WORLD RECORD

MATA PITA SAMMAN SAMAROH

November 23, 2019.

*"A Mother's love is patient and forgiving,
When all others are forsaking,
it never fails or falters,
even though the heart is breaking."
"The heart of a Father is the masterpiece of nature."*

Truly, the love of parents is deeper than the ocean and higher than the mountains. Nothing on Earth is comparable to parents. Parents are a true reflection of God on Earth. It is their affection and care that nurtures a tender human soul into a complete human being. They put their heart and soul into the wellbeing of their little ones every moment. As the child steps out from the parents' lap into the outside world, they shower their blessings upon him and ensure that he gets all the comforts of life wherever he goes. Mothers keep tending their saplings with their affection and care, even when they are far from each other. At IIMT, we value this immeasurable and fathomless bond of parent child relationship. We dedicated 23rd of November, 2019 to celebrate this holiest relationship on Earth. The sole aim being to sensitise our students and the present generation to the sanctity of this bond, to reignite the sweetness of this auspicious bond that means eternity to both parents and the children. 23rd November at IIMT was the time to cherish the unconditional love that pervades between two generations making the world complete and a happy place for both parents and children. A special moment quite looked forward to, by the student fraternity when each one of them extended soulful reverence and love to the parents. It was indeed a heavenly event that made history on the grounds of IIMT University, Meerut in the form of WORLD RECORD where 1500 students from the University, IIMT Academy and various schools expressed their heartfelt gratitude to their parents by washing their feet and worshipping them -a real tribute to Indian Culture that stands out in the whole world for its rich heritage of parent child bonding, the only country where parents are considered Gods on Earth.
