labs to complete their reporting forms and personal file preparation.

Closing remarks-description:

Completed the fifth day of our nine-day program! Today was another day of what promises to be a transformative journey. The students have already taken important steps towards deepening their knowledge and skills, and we hope they are feeling both inspired and motivated by what we've covered.

Outcomes:

On Day 7 of the "Deeksharambh" orientation program at the School of Engineering and Technology, regular classes commenced for B.Tech. and Polytechnic students. The day featured an interactive session with Chief Proctor Dr. A. K. Chauhan, who emphasized the importance of discipline and encouraged students to avoid any indiscipline. Mr. Kuldeep Singh, HOD of the First Year SET, delivered a lecture on the Indian Knowledge System (IKS) and the National Education Policy (NEP) 2020, discussing its impact on higher education. Later, students interacted with the HODs from various departments, followed by regular classes until 4:30 P.M

Closing remarks-description:

Completed the Seventh day of our nine-day program! Today was anotherday of what promises to be a transformative journey. The students have already taken important steps towards deepening their knowledge and skills, and we hope they are feeling both inspired and motivated by what we've covered.

Resource persons of the day:

Sr. No.	Name: Faculty Coordinator	Designation	Department	Mobile
1	Dr. Anshu Teotia	HOD	SoAH	8218158441
2.	Mr. Vaibhav Sharma	IIC Ambassador	E-Cell	7895718470

Outcomes:

On the eighth day of the "Deeksharambh" program at the School of Engineering and Technology, the schedule began with regular classes for B.Tech and Polytechnic students. The day featured a lecture on Human Values by Dr. Anshu Teotia, who underscored the importance of ethics and values throughout college life. Following this, Mr. Vaibhav from IIMTU's E-Cell delivered an insightful lecture on Incubation

Startups, highlighting the institution's history in research and startups, and encouraging first-year students to join the E-Cell. After lunch, students continued with their regular classes until 4:30 P.M.

Closing remarks-description:

Completed the Eighth day of our nine-day program! Today was another day of what promises to be a transformative journey. The students have already taken important steps towards deepening their knowledge and skills, and we hope they are feeling both inspired and motivated by what we've covered.

Day-9

Day-9 Department Name	School of Engineering and Technology
Event Name	Induction and Orientation Program 2024-25
Event Date	03-09-2024
Number of Days	09
Venue	Seminar Hall, 2nd Floor, SET, IIMTU, Meerut
Participants	Students/Faculty/Staff
Student Engagement	220

The 9th day was started with regular classes of all students as per their curriculum and time table. A Lecture on NPTEL/Moocs/Spoken Tutorials was delivered by Mr. Kuldeep Singh, HOD first year SET. He shared the importance of NPTEL/Moocs certifications in shaping the career of engineering students.

Final reporting of remaining students was also concluded.

Ninth Day's work flow:

1. Bridge classes of Mathematics, Physics, Chemistry and Computers
2. Lecture on NPTEL/Moocs/Spoken Tutorials by HOD Mr. Kuldeep Singh
3. Reporting form submission of all new students.

1	Mr. Kuldeep Singh	HOD First Year	SET	7500009854

Outcomes:

Day 9 of the Deeksharambh orientation program, students began with their regular classes as per the curriculum and timetable. A special lecture was delivered by Mr. Kuldeep Singh, HOD of First Year SET, on the significance of NPTEL, MOOCs, and Spoken Tutorials in shaping the careers of engineering students. He emphasized the value of these certifications for professional growth. Additionally, the final reporting of the remaining students was successfully completed

Closing remarks-description:

Completed the ninth day of our nine-day program! Today was another day of what promises to be a transformative journey. The students have already taken important steps towards deepening their knowledge and skills, and we hope they are feeling both inspired and motivated by what we've covered.

It is finally the end of 9-day, long orientation program of all new students of engineering. During the program the students were made aware about the facilities and policies of IIMTU.

DAY-2

Day 2 of Deeksharambh was a well-rounded mix of career guidance, personal development, academic excellence, student welfare, and practical skills. Each session was designed to equip students with the knowledge and tools necessary for their academic journey and future careers.

09:30 AM - 10:25 AM: Placement Session by Mr. Abhishek Verma The day began with a crucial placement session led by Mr. Abhishek Verma, who provided valuable insights into the current job market trends, employer expectations, and the importance of skill development. The session highlighted key strategies for successful placements, emphasizing resume building, interview preparation, and networking.

10:25 AM - 11:20 AM: Mentoring Session by Mr. Jitendra Singh (HM) Mr. Jitendra Singh conducted an engaging mentoring session focused on "Student's Aspirations & Family Expectations." He addressed the delicate balance students need to maintain between their personal ambitions and their family's expectations. The session encouraged students to align their goals with their family values while also pursuing their passions, emphasizing communication and mutual understanding.

11:20 AM - 12:15 PM: COE Session by Dr. Deepak Siddhu Dr. Deepak Siddhu led a session on the Center of Excellence (COE), discussing its role in fostering academic excellence and innovation within the institution. He outlined the various programs and initiatives under the COE, encouraging students to actively participate and take advantage of the resources available for their academic and professional growth.

12:15 PM - 01:00 PM: DSW Session by Dr. Neeraj Sharma Dr. Neeraj Sharma's session under the Dean of Student Welfare (DSW) focused on student support services, addressing mental health, well-being, and extracurricular activities. He provided an overview of the facilities and support systems in place to ensure students' holistic development, urging them to seek help when needed and to engage in activities beyond academics.

02:00 PM - 03:00 PM: Bridge Course on Fundamentals of Cake Making by Chef Vikas The day concluded with a hands-on bridge course on the fundamentals of cake making, conducted by Chef Vikas. This interactive session introduced students to the basics of baking, including techniques for preparing various types of cakes. Chef Vikas also shared tips on presentation and flavor combinations, making the session both educational and enjoyable for the participants.

DAY-9

09:30 AM - 10:10 AM: Deeksharambh Closing Session **Special Address by: Dean Dr. Masood Aslam, (SOHMCT)**

The closing session of the Deeksharambh program on Day 9 was marked by a special address from Dr. Masood Aslam, the Dean of SOHMCT. The session began with a warm welcome extended to all the participants, faculty members, and students who had been part of this enriching orientation program.

Highlights of Dr. Masood Aslam's Address:

- 1. Reflections on the Program:** Dr. Aslam began by reflecting on the success of the Deeksharambh program, emphasizing how the sessions were designed to provide students with a solid foundation as they embark on their academic journey. He acknowledged the active participation and enthusiasm shown by the students throughout the program.
- 2. Importance of Hospitality Education:** Dr. Aslam highlighted the significance of hospitality education in today's globalized world. He spoke about the dynamic nature of the industry and the opportunities it presents for young professionals. He encouraged students to embrace the challenges and be adaptable to the ever-evolving landscape of hospitality management.
- 3. Vision for the Future:** In his address, Dr. Aslam shared his vision for the School of Hospitality Management and Catering Technology. He outlined the strategic initiatives that would be undertaken to enhance the quality of education and industry engagement. He also emphasized the importance of innovation, research, and continuous learning for both students and faculty.
- 4. Encouragement to Students:** Dr. Aslam motivated the students to remain focused and dedicated to their studies. He urged them to take full advantage of the resources and opportunities provided by the institution, and to always strive for excellence in their academic and professional endeavors.
- 5. Closing Remarks:** In his closing remarks, Dr. Aslam expressed his gratitude to the faculty members, organizing committee, and all those who contributed to making the Deeksharambh program a success. He wished the students the very best for their future and encouraged them to stay connected with the faculty and their peers as they progress through their studies.

Day 1

The first day of our ten-day program was a remarkable success, officially welcoming new students to the School of Media, Film and Television Studies at IIMT University. The day's events were thoughtfully organized to introduce students to the university's leadership, core values, and academic environment. The day began with a warm and enthusiastic welcome, setting a positive tone for the students' academic journey.

Keynote speeches were delivered by the Hon'ble Chancellor, who inspired students by emphasizing the importance of education and the opportunities ahead, and the Hon'ble Pro-Chancellor, who encouraged students and highlighted IIMT University's role in shaping future leaders. The Hon'ble Vice-Chancellor also addressed the students, passionately speaking about the university's commitment to excellence and the holistic development of its students.

The day concluded with the introduction of faculty members, giving students the chance to meet their future mentors and guides. This session fostered a strong sense of community and support among students and faculty alike.

दीक्षारम्भ : Day 7

'Deekshaarambh' Orientation Programme

Date

30th August 2024

On 30th August 2024, the students of the School of Media, Film and Television Studies at IIMT University embarked on an industrial visit to India TV, a prominent news channel in India. The primary objective of this visit was to provide students with firsthand exposure to the dynamic world of television journalism and to witness the production process of a popular show.

The industrial visit to India TV was a valuable learning experience for the students of the School of Media, Film and Television Studies. It provided them with a unique opportunity to apply their theoretical knowledge in a practical setting and gain firsthand exposure to the dynamic world of television journalism. The visit has undoubtedly enhanced their understanding of the industry and will serve as a valuable asset in their future careers. Aap Ki Adalat is an Indian television show hosted by journalist Rajat Sharma. It is a courtroom-style talk show where Sharma interviews celebrities and politicians. The show has been running for over 25 years and is one of the most popular talk shows in India. The show's format is unique. Sharma acts as the prosecutor, while the guest is the defendant. A panel of judges, which can include celebrities, politicians, or experts on the topic being discussed, also participates in the show. The guests of the day actress and MP Kangana Ranaut was questioned about her personal lives, work, and her views on current issues. Students were enjoying the show and learned about production of a celebrity shows.

□□□□□□□□□□ : Day 9

'Deekshaarambh' Orientation Programme

Date

03rd September 2024

The 9th day of the Deekshaarambh program at School of Media, Film and Television Studies, IIMT featured a diverse range of activities, focusing on various aspects of mass media and communication. The day began with a Bridge Course on Cinematography, followed by a departmental activity. This was followed by a lecture on Sports delivered by Ms. Anshi Sharma, the Sports Officer. The morning concluded with a Bridge Course on Media Management.

In the afternoon, the students had the opportunity to visit the library, a valuable resource for their academic pursuits. Subsequently, they attended Bridge Courses on Digital Media and Computer for Mass Media, both essential components of the modern media landscape.

Cinematography by Mr. Amit Kumar Rai course likely delved into the technical aspects of filmmaking, including camera operation, lighting, composition, and storytelling through visuals. Students may have learned about various camera angles, lenses, and techniques used to create compelling visual narratives.

Media Management by Dr. N.K. Mishra course probably covered the business side of media production and distribution. Topics may have included budgeting, marketing, legal considerations, and media ethics. Students might have gained insights into the challenges and opportunities of managing media projects.

The library visit provided students with an opportunity to explore a wide range of resources related to mass media. They could have accessed books, articles, journals, and other materials to supplement their learning and conduct research.

Computer for Mass Media by Dr. Vivek Singh course probably focused on the technical aspects of using computers in media production. Topics may have included computer hardware, software, and programming basics. Students might have learned how to use specific software applications for media creation and editing.

'Deekshaarambh' Orientation Programme

Date

04th September 2024

The concluding day of Deekshaarambh was marked by a series of engaging and informative events designed to equip the new students with essential skills and insights for their academic journey. The day kicked off with a vibrant sports activity led by Mr. Vibhor Gaur, Assistant Professor at SOMFT. This event provided a platform for the students to showcase their athletic abilities and foster a sense of camaraderie among their peers.

The second highlight of the day was an inspiring alumni connect session featuring Mr. Mayank Sharma, a renowned journalist at Sky Sports Channel in London, UK. Mr. Sharma, a graduate of the BJMC program (Batch-BJMC 2016-19), shared his valuable experiences and offered invaluable advice to the incoming students on navigating the media industry and building a successful career.

The final event of the day was a bridge course on "Professional Skills" conducted by Mr. Sanjib Kumar Mishra. This session focused on equipping the students with essential soft skills such as communication, teamwork, and problem-solving, which are vital for academic and professional success. The final day of Deekshaarambh was a resounding success, providing the students with a memorable and enriching experience that will undoubtedly benefit them throughout their academic journey.

Outcomes:

The Deekshaarambh program aims to enhance students' academic preparedness, career guidance, and physical and mental well-being through a bridge course on professional skills. It also promotes a healthy lifestyle and community, inspiring students to strive for excellence. The program also contributes to improved student retention, enhanced institutional reputation, and a stronger alumni network through alumni connect sessions, fostering stronger relationships between the institution and its graduates.

Closing remarks-description:

The Deekshaarambh orientation program has concluded with a sense of excitement and anticipation for the academic journey ahead. The sports activity led by Mr. Vibhor Gaur fostered camaraderie and highlighted the importance of physical and mental well-being in achieving academic success. Mr. Mayank Sharma, a distinguished alumnus, offered guidance and motivation through his inspiring journey in the media industry. The bridge course on professional skills conducted by Mr. Sanjib Kumar Mishra equipped students with essential tools for effective communication, teamwork, and problem-solving. As students embark on their new chapter, they are encouraged to remember the valuable lessons and experiences gained during Deekshaarambh, embrace challenges with enthusiasm, cultivate strong relationships with peers and mentors, and strive for excellence.

Day 1st Summary Report:

Today marked the inaugural day of the orientation program for the incoming Diploma in Pharmacy students, held at Block A. The program commenced with a warm welcome from current students, who provided the new cohort with valuable insights and guidance.

The orientation featured an engaging online interaction with the university's leadership team. The Chancellor, Pro-Chancellor, and Vice-Chancellor addressed the students, sharing their vision for the institution and underscoring the importance of academic excellence and personal development.

Following the virtual session, Dr. Deepak Kumar, Controller of Examinations, delivered an informative presentation on examination-related procedures. He detailed the assessment methods, examination schedules, and academic policies that will be integral to the students' progression through the diploma course.

Dr. Neeraj Sharma, Dean of Student Welfare (DSW), then conducted a session focused on student support services. Dr. Sharma elaborated on the various welfare programs available, including counseling services, academic assistance, and extracurricular activities designed to enhance the student experience and ensure well-being.

Post-lunch, students had the chance to interact with faculty and staff. Dr. Atul Pratap Singh, Principal of the School of Pharmaceutical Sciences, led a discussion about the field of pharmacy, its associated challenges, and the pathways to success in the profession. This session offered students a comprehensive understanding of what to expect and how to navigate their academic journey.

The day concluded with a visit to the departmental laboratories, where students had the opportunity to explore the facilities and gain firsthand experience of the practical aspects of their studies.
