No. of Participants: 27

Detailed Description:

The Internal Quality Assurance Cell (IQAC), IIMT University has organized a “Workshop on Fundamentals of Outcomes Based Education” on 1st November to 2nd November 2022. An objective of this workshop was to enhance the understanding and implementation of outcomes-based education among the faculty members. The workshop aims to provide a platform for faculty members to learn about the principles and practices of outcomes-based education and its relevance in today’s educational landscape.

Resource person was Mr. Ajay Bhagwat, Director, Inpods India, who has extensive experience in outcomes-based education. Mr. Bhagwat is known for his expertise in developing curriculum frameworks and assessment strategies that are aligned with learning outcomes. During the workshop, he shared practical examples and case studies to help the faculty members understand the process of designing and assessing learning outcomes. He emphasized the importance of aligning curriculum and assessment with the desired learning outcomes to ensure that students are equipped with the necessary knowledge and skills. Mr. Bhagwat also discussed the need for continuous improvement in education and the role of feedback in enhancing the teaching and learning process. The faculty members were highly engaged and actively participated in discussions, asking questions and seeking clarification on various aspects of outcomes-based education. Overall, the workshop provided valuable insights and practical strategies that the faculty members can apply in their teaching practices to enhance the quality of education. Overall, the workshop was a great success in equipping the faculty members with the necessary knowledge and skills to implement outcomes-based education effectively in their classrooms.
