DEEKSHARAMBH

Student Induction Programme

GANGA NAGAR, MEERUT-250001

www.iimtu.edu.in

2023-24

Ref. No. : IIMTU/VCO/Deeksharambh/2023/ 55

Dated: 26/08/2023

Circular

It is evident that the session 2023-24 is starting from 11th **September 2023**.

A student induction programme and orientation programme "**Deeksharambh**" is to be conducted from 11th September, 2023 for 10 days as per programme guidelines attached herewith.

For the same a committee comprising of following members is constituted;

1. Dr. S.K. Singh, Dean-School of Commerce & Management- **Head of the Committee**
2. Dr. V.S. Patial, Dean- Physical Education
3. Dr. Umesh Sharma, Dean- Pharmacy
4. Dr. Navneet Sharma, Dean- School of Life Science & Technology
5. Dr. P.K. Mittal, Dean- Basic Science

The committee will form a subcommittee at the level of each school to run the programme as per guidelines strictly.

Following will be additional members associated with core committee for the proper conduction of "Deeksharambh".

1. Dr. Naveen Dwivedi, Associate Professor- - Coordinator
2. Mr. Rahul Jain - Placement - For sessional related to placement
3. Mrs. Ekta Sharma, Head Training - For sessions related to training
4. Dr. Renu Agarwal, Asso. Prof. &
Dr. Shubha Dwivedi, Asso. Prof. - For sessions related to moral values
5. Mr. Vaibhav Sharma, Innovation
Ambassador & Incubation Manager - For sessions related to IPR, E & I,
Incubation & startups)
6. Dr. Deepak Kumar, CoE, - For sessional related to examination
7. Mr. Sandeep Sharma – Librarian - For Learning Resources Management
System

The complete report of the conduction of "Deeksharambh" is to be submitted through the google link sent to all Deans on their emails.

Note: The Syllabus to be taught in bridge classes is to be designed by **5th September, 2023** in subject - Mathematics; English; Fundamental of Computers, C Language, Statistics, Value added courses & IKS and Indian Ethos.

Attached herewith the brochure of IIMTU-SOIP.

Vice-Chancellor

“Deeksharambh”

The Student Induction & Orientation Programme (SIOP)

(On the guidelines of Quality Mandate, UGC)

**"O" Pocket, Ganga Nagar, Mawana Road,
Meerut, Uttar Pradesh - 250001**

Foreword note

Student Induction and orientation programme is to help new students to adjust and to settle comfortably in the new environment, to inculcate in them the human values, ethics and culture of the University, help them build bonds with their seniors, batch mates and faculty members, and expose them to a sense of today's competitive world's requirement and self-exploration with ethics and values.

During an induction program, the students are introduced to all various activities enlisted in the SIOP brochure which is designed strictly on the guidelines of Quality Mandate of UGC. The induction - orientation programme will make all new students well acquainted with rules – regulations, expected code of conduct of the students of the University, various facilities and policies of the university for the students.

This programme will help the students to settle in the University environment and will guide them with their transition into post-secondary which will be a new educational experience.

IIMT University welcomes all the newly admitted students and wishes them to pass out with a very bright and successful future.

Vice Chancellor

A Guide to Student Induction-Orientation Programme

(On the guidelines of Quality Mandate of UGC)

1. Introduction

Transition from school to university/School life is one of the most challenging events in a student's life. When new students enter an institution, they come with diverse thoughts, backgrounds and preparations. They come into a new unfamiliar environment, and most of them have little knowledge of a university/ School. An important task, therefore, is to welcome new students to Higher Education and prepare them for their new role.

Currently, precious little is done by most institutions, except for an orientation Programme lasting a couple of days. Student Induction is designed to help in the whole process. Therefore, it should be taken seriously, and as something more than the mere orientation programme.

2. Deeksharambh - Student Induction Programme

The purpose of Deeksharambh - Student Induction Programme is to help new students adjust and feel comfortable in the new environment, inculcate in them the ethos and culture of the institution, help them build bonds with other students and faculty members, and expose them to a sense of larger purpose and self exploration.

The term induction is generally used to describe the whole process whereby the incumbents adjust to or acclimatize to their new roles and environment. In other words, it is a well planned event to educate the new entrants about the environment in a particular institution, and connect them with the people in it.

Student Induction Programme engages with the new students as soon as they come into the institution, before regular classes start. At the start of the induction, the incumbents learn about the institutional policies, processes, practices, culture and values, and their mentor groups are formed.

Students Induction could cover a number of different aspects (SAGE):

Socializing: meeting other new students, senior students, students union, lectures by Eminent People;

Associating: visits to University / School, visits to Dept./Branch/ Programme of study and important places in campus, local area, city and so on;

Governing: rules and regulations, student support etc;

Experiencing: Subject lectures, study skills, small-group activities, physical activity, creative and performing arts, literary activities, universal human values, etc.

List of activities to be included:

1. Physical Activity
2. Mentoring
3. Familiarization to Dept./Branch

4. Creative Arts and Culture
5. Literary Activity
6. Lectures by Eminent People
7. Visits to Local Area
8. Extra-Curricular Activities in School

Besides this a check list is provided at **Appendix 1** to help concerned staff organise Induction Programme.

3. Daily Activities

The following activities during Induction Programme would fully engage the students for the entire duration of the Programme.

3.1 Physical Activity

This would involve a daily routine of physical activity with games and sports. There can be games in the evening or at other suitable times according to the local climate. These would help develop team work. Each student should pick one game and learn it for the duration of the Induction Programme and hopefully, continue with it later.

3.2 Mentoring

Mentoring and connecting with faculty members is the most important part of induction. Hopefully, it would set up a healthy relationship between the students and the faculty.

Mentoring takes place in the context and setting of universal human values. It gets the student to explore oneself and allows one to experience the joy of learning, stand up to peer pressure, take decisions with courage, be aware of relationships, be sensitive to others, understand the role of money in life, and feeling of prosperity, etc. Human values as enshrined in our constitution like justice, liberty, equality, fraternity, human dignity and the unity and integrity of the Nation can also be part of this discussion. Focus should be on inculcating values of equality and responsibility towards one's fellow citizens of any caste, class or creed. During discussion issues and requirements of SC/ST/OBC students should be assessed and addressed. Mentor-mentee relationship can help students form a bond with faculty members which can be of great help during various tough times in study courses.

Methodology of mentoring this content is extremely important. It must not be through do's and don'ts, but by getting students to explore and think by engaging them in a dialogue. It is best taught through group discussions and real life activities rather than lecturing. The role of group discussions, however, with clarity of thought of the teachers cannot be over emphasized. It is essential for giving exposure, guiding thoughts, and realizing values. The teachers must come from all the departments rather than from only one department or from outside of the Institute.

The following topics may be discussed during the Mentoring sessions.

1. Day 1: Student aspirations, family expectations
2. Day 2: Gratitude towards people helping me
3. Day 3: Human needs of (a) self and (b) body
4. Day 4: Peer pressure
5. Day 5: Prosperity
6. Day 6: Relationships

Small groups of preferably 20 students with a faculty mentor each can be used for discussions and open thinking towards the self. Discussion on Universal Human Values could even continue for rest of the semester and not stop with the Induction Programme. A follow up in a later semester could even be considered.

Besides drawing the attention of the student to the issues of life and their role in larger society, it would build relationships between teachers and students which last for their upcoming 3 to 4 years and possibly beyond. It is important, therefore, that it be conducted by faculty members of the University/School, the ones who would teach them.

A suggestive primer for mentoring on Universal Human Values is at **Appendix 2** for reference.

3.3 Student Welfare Fund

The University has created a Student Welfare Fund with the objective of making financial assistance available for meeting the welfare needs of students in need, such as emergent medical assistance, purchase of books and study material and any other comparable needs of students.

3.4 Examination Module/ CBCS/LOCF/ NEP-2020

A session based on choice based credit system/ Learning outcome curriculum framework/ National Education Policy 2020 will be organized for the students to explain the content, evaluation pattern, assessment method with exit point options.

4 Other Activities

The activities which can be offered during Induction Programme are discussed in this section. Activities or short term courses for upgrading communication skills of students can also be included in this programme. The learning needs of the students can be identified and accordingly appropriate remedial/SWAYAM/ NPTEL course/s will be recommended for those students.

NPTEL/SWAYAM is integrated as credit course in the curriculum and it will be mandatory for the students to complete assignments and secure certificate to get credits.

4.1 Familiarization with School/Department

Students should be familiarised with their school/department/Programme of study/laboratories/workshops/ ICT facilities and other facilities. Besides an orientation helping them differentiate between School life and school life along with career prospects offered by specific

courses should be organised.

4.2 Creative Arts and Culture

Students shall be exposed to culture and art forms like painting, music, dance etc. These would allow for creative expression. It would develop a sense of aesthetics and also enhance creativity which would, hopefully, flow into their studies later.

4.3 Literary Activity

Literary activity will encompass reading a book/article, writing its summary, and possibly, debating, enacting a play, etc.

4.4 NPTEL Courses/Skill Development Courses: 2022-23

https://docs.google.com/spreadsheets/d/e/2PACX-1vT7-h9sBQRPyCl_2KWs1pukt2NhFbMNMWY2nqx_UjxCq7h7VKvzGbQjG5YAZj22vTdSG2L03LQ2Xl9d/pubhtml?urp=gmail_link&gxids=7628

4.5 Lectures by Eminent People

Lectures by eminent people should be organized to provide exposure to students. People who are alumni, socially active, in profession, or in public life should be invited.

4.6 Visits to Local Area

Organize a visit to a monument or a landmark of the city, like a picnic, for bonding. One or more visits could also be organized to a hospital or orphanage. This would expose them to the underprivileged. These are to be arranged after the Induction Programme is over, better on a Saturday or as decided by the University / School.

4.7 Extra-Curricular Activities in School

The new students shall be introduced to the extra-curricular activities at the School/ university. They shall be shown the facilities and informed about activities related to different clubs etc. This is when selected senior students involved in or leading these activities can give presentations. Various other activities which could be included are role playing/street play, alumni/industry interaction etc.

5 Schedule

The activities during the Induction Programme shall have an Initial Phase and a Regular Phase.

5.1 Initial Phase

Day	Time	Activity
Day 0	09:30 am - 04:00 pm	Academic registration & admission formalities

Day 1	09:30 am - 12:25 am	Institution orientation
	12:30 pm - 01:25 pm	Lunch break
	01:30 pm - 03:55 pm	Department orientation
	04:00 pm - 05:00 pm	Mentor-mentee groups - Introduction within group

5.2 Regular Phase

Regular Phase of induction will start after the first day. In this phase regular Programme is to be followed every day.

5.2.1 Daily Schedule

Some of the activities are on a daily basis, while some others are at specified periods within the Induction Programme. The Sessions on Mentoring with Universal Human Values will be organized as per section 3.2 or **Appendix 2**. A typical daily timetable, which starts from the 2nd day is mentioned below:

Example of Daily Schedule (Day 2 onwards)

Session	Time	Activity	Remarks
I	09:30 am - 10:55 am	Morning session	Lectures by eminent people
II	11:00 am - 12:25 pm	Mentoring with Universal Human values/ Value Added Courses	
	12:30 pm - 01:00 pm	Campus Visit	
	01.00 pm - 02:00 pm	Lunch break	
III	02:00 pm - 03:00 pm	Afternoon Session/ Bridge Courses	Department will display the schedule
IV	03:00 pm - 04:00 pm	Afternoon Session/ Bridge Courses	Department will display the schedule
V	04:00 pm - 05:00 pm	Games	Department will display the schedule

5.2.2 Afternoon Activities (Non-Daily) (Friday & Saturday)

The following activities are to be scheduled at different times during the Induction Programme, as per the context and the feasibility of the HEIs.

1. Familiarization to School/Department

2. Creative Arts and Culture
3. Literary Activity
4. Lectures by Eminent People
5. Visits to Local Area
6. Extra-Curricular Activities in School

Tentative activity schedule for the afternoons (session may be adapted to suit local needs):

Activity	Session	Remarks
Familiarization with School / Dept.	III & IV	Day 1
Creative Arts and Culture	IV	Day 2, 3 and 4
Literary (Play acting / Reading/ Writing)	III	Day 2, 3 and 4
Lectures by Eminent People	I	As scheduled - 3-5 lectures
Visits to Business Incubator	-	On Saturdays (after the Induction programme is over)
Extra-Curricular Activities	III & IV	Day 5
Report on the Induction Programme (group wise)	III and IV	Day 6

Daily Additional Schedule for Hostellers

Session	Time	Activity	Remarks
Morning	06:00 am	Wake up call	
	06:30 am - 07:10 am	Physical activity	(Mild exercise and yoga)
	07:15 am - 08:55 am	Bath, Breakfast, etc.	
Evening	05:00 pm - 05:25 pm	Snacks break	
	05:30 pm - 08:25 pm	Rest and Dinner	
	08:30 pm - 09:25 pm	Informal Interactions (not daily)	(in hostels)

5.3 Follow Up after Induction

The purpose of Deeksharambh is to help students in getting familiarized with the institution as well as its ethos. Undoubtedly time is an important factor for such processes and that is why, it is suggested that the groups which are formed during Induction Programme function as mentor-mentee network. These groups can work on fulfilling requirements of newly admitted students with regards to linguistics / communication skills. Bridge / preparatory courses may be offered for weak students in

different subjects also. A student should feel free to approach his faculty mentor or the student guide when facing any kind of problem, whether academic or financial or psychological etc. For every 10 undergraduate first year students, there would be a senior student as a student guide, and for a group of 20 students, there would be a faculty mentor. Such a group should remain for the entire duration of stay of the student in the School. The groups of the students as well as teachers would be from the same school/department. (On the other hand, it is good to mix the students of different departments in the hostel.)

5.3.1 Follow Up after Induction (Same Semester)

It is suggested that the mentor groups meet with their faculty mentors for an hour every week, within the same semester after the induction is over. This should be a scheduled meeting shown in the timetable. The groups are, of course, free to meet together on their own more often, for the student groups to be invited to their respective faculty mentor's home for dinner or tea would be welcome. There could also be other activities such as nature walk, etc. which help in building relationships among students and teachers beyond classroom. Further, following items may also be included:

1. Organize three days field visits for social sensitization during the semester, for example to a village, hospital, orphanage, etc.
2. Organize one visit to monument for the purpose of bonding as well as awareness about history or city.

5.3.2 Follow Up (Subsequent Semesters)

It is advised to maintain continuity in subsequent semesters. It is suggested that at the start of the subsequent semesters, three days be set aside for full days of activities related to follow up. Show

inspiring films, arrange collective art work and cultural programme, conduct group discussions, and organize lectures by eminent people. Subsequently, the group discussions can also be arranged once a month.

Appendix 1

Preparation for Deeksharambh (Check List)

Preparing for Student Induction Orientation Programme - Check List

A.1.1 Induction- Orientation Policy

1. Every institution shall have induction policy in line with quality mandate of the UGC and UGC guidelines for induction of students
2. Induction shall be mandatory for all the fresh students admitted to any/UG Programme offered by the institution
3. Induction policy must detail out the guidelines, objectives and procedure of conducting induction
4. Lectures/talks should be no more than 20%, with activities taking most of the time
5. Activities to be conducted by grouping students into small groups (including group discussions).

A.1.2 Partners in Induction Programme

1. Newly admitted students
2. Heads of the institutions
3. Important functionaries/ Administrative staff
4. Faculty mentors
5. Selected alumni
6. Students council/association
7. Selected senior students
8. Civil society
9. Invited distinguished people
10. NCC / NSS of IIMTU

A.1.3 Broader Areas

1. Meaning, purpose and relevance of higher education in realising the purpose of life.
2. National Development concerns, development perspectives and priorities.
3. Connect with community, world of work and global society.
4. Self-empowerment, motivation, team work and leadership development.

5. Elective living in constructive and creative way with competence and confidence; life skills including elective communication, decision making, problem solving, creative thinking, critical/ scientific thinking, interpersonal skills, self awareness, empathy, equanimity, coping with stress and resilience.
6. Building a bond with faculty and mentoring.
7. Institutional rules and regulations, norms, academic and administrative structure and learning resources.
8. Institutional culture ethos, etiquettes and manners and value system.
9. Available internal and external sources (curricular, co-curricular and extracurricular) for all-round and holistic development.
10. Sports, cultural, creative, counselling, welfare activities pursued by the institution.
11. Emerging career opportunities and challenges.
12. Introduction and importance of subjects/courses of study selected by the students.
13. Awareness about the institutional mechanism that exists with regard to anti-ragging, prevention of sexual harassment, Swachh Bharat Abhiyaan, anti-intoxicants awareness etc. (Only selected items be taken in the Induction Programme.)
14. Health/ hygiene/ yoga/ time management, etc.
15. E-learning resources, application of ICT and social media for making education employable.

A.1.4. Preparations before Induction

Induction should be a well planned process of introducing the new students to higher education, and the institutional culture. Before it is conducted, it is essential to plan all the activities in advance. The following preparations are recommended:

1. A hyper link on Induction of new students is to be created on the website of the institution having information about the induction, detailed schedule, provision for daily reporting, feedback, etc.
2. Joint meeting of all the partners involved in influencing the process of education.
3. Full support from head of the institution and top management.
4. New students be informed that the Induction is mandatory non-credit course for which a certificate will be issued by the institution.

5. Ensuring compulsory participation by teachers and other partners.
6. Detailed scheduling of the activities based on the nature, size and location of the institution.
7. Preparing Induction Policy and charter for students stating their responsibilities.
8. Composition of Induction committee which will prepare detailed Induction Programme in consultation with head of the institution, facilitate the conduct, monitor and coordinate the whole Induction Programme
9. Appoint Mentor Coordinator before the Induction Programme begins. His/her responsibility is to form mentor groups, ensure smooth running of the group discussions, and hold meetings of mentors periodically.
10. Conducting a half-day workshop for partners on how to conduct induction.
11. Training Programme for faculty to be conducted for mentoring students and imparting holistic education and larger vision of life.

A.1.5 Levels of Induction

1. The induction is to be conducted at the level of institution, faculty/school, department, mentor groups and individual.
2. Face to face interaction, virtual (internet and audio-visual material) and field visits.
3. Pre-induction, interface and continuation during course of study even after Induction Programme is over.

A.1.6 Induction Programme Follow up

Activities to be carried out beyond 1-week in the 1st semester:

1. Mentor groups to meet once a week and continue meeting till the end of semester.
2. Organize 3 field visits for social sensitization during the semester, for example to a village, hospital, orphanage, etc.
3. Organize a visit to a monument or landmark for the purpose of bonding as well as awareness about history or city.

A.1.7 Important Points

1. Induction Committee of the institution will decide about the detailed programme depending upon the type of institution, programmes offered, levels of programmes, number of teachers and students, location, etc.

2. Induction should be given wider publicity through website and media
3. The institution must keep all records relating to induction and evolve mechanism for regular interaction with the students
4. Mentor Coordinator should be appointed before the Induction programme begins.
His/her responsibility is to form mentor groups, ensure smooth running of the group discussions, and hold meetings of mentors periodically.
5. Institution must conduct half-day workshops for orienting the teachers on how to conduct induction.
6. The mentor groups will continue for the whole duration of a programme of study, assist students through interaction on contemporary concerns and develop their competencies/talents to be successful in their future ventures.
7. Use of technology in learning should form integral part of higher education.
9. All teachers should be encouraged to attend induction / orientation programme
10. In case of large institutions/ geographically scattered campuses, the institutional level induction may be done in batches / or through video conferencing.

A.1.8 Recommended Actions during the student Induction Programme

- Set objectives for Induction Programme
- Make induction a team effort
- Prepare a well-structured Induction Programme
- Provide a timetable of events
- Have induction co-ordinators acting across programmes opportunities for active engagement
- Make induction student-centred, and respond to diversity; incorporate icebreaking activities
- Reduction of Lectures
- Provide opportunities for group events
- Include Creative & Performing Arts and Literary Activities Alumni / Industry expert interaction
- Use senior student buddies
- Give attention to stimulating early social integration of students amongst themselves

and with teachers

- Ensure that unit and course information is up-to-date and provided to students; provide an early introduction to the issues of plagiarism
- Information on safety and security; Health and Hygiene facilities
- IT and virtual learning (SWAYAM)
- Environmental Consciousness, Human Values, Movie shows, Clubs
- Information about sports and cultural opportunities; various funding schemes
- NSS/NCC
- Evaluate induction regularly – collect feedback and send the report on the provided link to Registrar office and Vice-Chancellor office.

A.1.9 Student Responsibilities

All students have a responsibility to:

- Treat all members of the University / School community with respect.
- Represent the University / School as responsible ambassadors through their good conduct on and off campus.
- Ensure their actions have a positive impact on the University /School; the local and wider community.
- Assimilate with the University / Schools culture.
- Pursue the academic and professional studies in a diligent, honest and responsible manner.
- Engage with the University / School initiatives to promote well being of humankind.
- Comply with the University / School policies and procedures.
- Seek appropriate support and guidance by asking for help when it is needed.
- Be well informed about their responsibilities and rights as a student.
- Work collaboratively with the University / School for sharing of mutual experience.

Appendix 2

Primer for Mentoring Sessions on Human Values & Professional and Personal Ethics

A. Student Aspirations, Family Expectations

A.1 Get to Know the Students of Your Group

You can begin by introducing yourself in brief, and inform them that you would be their Human Values mentor. Get students to introduce themselves one-by-one (in a language they are comfortable with).

- (i) At personal as well as family level
 - Place/city where I come from (I stands for the student)
 - Family & schooling background (the extent to which the student is comfortable to share)
 - Hobbies & interests
- (ii) At thought level
 - What I wish to be? (What kind of professional career and personal goals, how I project myself, etc.)
 - What I wish to do in my life? (What to do in life through career or otherwise).
Thereafter, the students may be asked the following to continue interaction:
 - (a) Understanding my own goals, desires, feelings
 - (b) Reflecting on my own actions/behaviour

Assignment-A.1

Write 1-2 pages on a person you know who has influenced you a lot. You should have sufficiently interacted with that person. It may be a core family member / extended family member / teacher / neighbour (one may be encouraged to write about two persons, one from family and the other from the extended circle).

Students can write in Hindi, English or their mother tongue. Encourage use of mother tongue.

A.2 My Expectations from the Family

Ask students to talk about their family. My expectations from my family members - mother, father, brother, sister, grandfather, grandmother, chacha, chachi, etc.

- You may respond in between if the students are focussing on only material or non-material aspects.
- We may divide the responses into two categories material requirement (tangible things) for the body and non-material requirement (intangible things) like love, respect, care, etc. for the mind. Having done so, the mentor may create the platform for self introspection by the students so that they prioritise these two types of

requirements in their own life.

- Conclude what we want from our family members.

Assignment-A.2

Observe people around you, observe their behaviour. Whose behaviour influences you a lot? for your self-development, self-understanding to emulate (i.e. to try to do like this or even better than this) in your life.

B. Gratitude

B.1 Expectations within Family

In the past session, expectations within the family have been discussed. Goal was to move the focus from material to non-material aspects. Now we expand the circle from family to people who help us live.

B.2 Recognizing the Role of Others

You may ask students to list people who have done things in the past or are doing things for them.

For example, I had meals today in School mess/canteen. Who are the people that helped me so that I was able to have my meals? Some students might answer, I am grateful towards my father as he has paid for it. Ask who else? Some students might say no one else.

One of the answers that might come is: parents paid for the meals, so persons concerned have received their due.

We may revert back: think, can their contribution be fully repaid in terms of money alone?

Someone had served the food, someone cooked the food, someone bought the raw materials from the market, someone brought food from farms to market, and someone grew the food. There is a long chain of people who helped us in this process. Do you know who served, who cooked, etc. We do not know most of them. In hostel, it may happen that we do not even know who had cooked our food today!

Do you feel gratitude towards each one of the people in the chain?

To exemplify the above case, we may narrate a situation like below: during scorching summer, on the road someone felt so thirsty that it was difficult to sustain without water. You shared your water. Next day the person came with a bucket of water to repay. How would you feel? Do you think even money could repay your contribution?

Think, for such situations, how the contributions can be repaid.

(We may create the spark in the students: how about helping others in similar situations!)

B.3 Our Help to Others

How many people have we helped? Ask the students to think from their past experience.

How many people are we helping now? Most students might realize that they are doing very little for others.

Assignment B.1

Try to know at least one person whom you do not know well who is in the long chain of people helping to get your meal, or in maintaining living condition or in educating you, etc.

Get to know the person, his or her family, background, current state of thinking and well being. Submit a write-up after one week from today. Can you ever repay? [**For future:** The Assignment may be kept open beyond the Induction program. Encourage students to get to know one/two persons and their detailed background. How do you feel for them? Can we ever repay? What best can we do for them?]

C Self and Body

C.1.1 Opening up Larger View

Have a discussion on the role we play as a human being at multiple levels: self, family, hostel, institution, city, nation, world and in nature. What are our responsibilities?

C.1.2 Making Desire/Aspiration List

Ask students to prepare a list of desires/aspirations in their notebook for about 5-8 minutes. Ask some students to read out some of their desires (if they are comfortable doing so). Write the desires so spoken in the form of a list on the board (in the form of bullet points with one or two keywords each). Avoid duplication.

After writing a desire on the board, you could ask why to get the underlying thought. For example, a student might say money. On asking why, he might say to be richest man, on again asking he might say fame or buy whatever I want. These are two different things and the desire listed as money be changed to money - fame or money - get goods. Make sure that you are not judgemental. Do not deride or make fun of any desire nor should you allow the other students to do so.

C.1.3 Classify Desires

After the board is reasonably complete, you may classify each desire into two categories based on what it is fulfilling:

- Mental need
- Physical need

For example, clothes fulfils physical need to protect our body from heat or cold. What do “branded

clothes”

fulfil? Is brand our attempt to fulfil our need for respect and recognition?

Would it ever fulfil the need by clothes? Even if it apparently fulfils it, would it have continuity or break down very soon?

C.1.4 Conclusion

At the end, you can conclude the following:

- The list is not infinite, but finite. It is only some tens in number.
- Most desires relate to mental rather than physical need.

We would like our desires to be free of mutual conflicts (between desires), free of internal contradictions or contradictions to our naturalness.

Assignment C.1

- Make a list of your desires/aspirations. (You may use the list you have already made in the class).
- For each desire, ask ‘why’. When you come up with an answer, ask ‘why’ again! Keep doing it to get to underlying thought.
- Write the underlying need that you get (need for feeling or physical need for body).

C.2 Needs of Self and Body

Discuss the needs of Self and Body in tabular form with respect to continuity in time, nature of need (qualitative or quantitative), finite or infinite, fulfilled by, activities etc.

	Self	Body
Example needs	Trust, Respect	Food, Clothing
Needs are ...	Happiness	Physical Facilities (Suvidha)
In Time, needs are	Continuous	Temporary
In Quantity, needs are	Qualitative (no quantity)	Quantitative (limited in quantity)
Needs are fulfilled by	Right understanding and right feelings	Food, clothing, etc.
Activities are	Desiring, Thinking, etc.	Breathing, heart-beat, etc.
Activities	Knowing, Assuming, Recognizing, Fulfilling	Recognizing, Fulfilling
It is of type	Conscious (non-material)	Physico-Chemical (material)

(if time available) knowing, assuming, recognizing and fulfilling (Jaanana, Maanana, Pahchaanana, Nirvaha Karna).

C.2.1 Distinguishing between Needs of Self and Body

Assignment C.2.

Go through the list of desires/aspirations prepared by students earlier, and classify them as satisfying the needs of “I” or the needs of the Body or of Both. You may have done so already.

Assignment C.3

- Give five examples in which you mix your mental and physical needs.
- For each example, what issues do you see due to which inter-mixing takes place and what can be done to resolve them.
- How do you relate some problems in society (e.g. corruption, global warming) due to this inter-mixing. Give four such problems and discuss.

D Peer Pressure

D.1 Pressure Related to Appearance

The following scenario may be used to start a discussion on the topic. Scenario 1

You are wearing plain clothes but pleasantly dressed, and going to a party. Before entering the hall you could peep in and find that everybody else is wearing expensive/stylish clothes. What would you do? Leave the place before anyone notices you, or walk in as usual without a concern?

Issues/Questions:

- Do you identify yourself (i.e. do you associate respect) with your clothes?
- Are clothes the most important part of you?
- Do you look at yourself based on others perception of you?

D.1.1 Asymmetric Situation

In Scenerio 1, consider that you are wearing expensive/stylish clothes and others are wearing plain clothes.

Would you act differently in this case.

Cultural issue

In Scenerio 1, consider, instead of plain clothes vs. expensive clothes, the situation is between kurta-pyjama vs. coat-pant, or sari vs. slacks-jeans. What would be your action?

D.1.2 Valuable/costly gadgets

Scenario 2

Your friends are using valuable/costly gadgets like mobile, laptop etc. which your family cannot afford for you.

Issues/Questions:

Do you feel Internal Pressure that they are different class of people than you? Do you feel hesitation in making friendship and behave normally with them?

D.1.3 Latest Model Gadgets

In Scenerio 2, if the issue is of latest model having attractive outward look, what would your feeling be?

A Note of Caution to Mentors:

After attending so many HV classes, it is likely that the students (feeling the pulse of the subject) would smartly respond to the above questions in idealist / right way to show that they are above these petty issues. In that case, you may provoke them to think whether they would do it in a Real Situation. You may bring it closer to their Life Situation. Would they wear it in their Class Tomorrow?

D.2 Clarifying the Meaning of Peer Pressure

D.2.1 Peer Pressure - Some Basics

Peer: A 'peer' is someone in your own age group. Peer group: Persons of equal rank / quality/ worth.

Pressure: Pressure is the Feeling that you are being pushed towards making a certain choice - good or bad.

D.2.2 Definition of peer pressure

Peer Pressure on a person is the influence of a Peer Group that encourages to change the persons attitudes, values, behaviours or action to conform to the Peer Group.

- a. In all the above situations, if somebody feels any Internal Pressure leading to

Inferiority / Superiority Complex, it can be said that the person is under Peer Pressure.

Peer Pressure is a psychological pressure one experiences when one holding some Pre-Conditions (like Belief, Thought, Feeling, Behaviour, and Action) which is different from the pre-conditions of people around.

Peer Pressure forces one to Change / Alter one's Own Values and adopt the Values of the others though the latter are actually NOT of substance.

In other words, it may be said that we act under peer pressure when we try to adopt pre-conditions Only to Please Others even though we feel it is Not good.

b. A few more statements on Peer Pressure

Peers influence your life, even if you don't realize it, just by spending time with your peer group.

You learn from them, and they learn from you.

Peers play a large role in the social and emotional development of children and adolescents.

Their influence begins at an early age and increases through the teenage.

Responding to peer pressure is part of human nature but some people are more likely to give in, and others are better able to resist and stand their ground. Peer pressure is NOT always negative. But the goal is to be self organized.

D.2.3 Purpose of Material/Physical Facilities, say Clothes

We may put this issue before the students for deliberation. And finally, it may be summed up as follows.

Purposes of dress are to:

- Protect the body as per climatic need, and
- Cover the body parts as per social norms.

The following questions may be put regarding costly or branded clothes (e.g., branded Jeans & T-shirts): Is it a demand of the body to go for costly & branded clothes OR body needs comfortable clothes?

Which one is more comfortable cotton or polyester?

What needs does a costly or branded dress (or Jeans/T-shirts) satisfy? Ans: Need for identity, respect etc.

Are these need of the body or

need of the self? Ans: Self.

D.2.4 Satisfaction of Needs on Self

Can needs of self be satisfied by feelings or by goods?

Thereafter, the students may be asked to examine, if the same thought is applicable for the physical facilities like Mobile phone, Laptop, Watch etc.

Answer might be that brand ensures quality of product. But are you buying the brand for the sake of so-called quality or show off value. Would you be willing to remove the visible brand label from your dress!

Observe yourself. Note that the observation is possible in the light of the right proposal. For example, it is possible here by separating the needs of the self and the needs of the body.

Assignment D.1

- Take one or two examples where you have mixed your mental and physical needs (from Exercise 7.2), and re-examine why mixing is taking place.
- What insecurities come to your mind? (This is self observation.)
- Do you see any conflict between desires?

E Prosperity

E.1 Basics

Prosperity is a feeling that I have more than my physical needs. It implies that:

1. I know my physical needs.
2. I have more than my physical needs.
3. I know that I have more than my physical needs.

In the above, (2) is objective, but (1) and (3) have to do with knowledge in the self.

1. Knowledge in the self
2. Physical assessment

In the absence of such knowledge, one feels (poor) 'daridra', even when one has a lot of physical resources or wealth. Is it not that two brothers fight over the family possessions, even after each receives crores of rupees.

E.2 Conditions

1. I should know my physical needs. I cannot feel prosperous if:
 - My needs are not definite. They keep changing based on what the other person has. If my needs are based on comparing with what the other person has, they will keep fluctuating. For example, if the other person gets item X, I would also need to have it. Or if the other

person gets a bigger item Y, I feel that I do not have such an item, even when my needs are fulfilled.

2. I should be able to differentiate between the needs of the self and the needs of the body, and know that one cannot be fulfilled by the other.

If I try to satisfy the needs of the self by physical goods, these can never be fulfilled.

- One is continuous in time, the other is discrete.
- One is qualitative, the other is quantitative (and finite).
- One relates to feelings, the other to physical entities.

For example, if one tries to satisfy the need for respect by goods (e.g., a larger car or a bigger house), it can never be fulfilled. Or if I try to get respect by position (IAS officer, politician), it cannot be obtained; or if I try to get it by wealth, it cannot be obtained.

3. Similarly, to satisfy the needs of the body, I need physical assets, and not feelings. No amount of respect would satisfy hunger, for example.

E.3 Result

It is a common mistake belief today that needs of the body are the sole need. If they are satisfied, all the needs would be satisfied.

Education today teaches skills with hardly any thought of values. As a result, needs of the self remain unfulfilled.

There are two type of people, predominantly:

- Sadhan viheen dukhi daridra (SVDD) (i.e. without resources, unhappy and deprived)
- Sadhan sampanna dukhi daridra (SSDD) (i.e. with resources, unhappy and deprived)
- Our education system at best takes students from SVDD to SSDD state.
- Check this point: What did your parents say, you will get after IIT education?

What is needed is to go to the state of:

- Sadhan sampanna sukhi samriddha (SSSS) (i.e. with resources, happy and prosperous)

This will happen only when we understand (*possess knowledge*) what are my needs, that the needs of self and body are different, and they both need to be fulfilled separately. If one mixes the two needs, neither can be fulfilled.

E.4 Advanced Topic

Prosperity also extends towards future. Not only now, I have more than my needs, but in future also I shall have more than my needs.

This comes out of two key understandings:

1. Nature has more resources than needed by me and all the people.
(India produces 2.6 times the food needed by all its people. But then, why are so many people hungry? Wrong social systems produce shortages for some, riches for others. There are also people who have no money to buy. It happens when there is lack of understanding of relationships or unwillingness to part with whatever is extra.)
2. Ultimately, feeling of prosperity comes out of relationships! That is what gives us assurance about the future. We will be discussing relationships next.

Assignment E.1

1. What is the meaning of prosperity? Give the areas of living (e.g., food, mobile phone, house) where you feel prosperous and areas where you feel not. Explain with examples.
2. Give examples from your life where you think the lack of prosperity is due to your mixing the needs of the self with needs of the body (i.e., you are trying to satisfy the need of the self by physical things, which cannot be satisfied). What would you do about it?

F Relationship in Family

F.1 Seven Relations

1. Parents-children (maataa & pitaa, putra-putri)
2. Teacher-student (guru-shishya)
3. Brother-sister (bhai-behan)
4. Friend (mitra)
5. Saathi-sahayogi (leader-assistant at work place)
6. Husband-wife (pati-patni)
7. System related (Vyavasthaagata sambandh)

F.2 Justice (Nyaya) in Relationship

We have discussed expectations. Now we would like to introduce feeling (Bhaav) in relationship. The feelings are in us (namely, in self). We can experience the feelings.

The important point is, expectations in relationships are due to feelings. We usually assume that expectations are for goods. For example, expectation in parent-children relationship is the feelings of mamta (feeling of caring), vatsalya (feeling of guidance). Outcome of this would be providing food etc. not vice versa. If there is only transaction of goods, it is not a relationship, but a transaction or sauda.

Fulfilment of expectation of feeling leads to justice (nyaya). Justice (Nyaya) consists of four elements:

1. Recognition/identification of values (mulya ki pehchan) in one-to-one relationship,
2. Effort made for fulfilment of expectation in relationship (mulya kaa nirvah),
3. Right evaluation of the effort for fulfilment of values and its success etc. and
4. In case of success, feeling of Mutual Happiness (Ubhay-tripti).

For example, in Parent-Child relationship, parent recognises the feeling of Affection, and child recognises feeling of Gratitude. If child is hungry, parent makes effort to feed the child with feeling of Care (mamta). And the child, in turn, feels fulfilled and feels Gratitude. Thus, in the process of fulfilment of values, parent as well as child feels Happiness leading to Ubhay-tripti.

F.2.1 Related topics for discussion

- Sambandh and Sampark
- There are mulya (values) in relationship

F.2.2 Follow up questions are:

1. Do you want nyaya only on a few occasions or every moment? Answer: Every moment
2. Do you think it is the court of jurisdiction that can ensure Nyaya or only open-hearted discussion within the family members is the way for ensuring Nyaya?

Answer: Discussion within family members.

Elaborate on how the court cannot ensure nyaya. Court can proclaim only judgement (faisla), cannot ensure ubhay-tripti. Nyaya would be there if all parties recognize their role in fulfilling expectations.

F.3 Transaction and Relationship

A transaction is where two people work together or exchange something according to some agreed terms. Many functions in a society are accomplished by means of transactions.

In a relationship, expectations are related to feelings. The difference between a relationship and a transaction is that in a relationship, the feelings are primary.

F.3.1 An Example - Restaurant Operating through Gifts

Consider the following example. A family went to a restaurant, and had a meal. After it was over, they asked for the bill. The bill surprised them. It listed the expenses for the meal, but at the end, it said you do not have to pay anything because your bill has been paid! The surprised family looked around as it asked, but who has paid our bill?

The waiter replied that the previous customer had paid the bill. As the family, start to get up, the waiter asked, would you like to gift a meal to the next customer?

F.3.2 Feel the Feelings

The students were asked, what would you feel if you were in that situation? After a couple of jovial comments, they replied that it obviously would feel good. When asked to close their eyes and feel those feelings, some replied that there would be positive feelings, they would feel gratitude towards the unknown donor, etc. These feelings are what we have earlier called “continuous happiness”.

When the customers would give, they would also feel happy that they are leaving a gift for someone (rather than paying for a service).

F.3.3 Chain of Life

One of the students pointed out that this is what life is. We get gifts from our ancestors, unknown people, and the humanity at large. And when we pass away, we leave gifts for the coming generation. This is how life is.

F.3.4 Gift Culture

When we build a society in which gift culture (give and give) is inculcated, it gives happiness to all around (to the giver as well as to the recipient, who in turn can give for someone else).

In the example, when asked how much money would you leave for the next customer, many students replied that they would leave an amount slightly more than the bill.

Now consider two situations, first, the one above, and second, a normal restaurant. In both the cases, the meal is eaten, and the money is paid; however, in the former, feelings are generated as well!

F.4 Fair Transaction

The conversation moved to transaction, we are not against it. But the transaction should, of course, be a *fair transaction*.

What is fair? Fairness is not determined by only legal viewpoint, which can give us only the minimum.

A wise society builds its culture and practices in which feelings get generated or enhanced in day to day functioning, in its practices, in the transactions.

F.4.1 Example - Tea Vendor at a Station

I was travelling on a train from Delhi to Kanpur on a cold wintery night. It was 3rd January, 2011 and the time was about 5 am. The train came to a stop, and I woke up.

On peeping through the window, I noticed that it was a very small station, where even the

platform was of quite low height. On getting down, we learnt that a train, just three trains ahead of our train, has had a major accident.

While waiting to find out what would happen next, I went to a tea shop. It was the only tea shop, and it was full because of the train and the cold wintery morning. The tea shop owner declared: Tea will be served to everyone, at the same price, in the same proportion of tea leaves, sugar and milk. I have phoned for milk, and more milk would be arriving soon. And sure enough, a couple of milk men with milk containers on their scooters started arriving.

F.4.2 Values Imparted by Modern Education

Suppose the vendor had said that I am raising the price of tea to Rs.10, how would you feel? Most students said that they would feel cheated. But legally, as long as he has announced the new price beforehand, it is not cheating.

If a person educated in economics or MBA was there, what would he have said about the tea vendor? Probably he would have said, “He is a fool; he should increase the price.” And he would justify it by referring to the Theory of Supply and Demand.

Where would such an educated person might have studied? Perhaps in the best of our business schools and have done an MBA. So the best of our institutions are teaching this to the best of our students, through the best of our teachers!

F.4.3 Societal Values

Under what values is the tea vendor operating, when he is not raising the tea prices? It is the value which says that it is wrong to take advantage of a person, in his time of need or helplessness. And his behaviour generates a good feeling.

At the time of payment for the tea, there were many people wanting to pay and go. All I did was, paid Rs.50 currency note and went away before the vendor could return the money. This is the least I could do to acknowledge the values of that vendor.

Wise societies build their practices and laws which promote values/feelings, even in ordinary transactions.

F.5 Justice Leads to Harmony

The feeling of justice is experienced or realised at the level of family first. Then it extends to the society level and gradually to the world family (vasudhaiw kutumbakam).

F.6 Nine Values (Mulya)

There are nine types of feelings or values in relationships.

1. Trust (Vishwas)
2. Respect (Samman)
3. Affection (Sneha)
4. Care (Mamta)
5. Guidance (Vatsalya)
6. Gratitude (Kritagyata)
7. Reverence (Shraddha)
8. Glory (Gaurav)
9. Love (Prema)

G Mulya in Relationship: Trust (Vishwas)

G.1 Definition

Everybody wants to be Happy and Prosperous. The assurance within myself that the other human being wants to make me happy and prosperous continuously and unconditionally is known as Trust.

G.1.1 Exploring into Trust

Verify the following four statements by asking yourself whether you agree: Proposition regarding want or chaahat

Likely answers of students (write actual answers on the board)

1. I WANT to make myself always happy. # Yes
2. I WANT to make the other person always happy. # Yes
3. The other WANTS to make himself/ herself always happy. # Yes
4. The other WANTS to make myself always happy. # ?

Now verify the following four statements on the basis of your competence: Proposition regarding competence or yogyata. #

Likely answers:

1. I am ABLE to make myself always happy. # ?
2. I am ABLE to make the other person always happy. # ?
3. The other is ABLE to make himself/ herself always happy. # ?
4. The other is ABLE to make myself always happy. # ??

Take the example of a friend with whom you had a dispute followed by unhappiness

- The first set of four questions [1-4] are related to my intention or chaahat (in other words, what

I really want to be).

- The next four [1-4] are related to my competence or yogyata, in other words, whether I am capable of rendering what I want.

Contrast between doubt on intention vs. doubt on competence. In terms of competence, trust can be viewed as: To be assured that the intention of the other is always correct. Let us examine, in general, where we go wrong in judging the intention and competence.

1. We generally evaluate ourselves on the basis of our intention and others on the basis of their competence.
2. We seldom look at our competence and other's intention.

A few examples of the above two statements demonstrate my perception: My perception about the other # My perception about myself

The other broke a glass # The glass broke due to slip of my hand
The other did not come on time # I tried really hard to reach on time

The other makes mistakes intentionally # I make mistakes by accident
The other is at fault #

I am right
If we can see the intention of others, it might work miracles, as seen below:

1. If we have trust on other's intention, we have a feeling of being related to the other and spontaneously start helping the other to improve his competence, if he is lacking.
2. If we do not have trust on other's intention, we have a feeling of opposition with the other which leads to fights, dispute, and ultimately to bitterness.

G.1.2 Further Exploration

A demanded/ asked for/ expected something from B which B could not fulfil. Let us explore, who is at fault for such non-compliance A or B. Mentors may ask from students the various reasons for which B could not fulfil the expectation of A. Possible responses may be like the following:

- B is not having the desired thing.
- B does not want to help A.
- In the past, A did not fulfil the expectation of B. And examples like that.

With some dexterity, mentor would prove from each of the responses that A could not build up requisite Trust in B for fulfilling his expectation, hence the blame rests on A alone for such non-compliance.

Take-away: The Intention of the other is always positive (like myself) only the Competence may be lacking.

G.1.3 Assignment G.1

1. List the names of persons on whom you have complete Trust on their intention - continuously & unconditionally.
2. Name persons you feel close to but not coming in the above list. Why do you lack complete Trust in them? Describe.
3. Also list how many people have complete Trust on you. How do you know it?

H Mulya in Relationship: Respect (Sammaan)

H.1 Definition

Sammaan = Sam (right) + maan

(evaluation) Respect = Right evaluation

H.2 Disrespect (Apmaan)

Whenever the evaluation is not right, it is disrespect. If we observe, we will find in our day-to-day relationship, we tend to do one of the following four, leading to disrespect:

Over Evaluation (Adhi-mulyan) to evaluate for more than what it is. Under Evaluation (Ava-mulyan) to evaluate for less than what it is

Otherwise Evaluation (Anyatha-mulyan) to evaluate for other than what it is. No Evaluation (Amulyan OR Nirmulyan) ignoring to evaluate

H.3 Right Evaluation on the basis of the Self (I) (of a human being)

Seeing that the other is like me (points (1) to (3)):

1. Our purpose is the same since our Natural Acceptance is the same:
2. As I want to be and remain continuously happy, so does the other.
3. Our purpose is the same: My purpose is to live happily throughout.
4. Understanding and living in Harmony at all levels, so it is for the others.

Capacity (khsamta) is the same: I have the ability to understand (samajh) and so does the other. As I continuously operate in the form of Desire, Thought & Selection, same is with others.

5. The difference is only at the level of Understanding (not just information):
- If the other has Better Understanding than Me, I need to understand from the other.
 - If the other has Lesser Understanding than Me, I accept the responsibility to improve the Understanding of the other.

H.4 Grave Mistake in evaluating human being

Human being is a coexistence of Self and Body. The needs of Body and those of the Self are different. The activities of the Body and those of the Self are also different. But we evaluate human beings based on body or society:

- based on rupa (body): e.g. race, color, size, gender
- based on bala (body): e.g. physical strength
- based on pada : e.g. position
- based on dhan : e.g. wealth, money
- based on beliefs: e.g. based on caste, religion, ideology, and any other beliefs.

In the process, one totally ignores the Self. This is a Grave Mistake and Disrespect to human being. It has led to differentiation among human beings on the basis of race, nationality, caste, religion, ideology etc. and is the prime cause of conflict.

Assignment H.1

Narrate five interactions you had with others and check whether you had evaluated them based on 5 wrong properties i.e. rupa, bala, pada, dhana & buddhi.

Acknowledgement: We extend our sincere thanks and gratitude to UGC for the issuance of guidelines for **Deeksharambh** under Quality Mandate.

TABLE OF CONTENTS

Day	Events No.	Events
Day 1	1	Welcome of New Students
	2	Introduction of University By Dr. V. S. Patial (Dean, Physical Education)
	3	Key note speech by Hon. Chancellor Sir
	4	Department & Programme Introduction By Dr. Dev Parkesh (Head, Physical Education)
	5	Introduction for NSS/NCC by Subedar Major Ajay Kumar
	6	Introduction for the Faculty member
Day 2	7	Lecture by Dr. A. K. Chauhan, Chief Proctor IIMTU, Meerut.
	8	Introduction for the New Students
	9	Lecture on Chandaryann by Dr. V. S. Patial, (Dean, Physical Education)
	10	Subject Introduction by Class Mentors
Day 3	11	Lecture on Human Values by Dr. Renu Aggarwal, School of Basic Science and technology, IIMT, Meerut
	12	Lecture on Incubation/Statup by Dr. Vaibhav. Incubation Lab, IIMT, Meerut
	13	Lecture on Mentors Mentee System by Dr. K. K. Singh (Asso. Prof., Physical Education)
	14	Recreational Sports Activity by Dr. Arun Kumar Nagar & Ms. Pragati Rathi
Day 4	15	Lecture on NPTEL/SPOKEN by Ms. Aishwariya Saxena, IIMTU, Meerut
	16	Lecture on Library by Dr. Jyoti, Central Library, IIMTU, Meerut
	17	Lecture by Dr. Pushkar Vohra, Jt. Director C.B.S.E., New Delhi
	18	Cultural Activity by Dr. Deep Sikha Raghav
Day 5	19	Lecture on “Out Reach Programm” by Dr. Shubha Dwivedi, IIMTU, Meerut
	20	Lecture on “Anty Ragging” by Dr. Virender Singh & Dr. Sanjeev Kumar, IIMTU, Meerut

	21	Lecture on “Moral Values” by Dr. Sarita Goswami, IIMTU, Meerut
	22	Lecture on “Role of media in Sports” by Dr. Ravinder Rana, IIMTU, Meerut
	23	Lecture on “Professional Ethics & Discipline” by Dr. Divesh Chaudhary, IIMTU, Meerut
Day 6	24	Talent Hunt Activity by Class Mentors
	25	Lecture on “Sports facilities in University” by Dr. Divesh Chaudhary, IIMTU, Meerut
	26	Lecture on “Communication Skills” by Dr. I. K. Pathak, IIMTU, Meerut
	27	Org. Friendly Basketball Match by Mr. Ishu Yadav
Day 7	28	Lecture on “ERP” by Mr. Manish Kumar, IIMTU, Meerut
	29	Lecture on “Cultural Committee” by Ms. Asha, IIMTU, Meerut
	30	Visit of Central & Departmental Library by Dr. Divesh Chaudhary, Dr. Vijay Parkesh & Mr. Ishu Yadav
Day 8	31	Lecture on “University Exam System” by Dr. Deepak Kumar, IIMTU, Meerut
	32	Visit of University facility by Dr. Arun Kumar Nagar & Mr. Ishu Yadav
Day 9	33	Lecture on “Personality Development” by Dr. Ekta Sharma, IIMTU, Meerut
	34	Quiz Competition Org. by Dr. Sangeeta Singh, Ms. Pragati Rathi & Mr. Ishu Yadav

DEEKSHARAMBH 2023-24

Department Name	Physical Education
Event Name	Induction and Orientation Program 2023-24
Event Date	11.09.2023 to 20.09.2023
Number of Days	09
Venue	Seminar Hall, E Block
Participants	Students/Faculty/Staff
Student Engagement	

About the Event:

Transition from school to university/college life is one of the most challenging events in a student's life. When new students enter an institution, they come with diverse thoughts, backgrounds and preparations. They come into a new unfamiliar environment, and most of them have little knowledge of a university/college. An important task, therefore, is to welcome new students to Higher Education and prepare them for their new role.

Currently, precious little is done by most institutions, except for an orientation Program lasting a couple of days. Student Induction is designed to help in the whole process. Therefore, it should be taken seriously, and as something more than the mere orientation Program.

The purpose of Deeksharambh - Student Induction Program is to help new students adjust and feel comfortable in the new environment, inculcate in them the ethos and culture of the institution, help them build bonds with other students and faculty members, and expose them to a sense of larger purpose and self exploration.

The term induction is generally used to describe the whole process whereby the incumbents adjust to or acclimatize to their new roles and environment. In other words, it is a well planned event to educate the new entrants about the environment in a particular institution, and connect them with the people in it.

Student Induction Program engages with the new students as soon as they come into the institution, before regular classes start. At the start of the induction, the incumbents learn about the institutional policies, processes, practices, culture and values, and their mentor groups are formed.

At the end of the orientation program, Dr. Sarita Goswami (Dean, College of Education), Dr. V.S. Patyal (Dean, Physical Education) congratulated all the students.

Glimpse of the Day-9

The stage was moderated by Dr. Divesh Chaudhary and all the teachers of the department were present in the seminar hall during the program.

Outcomes:

The purpose of *Deeksharambh* - Student Induction Program was to help new students adjust and feel comfortable in the new environment, inculcate in them the ethos and culture of the institution, help them build bonds with other students and faculty members, and expose them to a sense of larger purpose and self exploration.

Closing remarks-description:

The term induction is generally used to describe the whole process whereby the incumbents adjust to or acclimatize to their new roles and environment. In other words, it is a well planned event to educate the new entrants about the environment in a particular institution, and connect them with the people in it.

DEEKSHARAMBH 2023-24

Department Name	Law
Event Name	Orientation 2023-24
Event Date	11/09/2023 to 20/09/2023
Number of Days	9 (Nine)
Venue	College of Law
Participants	All Faculty Members of College of Law & all new students of B.A.LL.B. Integrated First, LL.B. & LL.M.
Student Engagement	As per the Orientation Schedule of College of Law, IIMT University, Session 2023-24

Introduction to Event:

In any university to introduce and adjust the students to a college life is the most essential aspect of an orientation program. It provides an opportunity to the new students to acquaint & to make experience a sense of connectedness with the faculties, facilities, and surroundings within the campus. Therefore the orientation programs at College of Law are designed to acquaint new students with the collegiate environment, academic studies, peers and network with the campus community. Introductory sessions of this program aim at giving an overview about the academic course pursued by the students and to provide information and opportunities to explore academic success strategies and to orient them to the college and legal environment. College of law aims to create opportunities and offer experiences that are directly informed by the educational philosophy and practices of the college and through which students will be able to engage their passions, challenge their beliefs and continue to grow intellectually, socially and emotionally.

DEEKSHARAMBH 2023-24

Department Name	Naturopathy And yogic Sciences
Event Name	Induction and Orientation Program 2023-24
Event Date	11.09.2023 to 20.09.2023
Number of Days	09
Venue	Seminar Hall, C Block
Participants	Students/Faculty/Staff
Student Engagement	

About the Event:

Transition from school to university/college life is one of the most challenging events in a student's life. When new students enter an institution, they come with diverse thoughts, backgrounds and preparations. They come into a new unfamiliar environment, and most of them have little knowledge of a university/college. An important task, therefore, is to welcome new students to Higher Education and prepare them for their new role.

Currently, precious little is done by most institutions, except for an orientation Program lasting a couple of days. Student Induction is designed to help in the whole process. Therefore, it should be taken seriously, and as something more than the mere orientation Program.

The purpose of *Deeksharambh* - Student Induction Program is to help new students adjust and feel comfortable in the new environment, inculcate in them the ethos and culture of the institution, help them build bonds with other students and faculty members, and expose them to a sense of larger purpose and self exploration.

The term induction is generally used to describe the whole process whereby the incumbents adjust to or acclimatize to their new roles and environment. In other words, it is a well planned event to educate the new entrants about the environment in a particular institution, and connect them with the people in it.

Student Induction Program engages with the new students as soon as they come into the institution, before regular classes start. At the start of the induction, the incumbents learn about the institutional policies, processes, practices, culture and values, and their mentor groups are formed.

Glimpse of the Day-9

The stage was moderated by Dr. Kishan Singh and all the teachers of the department were present in the seminar hall during the program.

Outcomes:

The purpose of *Deeksharambh* - Student Induction Program was to help new students adjust and feel comfortable in the new environment, inculcate in them the ethos and culture of the institution, help them build bonds with other students and faculty members, and expose them to a sense of larger purpose and self exploration.

Closing remarks-description:

The term induction is generally used to describe the whole process whereby the incumbents adjust to or acclimatize to their new roles and environment. In other words, it is a well planned event to educate the new entrants about the environment in a particular institution, and connect them with the people in it.

Department Name	Nursing
Event Name	Induction and Orientation Program 2023-24
Event Date	11/09/2023 to 20/09/2023
Number of Days	09
Venue	Department G-block
Participants	Students/Faculties /Staff
Student Engagement	90

Introduction to Event:

Transition from school to university life is one of the most challenging events in astudents' life. When new students enter an institution, they come with diverse thoughts, backgrounds and preparations. They come into a new unfamiliar environment, and many ofthem have little knowledge of a university. An important task, therefore, is towelcome new students to Higher Education and prepare them for their new role.

Purpose of Student Induction Program is to help new students adjust and feel comfortablein the new environment, inculcate in them the ethos and culture of the institution, help thembuild bonds with other students and faculty members, and expose them to a sense of largerpurpose and self-exploration.

Students Induction program at IIMTU covers a number of different aspects:

Socializing: meeting other new students, senior students, student's club, Lectures byEminent People;

Associating: visits to University / college, visits to Dept./Branch/ Program of study& important places on campus, local area, city and so on;

Governing: rules and regulations, student support etc.;

Experiencing: Subject lectures, study skills, small-group activities, physical activity, creative and performing arts, literary activities, universal human values, etc.

	44.	Departmental Activity: Session on Career opportunities in Journalism & Mass Communication by Dr. Arkin Chawla

DEEKSHARAMBH 2023-24

Department Name	School of Media, Film and Television Studies
Event Name	Induction and Orientation Program 2023-24
Event Date	11.09.2023 to 20.09.2023
Number of Days	09
Venue	SEMINAR HALL (Block A , TPO) and SOMFT, D-Block, IIMTU
Participants	Students-17/Faculty-09/Staff-04
Student Engagement	BA(JMC):11/12 MA(JMC): 06/11 PGDRTP: 01/02

About the Event:

Transition from school to university/college life is one of the most challenging events in a student's life. When new students enter an institution, they come with diverse thoughts, backgrounds and preparations. They come into a new unfamiliar environment, and most of them have little knowledge of a university/college. An important task, therefore, is to welcome new students to Higher Education and prepare them for their new role.

Currently, precious little is done by most institutions, except for an orientation Program lasting a couple of days. Student Induction is designed to help in the whole process. Therefore, it should be taken seriously, and as something more than the mere orientation Program.

The purpose of Deeksharambh - Student Induction Program is to help new students adjust and feel comfortable in the new environment, inculcate in them the ethos and culture of the institution, help them build bonds with other students and faculty members, and expose them to a sense of larger purpose and self exploration.

The term induction is generally used to describe the whole process whereby the incumbents adjust to or acclimatize to their new roles and environment. In other words, it is a well planned event to educate the new entrants about the environment in a particular institution, and connect them with the people in it.

Student Induction Program engages with the new students as soon as they come into the institution, before regular classes start. At the start of the induction, the incumbents learn about the institutional policies, processes, practices, culture and values, and their mentor groups are formed.

Deeksharambh: Day-1

On the first day of Deekshaarambh, the School of Media, Film & Television Studies successfully conducted an engaging and informative session for the new students. The event comprised various key points, including:

1. Hon'ble Chancellor Sir's Speech:
2. Introduction to University.
3. Campus Videos
4. Alumni Speak
5. Controller of Examination Session by Dr. Deepak Kumar Sidhu, COE
6. Dean Students' Welfare Session by Dr. Neeraj Sharma, DSW
7. Departmental Activities

Glimpse of the Day-1

First day of orientation program has provided them with valuable information and resources that will assist them in their journey towards becoming skilled professionals in the field of journalism and mass communication. We encouraged new budding students to take full advantage of the opportunities available to them, to explore their passions and interests within the industry, and to approach their studies with enthusiasm and a commitment to excellence. Best of luck in academic journey, and we look forward to seeing all that they will achieve as part of our department.

Deeksharambh: Day-2

The second day of Deeksharambh at the School of Media, Film & Television Studies (SOMFT) was marked by informative and interactive activities. The key highlights of the day were as follows:

1. Personality Development Session
2. Industrial Visit to Amar Ujala Newspaper
3. Bridge Course on Introduction to Journalism by Dr. Arkin Chawla

Glimpse of the Day-2

The second day of the orientation program for new journalism students was highly informative and engaging. The session on personality development provided valuable insights and techniques for self-improvement, which will undoubtedly benefit the students throughout their journalism careers. The industrial visit to Amar Ujala Hindi newspaper office offered a firsthand experience of the inner workings of a leading media organization, giving the students a glimpse into the real-world application of their studies. Additionally, the bridge course on introduction to journalism equipped the students with foundational knowledge and skills necessary for their future endeavors in the field. With such a promising start, the remaining days of the program are sure to be equally enriching and rewarding for the aspiring journalists.

Deeksharambh: Day-3

The third day of the Deeksharambh orientation programme at the School of Media, Film & Television Studies (SOMFT) featured several informative and engaging sessions for the newly admitted students. Here is a summary of the key highlights:

1. Lecture on Sociology by Mr. Shiv Mohan, Assistant Professor, SOAH
2. Bridge Course on the History of Media by Dr. Ravendra Pratap Rana, Dean, SOMFT
3. IIMTU ERP Session by Mr. Manish Kumar, ERP Coordinator
4. Session on Cultural Committee by Dr. Pooja Sharma, Cultural & Alumni
5. Session on Career Opportunities in Journalism and Mass Communication by Mr. Vibhor Gaur

Glimpse of the Day-3

The third day of the Deeksharambh program witnessed enthusiastic student participation in sessions led by faculty and experts from diverse disciplines. These sessions expanded their knowledge and allowed them to explore different aspects of media, communication, and related fields. Students eagerly anticipate the upcoming sessions and opportunities that lie ahead at SOMFT, IIMTU.

Deeksharambh: Day-4

The fourth day of Deeksharambh at SOMFT was filled with informative sessions and interactive discussions. The following are the key points of the day:

1. Session on NCC/NSS by Mr. Ajay Kumar
2. Bridge Course on Communicative Hindi by Dr. Vivek Singh
3. Celebration on Hindi Divas, speakers are Shri Pramod Kumar Tyagi and Dr. Ishwar Chand Gambheer
4. Quiz on Hindi Language

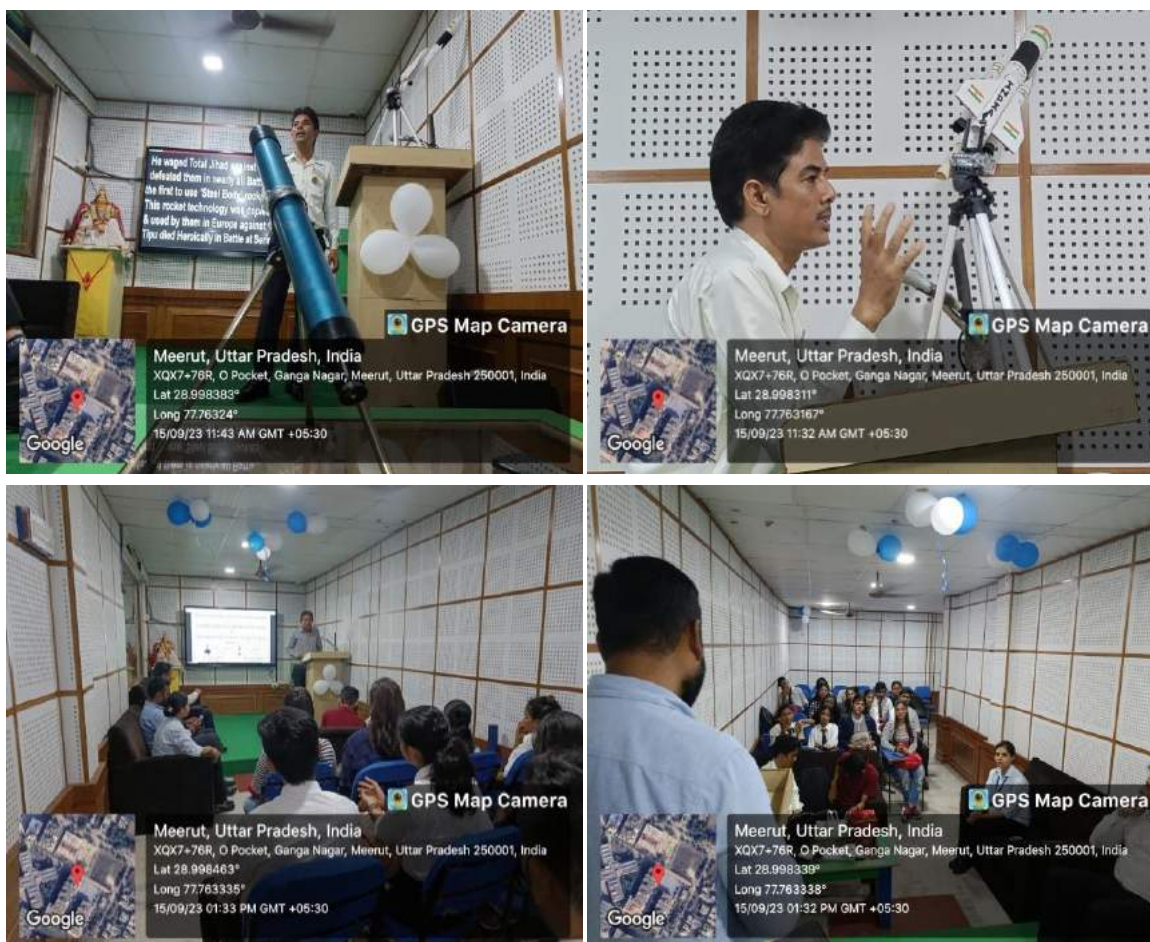

Glimpse of the Day-4

On the fourth day of the orientation programme of journalism and mass communication, we celebrated Hindi Divas with great enthusiasm and pride. The day was filled with engaging activities and discussions to highlight the significance of Hindi language in media and communication. As we come to the end of this eventful day, let us remember to continue promoting and preserving our national language, Hindi, in our future endeavours in the field of journalism and mass communication.

Deeksharambh: Day-5

The fifth day of Deeksharambh at SOMFT was a dynamic and enriching experience for the students, as they gained valuable knowledge from esteemed speakers in various fields. The following are the key points of the day:

1. Session of Chief Procter by Dr. A. K. Chauhan
2. Special Lecture on Chandrayaan Mission by Mr. Sanjay Sharma
3. Celebration of International Democracy Day and Doordarshan Foundation Day
4. Session on startups & innovations by Mr. Vibhor Gaur & Dr. Arkin Chawla

Glimpse of the Day-5

The fifth day of the orientation programme was highly informative and engaging. The students gained important insights into the Proctor rules of the university, which will help them navigate their academic journey smoothly. Additionally, the session on the Chandrayaan mission of India was inspiring, showcasing the remarkable achievements of our country in the field of space exploration. The students left the orientation programme with a sense of excitement and motivation, eager to embark on their own journey of knowledge and discovery.

Deeksharambh: Day-6

1. Lecture on Human Values by Dr. Renu Agrawal
2. Motivational Talk by Mr. Sandeep Verma
3. Workshop on "Production: Lights, Camera, Action"
4. Visit to IIMT Radio 90.4 FM

Glimpse of the Day-6

The sixth day of Deeksharambh was packed with practical learning experiences and inspiring sessions. The workshop on production provided hands-on knowledge, while the lectures on human values and startups motivated students to become responsible professionals. The visit to IIMT Radio 90.4 FM offered a glimpse into the world of radio and broadcasting. These activities aimed to enhance the students' understanding and skill set in the field of media, film, and television studies.

Deeksharambh: Day-7

The Deeksharambh program at the SOMFT continued on its seventh day with a series of informative lectures and guest sessions. These sessions aimed to provide students with a comprehensive understanding of various aspects of media, journalism, and communication.

1. Session on NPTEL/MOOCs by Ms. Aishwarya Saxena
2. Session on Library by Mr. Sandeep Sharma, Chief Librarian
3. Guest Lecture on "Public relations in the Digital Era" by Mr. Surendra Kumar Sharma, Former District Information Officer
4. Guest Lecture on "Journalism: Opportunities & Challenges" by Mr. Srikant Asthana, a prominent senior journalist

Glimpse of the Day-7

The seventh day of the orientation program was highly informative and beneficial for the students. The session on NPTEL online courses provided valuable insights into the numerous online courses available to enhance their knowledge and skills. The introduction to the library facilities showcased the vast resources and support available to aid their academic pursuits. The guest lecture on Public Relations shed light on the importance of effective communication and relationship-building in the professional world. The special lecture on journalism: opportunities and challenges by Mr. Shrikant Asthana, a senior journalist, was truly enlightening. His extensive knowledge and experience in the field gave us valuable insights into the world of journalism. We are grateful for the opportunity to have learned from such an esteemed professional, and we feel inspired and motivated to pursue our own careers in journalism.

Deeksharambh: Day-8

The 8th day of the Deeksharambh program at the School of Media, Film & Television Studies (SOMFT) comprised various informative and Interactive sessions. The key highlights of the day's events are as follows:

1. Lecture on Outreach Programme (USR/UBA) by Dr. Shubha Dwivedi
2. Lecture on Anti-Ragging by Dr. Virendra Singh:
3. Guest Lecture on "Writing Skills" by Dr. Vipin Dhankar
4. Guest Lecture on "News Mining" by Mr. Ravi Kumar Ji
5. Bridge Course - Fundamentals of Computer Applications by Mr. Mukesh Kumar

Glimpse of the Day-8

On the eighth day of the orientation programme for journalism students, the participants were provided with invaluable insights from industry professionals. Moreover, the day concluded with enlightening guest lectures on the latest news trends and a bridge course to help the students transition smoothly into their academic journey. Overall, the eighth day of the orientation programme was filled with valuable knowledge and practical learning experiences that will undoubtedly prepare the students for their future careers in journalism.

Deeksharambh: Day-9

The ninth day of the Deeksharambh program at the School of Media, Film & Television Studies (SOMFT) encompassed a range of informative lectures, workshops, and campus visits. The key highlights of the day's events are as follows:

1. Lecture on "Moral Values" by Dr. Ishendra Kumar Parashar:
2. Lecture on "Sports" by Ms. Anshi Sharma
3. Campus Visits: A guided tour was organized for the participants, allowing them to explore various sections of the campus.
4. Session on Career opportunities in Journalism & Mass Communication by Dr. Arkin Chawla

Glimpse of the Day-9

The Ninth day of the orientation program was highly informative and beneficial for the students. We discussed the important role of moral values in sports and how they can translate to success in a mass communication career. We also explored the various career opportunities available in mass communication, highlighting the importance of integrity, honesty, and responsibility in media organizations. Aspiring journalists and communicators can seek out opportunities in fields ranging from investigative journalism to media management, with ethics and social responsibility remaining fundamental pillars of the profession. Overall, we hope that this lecture has provided a thought-provoking and informative insight into the world of mass communication and its intersection with moral values and sports.

Deeksharambh: Day-1

Introduction to Event:

We started the journey through various aspects of our prestigious IIMT University. From the initial welcome to practical introductions, we carefully prepared an agenda that covered the essential elements of university life and career prospects. Join us as we were introduced to a world of opportunities and knowledge structured around seven key activities. We began the program with a warm welcome and introduction to the University, giving each participant a glimpse of the vibrant campus life and academic excellence that awaits each participant. Subsequently, the respected dignitaries, the Hon'ble Chancellor and Vice Chancellor delivered an engaging keynote address, and shared their vision, and set the direction for our educational journey. Moving forward, we take a closer look at the institutional and departmental ethos that allows participants to understand the fundamental pillars that define our academic ecosystem. This is followed by an exploration of universal human values and value-added courses aimed at enriching the holistic development of each individual within this academic community. The modern world is driven by technology, and in line with this, we entered the realm of Enterprise Resource Planning (ERP), highlighting its role in streamlining administrative processes and enhancing the overall learning experience. Next, we focused our attention on career prospects, with special emphasis on placements and future prospects in agriculture, providing valuable insights and guidance to aspiring professionals. Finally, we introduced the concept of mentor-mentee groups to foster a sense of guidance and camaraderie among our students. The aim of this section was to create a supportive environment for personal and academic development, guidance and encouragement of collaboration.

Outcomes:

This journey at IIMT University was enriching, encompassing university life and career prospects through seven key activities. Starting with a warm welcome, we got a glimpse of the vibrant campus life and heard from dignitaries. We explored educational ethos, universal values, and the role of technology. Special attention was given to career prospects, especially in the agricultural sector. Finally, mentor-mentee groups were introduced to foster personal and academic growth, foster guidance and collaboration.

Appendix:

- 1 Warm Welcome and Campus Life
- 2 Exploration of Educational Ethos and Universal Values
- 3 Role of Technology in Education
- 4 Focus on Career Prospects, Especially in Agriculture
- 5 Formation of Mentor-Mentee Groups

Glimpse of the Day-1

Closing remarks-description:

The program was successful, and the students were happy, excited, and satisfied. The event was completed by breaking the ice session by introducing them to their peers.

Deeksharambh: Day-2

On the second day of our School of Agricultural Sciences' Orientation Program, we emphasized academic management, particularly the fair assessment process through Control of Examinations (CoE). The Student Welfare Group (SWG) highlighted its role in student well-being and aligning dreams with family expectations. We discussed the National Education Policy 2020 (NEP-2020) and showcased our modern facilities and sports like badminton, promoting a balanced lifestyle and skill development. These aspects embody our ethos, preparing students for both their careers and life's challenges.

Glimpse of the Day-2

Closing remarks-description:

The program was successful, and the students were happy, excited, and satisfied. The event was completed by breaking the ice session by introducing them to their peers.

Deeksharambh: Day-3

Welcome to the third day of our orientation program, where we delved into critical topics. We explored environmental pollution and its management, discussed the techniques of training and pruning, delved into student aspirations and family expectations, and learned about universal human values and value-added courses. Entrepreneurship development in agriculture was another key focus, and students also played volleyball. It was a day of comprehensive learning and enriching experiences.

Outcomes:

1. Increased awareness of environmental pollution and its impact.
2. Understanding the importance of training and pruning in agriculture.
3. Insight into developing a career plan that considers both personal goals and family expectations.

Glimpse of the Day-3

Closing remarks-description-

Today's exploration has broadened our horizons, empowering students to make decisions and pursue their aspirations. Sharing this knowledge can help bring positive change and collectively shape a better tomorrow.

Deeksharambh Day-4

Welcome to Day 4 of the Orientation Program. In which students were first reported. In this program, a subject expert gave an introduction to genetics. Information on oyster mushroom cultivation was given and interesting topics like the importance of IPR/R&D were also covered. Additionally, we discussed the importance of being grateful to those who support our journey, the enrichment gained from library visits, the enriching experience of the visit to Rishi Gram, and the students involved in sports like badminton.

Glimpse of the Day-4

Closing remarks-description:

Today's exploration has broadened our horizons, empowering students to make decisions and pursue their aspirations. Sharing this knowledge can help bring positive change and collectively shape a better tomorrow.

Deeksharambh: Day-5

Welcome to Day 5 of the Orientation Program! We discussed in depth the fascinating field of plant breeding and various aspects related to it. Our experts guided students through a series of lectures covering a wide variety of topics including the historical development, objectives, scope, and importance of plant breeding. Additionally, addressing human needs, extension education, important role of NSS/NCC were also explored and an exciting agriculture farm visit and games were participated by the students.

Glimpse of the Day-5

Closing remarks-description:

Today's exploration has broadened our horizons, empowering students to make decisions and pursue their aspirations. Sharing this knowledge can help bring positive change and collectively shape a better tomorrow.

Deeksharambh: Day-6

On the sixth day of the orientation program, the day commenced under the guidance of the Chief Proctor, who set the tone for an informative and engaging schedule. The focus of the day was on CHANDARYAN-3, shedding light on its significance and mission. Following this, a comprehensive overview of the history of plant pathology was presented, emphasizing its evolution and critical role in agriculture.

The day continued with an exposure visit to the campus farm, offering attendees a practical understanding of agricultural practices. This was followed by a dedicated module and lecture on “Advanced Technologies in Vegetable Production,” aiming to impart essential knowledge and insights into modern agricultural methods. The day concluded with a relaxing yet invigorating yoga session, promoting physical and mental well-being among the participants.

Glimpse of the Day-6

Closing remarks-description:

Today's exploration has broadened our horizons, empowering students to make decisions and pursue their aspirations. Sharing this knowledge can help bring positive change and collectively shape a better tomorrow.

Deeksharambh: Day-7

Introduction to Event:

During the 7-day orientation, students delved into agricultural and biological sciences. The program began with exploring chromosome structure and genetic material intricacies. It then focused on sustainable farming practices like INCUBATION/STARTUP and organic fertilizers for soil fertility. Lab visits showcased technological advancements in agriculture. The academic aspect covered plant introduction procedures and language/math skills. Physical activities like swimming added a recreational touch. Overall, it was a holistic educational experience combining theory and practice in these vital sciences.

Glimpse of the Day-7

Closing remarks-description:

Today's exploration has broadened our horizons, empowering students to make decisions and pursue their aspirations. Sharing this knowledge can help bring positive change and collectively shape a better tomorrow.

Deeksharambh: Day-8

During the an eight-day orientation program exposed students to diverse educational facets. This included NPTEL/SPOKEN courses for academic enrichment and skill development, accessible library resources aiding academic pursuits, and engaging laboratory visits providing practical insights into entomology, plant pathology, animal husbandry, and dairy technology. Understanding horticultural crops and their management was prioritized, supplemented by a bridge course in English to improve language proficiency. Recreational activities like volleyball games were also integrated, promoting physical fitness and fostering a sense of camaraderie among the students, resulting in a comprehensive and insightful orientation program.

Glimpse of the Day-8

Closing remarks-description:

Today's exploration has broadened our horizons, empowering students to make decisions and pursue their aspirations. Sharing this knowledge can help bring positive change and collectively shape a better tomorrow.

Deeksharambh Day-9

Welcomed us to the concluding ceremony of our vibrant outreach program organized by the Orientation School of Agriculture. We were reminded of the journey of growth, community impact and cultural exchange. During the program, we connected with the community, aiming to connect education and society while inculcating a sense of responsibility in our students. The integration of outcome-based education (OBE) with cultural activities added a special touch. The artistic expression in the competitions and the colorful display of diverse cultures during our cultural activity segment were the highlights of the program. Our respected dean graced us with his presence inspiring academic and social development. As we conclude, we leave with valuable lessons, cherished friendships, and a commitment to social responsibility and cultural understanding. Thank you for being a part of this remarkable journey.

Glimpse of the Day-9

Closing remarks-description:

Today's exploration has broadened our horizons, empowering students to make decisions and pursue their aspirations. Sharing this knowledge can help bring positive change and collectively shape a better tomorrow.

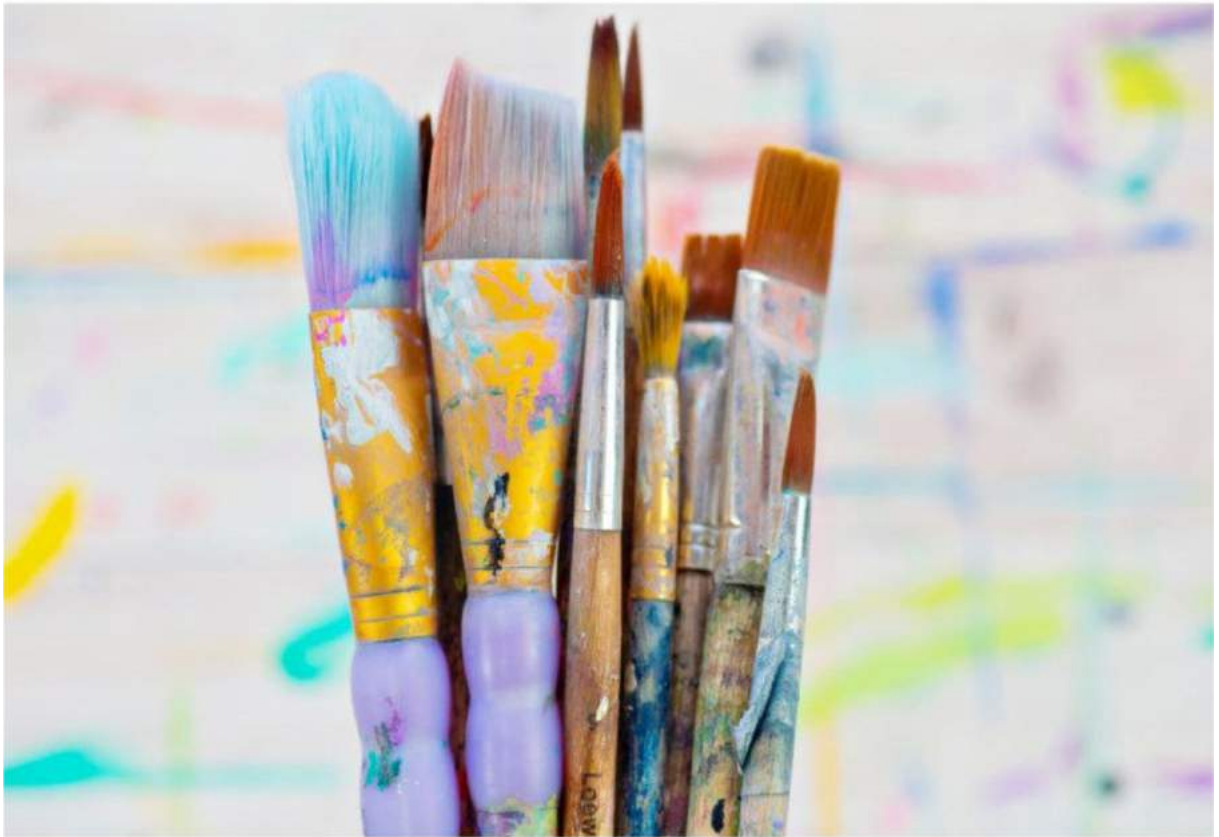

In conclusion, the 10-day orientation program at the School of Agricultural Sciences has provided students with a solid foundation for their academic pursuits and a sense of belonging in the agricultural community. The program offered a diverse range of activities, expert lectures, and interactive sessions, enabling students to delve into various aspects of agriculture. Distinguished speakers and experienced faculty imparted essential knowledge on environmental management, agricultural advancements, and plant breeding. Interactive sessions highlighted institutional and departmental orientations, career guidance, and the importance of universal human values. We anticipate our students will utilize this knowledge to excel academically and contribute significantly to the field of agriculture. Our gratitude goes to all instructors and participants for the program's success, and we eagerly await the future accomplishments of our students at the School of Agricultural Sciences.

DEEKSHARAMBH 2023-24

Department Name	School of Arts & Humanities
Event Name	Induction and Orientation Program 2023-24
Event Date	11.09.2023 to 20.09.2023
Number of Days	09
Venue	SEMINAR HALL (Block A) IIMT University.
Participants	Students- 05 / Faculty-08 / Staff - 2
Student Engagement	09

About the Event:

Transition from school to university/college life is one of the most challenging events in a student's life. When new students enter an institution, they come with diverse thoughts, backgrounds and preparations. They come into a new unfamiliar environment, and most of them have little knowledge of a university/college. An important task, therefore, is to welcome new students to Higher Education and prepare them for their new role.

Currently, precious little is done by most institutions, except for an orientation Program lasting a couple of days. Student Induction is designed to help in the whole process. Therefore, it should be taken seriously, and as something more than the mere orientation Program.

The purpose of Deeksharambh - Student Induction Program is to help new students adjust and feel comfortable in the new environment, inculcate in them the ethos and culture of the institution, help them build bonds with other students and faculty members, and expose them to a sense of larger purpose and self exploration.

The term induction is generally used to describe the whole process whereby the incumbents adjust to or acclimatize to their new roles and environment. In other words, it is a

well planned event to educate the new entrants about the environment in a particular institution, and connect them with the people in it.

Student Induction Program engages with the new students as soon as they come into the institution, before regular classes start. At the start of the induction, the incumbents learn about the institutional policies, processes, practices, culture and values, and their mentor groups are formed.

Deeksharambh: Day-1

On the **first** day of Deekshaarambh, the School of Arts & Humanities Studies successfully conducted an engaging and informative session for the new students. The event comprised various key points, including:

1. Hon'ble Chancellor Sir's Speech:
2. Introduction to University.
3. Campus Videos
4. Controller of Examination Session by Dr. Deepak Kumar Sidhu, COE
5. Dean Students' Welfare Session by Dr. Neeraj Sharma, DSW
6. Departmental Activities

Glimpse of the Day-1

First day of orientation program has provided them with valuable information and resources that will assist them in their journey towards becoming skilled professionals in the field of Arts and Humanities. We encouraged new budding students to take full advantage of the opportunities available to them, to explore their passions and interests and to approach their studies with enthusiasm and a commitment to excellence. Best of luck in academic journey, and we look forward to seeing all that they will achieve as part of our department.

Deeksharambh: Day-2

The **second** day of Deeksharambh at the School of Arts & Humanities (SOAH) was marked by informative and interactive activities. The key highlights of the day were as follows:

1. Personality Development Session by Dr. Ekta Sharma, Expert /Trainer, Placement Cell
2. Communication Skill and Motivational Speech: Mr. I. K Pathak.
3. PPT on Chandaryaan-3: Mr. Ankit Sharma.
4. Lecture on Future Planning: Dr. Poonam Sharma

Glimpse of the Day-2

The **second** day of the orientation program for new SOAH students was highly informative and engaging. The session on personality development provided valuable insights and techniques for self-improvement, which will undoubtedly benefit the students throughout their careers. The Lecture on Communication Skill helped the students to develop their Reading and Writing Skills. Mr. Ankit Sharma delivered a lecture on Chandaryaan-3. Additionally, the session on the Chandrayaan mission of India was inspiring, showcasing the remarkable achievements of our country in the field of space exploration. And Dr. Poonam Sharma also told to students about future planning.

Deeksharambh: Day-3

The **third** day of the Deeksharambh orientation programme at the School of Arts & Humanities Studies (SOAH) featured several informative and engaging sessions for the newly admitted students. Here is a summary of the key highlights:

1. Yoga session: Dr. Sataz Rah (HOD, BNYS)
2. Bridge Course: History of Media by Dr. Beena
3. IIMTU ERP Session by Mr. Manish Kumar, ERP Coordinator
4. Session on Cultural Committee by Dr. Pooja Sharma, Cultural & Alumni
5. Monitoring: Mr. Shiv Mohan.

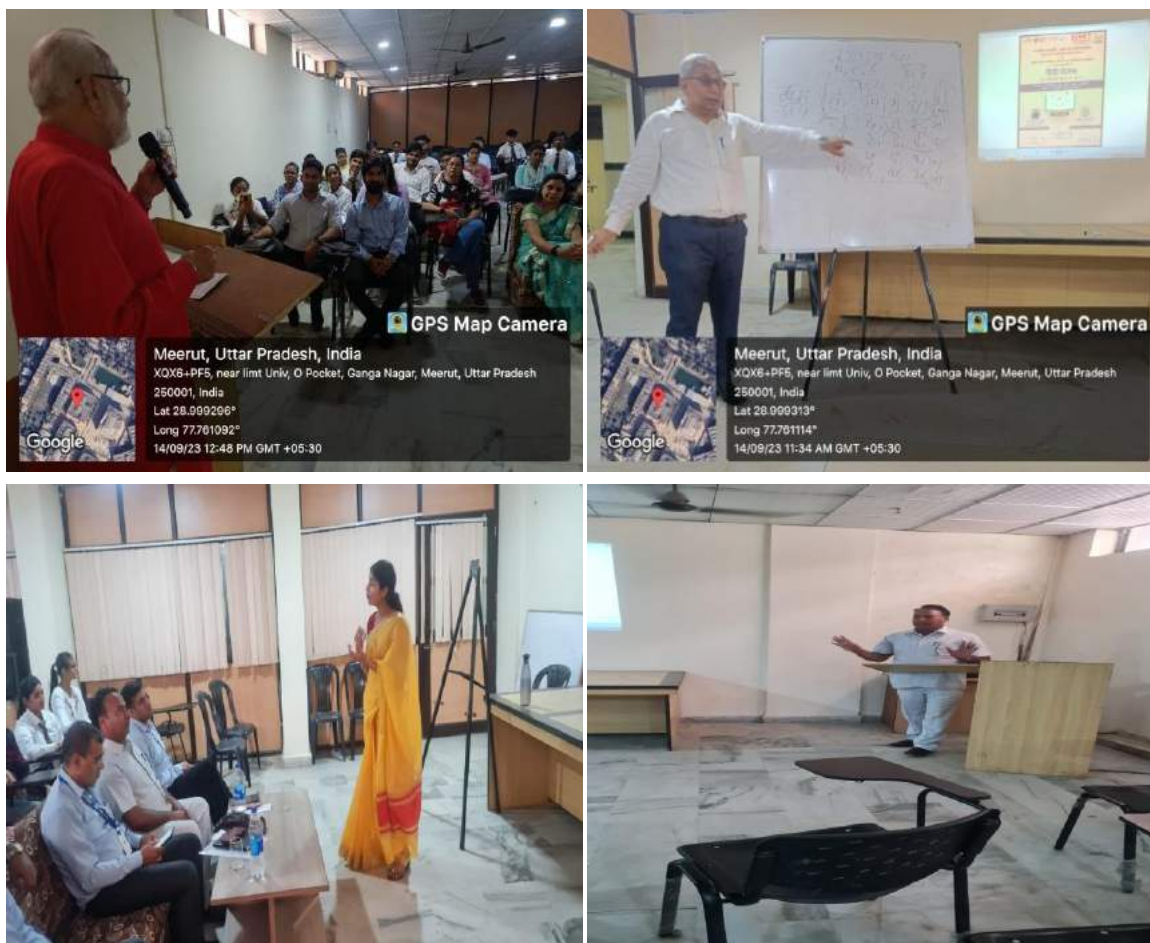

Glimpse of the Day-3

The third day of the Deeksharambh program witnessed enthusiastic student participation in sessions led by faculty and experts from diverse disciplines. These sessions expanded their knowledge and allowed them to explore different aspects of arts and related fields. Students eagerly anticipate the upcoming sessions and opportunities that lie ahead at SOAH, IIMTU.

Deeksharambh: Day-4

The **fourth** day of Deeksharambh at SOAH was filled with informative sessions and interactive discussions. The following are the key points of the day:

1. Session on NCC/NSS by Mr. Ajay Kumar
2. Celebration on Hindi Divas, speakers are Shri Pramod Kumar Tyagi and Dr. Ishwar Chand Gambheer
3. LAW: Dr. Anirudh Dean College of Law.
4. Sports: Ms. Anshi Sharma

Glimpse of the Day-4

On the **fourth** day of the orientation programme of Arts & Humanities, we celebrated Hindi Divas with great enthusiasm and pride. The day was filled with engaging activities and discussions to highlight the significance of Hindi language in media and communication. As we come to the end of this eventful day, let us remember to continue promoting and preserving our national language, Hindi, in our future endeavours in the field of Arts & Humanities.

Deeksharambh: Day-5

The **fifth** day of Deeksharambh at SOAH was a dynamic and enriching experience for the students, as they gained valuable knowledge from esteemed speakers in various fields. The following are the key points of the day:

1. Session of Chief Procter by Dr. A. K. Chauhan
2. University Visit: accompanied by Dr. Rajeev Nagar and Dr. Poonam Sharma
3. Exta Activity: Ms. Preeti Sharma and Ms. Anshu Devi
4. Moral Values: Dr. Monika Mehrotra.

Glimpse of the Day-5

The **fifth** day of the orientation programme was highly informative and engaging. The students gained important insights into the Procter rules of the university, which will help them navigate their academic journey smoothly. Dr. A. K Chauhan, Chief Procter delivered a lecture on discipline. There was a University visitproved to be an enjoyable and informative visit to the students. The students left the orientation programme with a sense of excitement and motivation, eager to embark on their own journey of knowledge and discovery.

Deeksharambh: Day-6

1. Incubation: Mr Sandeep Verma.
2. Career Building: Special Lecture by Dr. Beena
3. Bridge Course on Psychology: by Dr. Rachna Sharma.
4. Hindi Kriyatmak Gatividhi: Dr. Poonam Sharma

Glimpse of the Day-6

The **sixth** day of Deeksharambh was packed with practical learning experiences and inspiring sessions. These activities aimed to enhance the students' understanding and skill set in the field of Arts & Humanities. Wonderful lecture on moral values explained the importance of ethics. Session on Incubation. and career building make aware the students in an informative way

Deeksharambh: Day-7

The Deeksharambh program at the SOAH continued on its **seventh** day with a series of informative lectures and guest sessions. These sessions aimed to provide students with a comprehensive understanding of various aspects of Arts & Humanities.

1. Session on NPTEL/MOOCs by Ms. Aishwarya Saxena
- 2 Sessions on Library by Mr. Sandeep Sharma, Chief Librarian
3. Lecture on Attendance: Dr. Monika Mehrotra
- 4 Bridge Course English: Ms. Preeti Sharma
- 5 Lecture on Communication by Ms. Manisha Tomar.

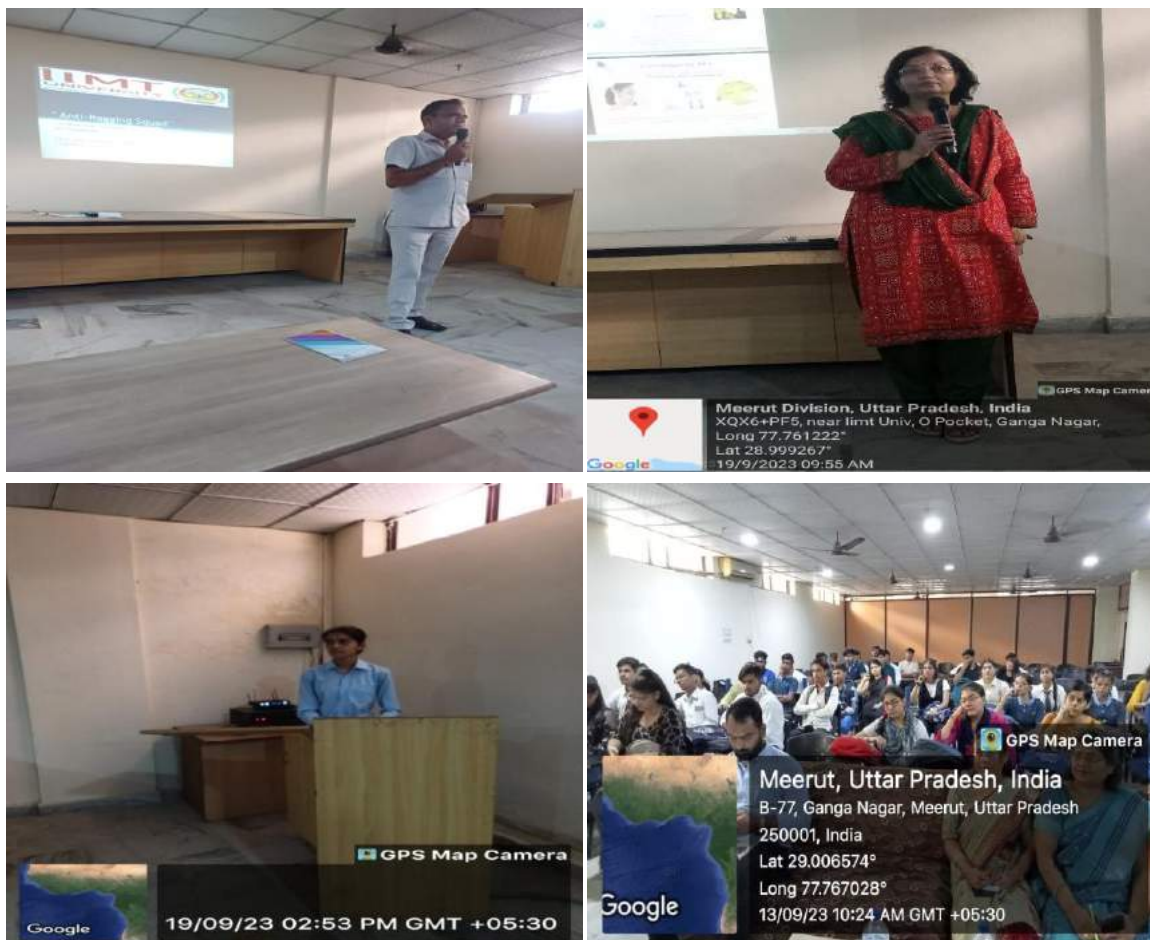

Glimpse of the Day-7

The **seventh** day of the orientation program was highly informative and beneficial for the students. The session on NPTEL online courses provided valuable insights into the numerous online courses available to enhance their knowledge and skills. The introduction to the library facilities showcased the vast resources and support available to aid their academic pursuits. His extensive knowledge and experience in the field gave us valuable insights into the world of journalism. We are grateful for the opportunity to have learned from such an esteemed professional, and we feel inspired and motivated to pursue our own careers in Arts & Humanities. New students were made to understand the role of literature and language in society.

Deeksharambh: Day-8

The **eighth** day of the Deeksharambh program at the School of Arts & Humanities comprised various informative and Interactive sessions. The key highlights of the day's events are as follows:

1. Lecture on Outreach Programme (USR/UBA) by Dr. Shubha Dwivedi
2. Lecture on Anti-Ragging by Dr. Virendra Singh:
3. Physical Activity: Dr. Rajeev Nagar and Dr. Richa Attri.
4. Alumni Activity: Ms. Preeti Sharma.
5. Role Playing Activity: Ms. Akansha Godara

Glimpse of the Day- 8

On the **eighth** day of the orientation programme for SOAH students, the participants were provided with invaluable insights from industry professionals. Moreover, the day concluded with enlightening guest lectures on the latest news trends and a bridge course to help the student's transition smoothly into their academic journey. Overall, the eighth day of the orientation programme was filled with valuable knowledge and practical learning experiences that will undoubtedly prepare the students for their future careers in Arts & Humanities.

Deeksharambh: Day-9

The **ninth** day of the Deeksharambh program at the School of Arts & Humanities. Encompassed a range of informative lectures, session. The key highlights of the day's events are as follows:

1. Lecture on "Sports" by Ms. Anshi Sharma
2. Lecture on National Language: Dr. Poonam Sharma
- 3 Lectures on Psychology: Dr. Rachna Sharma
4. Snow Ball Activity: Ms. Akansha Godara.

Glimpse of the Day-9

The **Ninth** day of the orientation program was highly informative and beneficial for the students. "Sport Session" encouraged students for all around development. Lecture on "Career Building" and "National Language" made the students aware for the opportunities in their respective subjects. The new students were inspired to understand the role of Psychology in society. 'Role Playing Activity' was conducted a proper way. Overall, we hope that this lecture, session have provided a thought-provoking and informative insight into the world of Arts & Humanities and its intersection with moral values.

Deeksharambh: Day-1

On first day, Dean Basic Science and Technology Dr. P. K. Mittal interacted and welcomed the newly admitted students of B.Sc. (PCM/PMS) and M.Sc. (Physics, Chemistry, Mathematics and Statistics). He motivated and encouraged the students for their career and future endeavour that how to survive by doing hard work during study in college life in an easy way and what is the future and prospects of these courses, described the mission, vision and quality policies of University as well as school and how they have to interact with the teachers and academic culture of school of basic sciences.

Glimpse of the Day-1

NPTEL coordinator explained about different courses and benefits of these courses if they opt one of them and earn certificate. ERP and placement coordinators delivered a lecture about the ERP operations to the students and about the benefits of registration in placement cell to get placed in a better company.

Deeksharambh: Day-2

Welcome to 2nd Day of the Orientation Program. In which students were first reported. In this program, a subject expert gave an introduction to Chemistry and Statistics. Mr. Deepak sir defined the value of exam cell for any college and university. Dr. Neeraj Sharma has provided the information about SWG to the students we discussed the importance of being grateful to those who support our journey related to NEP-2020.

Glimpse of the Day-2

Deeksharambh: Day-3

Welcome to 3rd Day of the Orientation Program. In which students were first reported. HoD of School of Basic Sciences and Technology Dr. Vikas Kumar interacted and welcomed the newly admitted students of B.Sc. (PCM/PMS) and M.Sc. (Physics, Chemistry, Mathematics and Statistics). He described the mission, vision, and quality policies of the university as well as the school, as well as how to survive while working hard while studying in college life in an easy way. He also inspired and motivated the students for their future endeavours.

A lecture was delivered by Dr. Md. Merajul Islam about chemistry and its benefits in the favour of students.

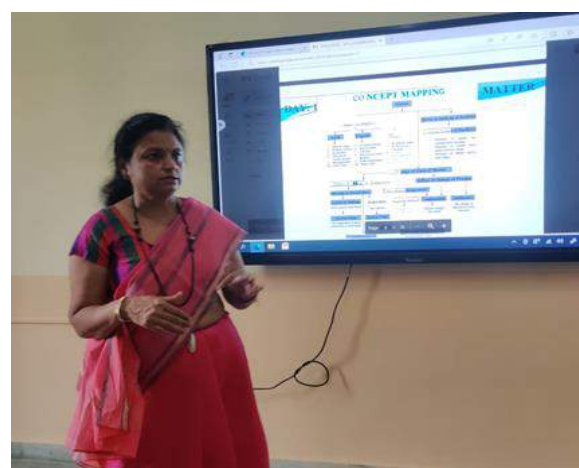

Glimpse of the Day-3

The students were watched a fiction movie (Rocketry). All students enjoyed the movie with great enthusiasm.

Bridge Course: Subject experts delivered talks in Physics and Mathematics.

Deeksharambh: Day-4

Welcome to Day 4 of the Orientation Program. In which students were first reported. In this program, a subject expert gave an introduction to environment. Information on about atmosphere, seeds and cultivation was given and interesting topics like the importance of ERP were also covered. Information about human values, lecture was delivered.

Glimpse of the Day-4

Deeksharambh: Day-5

Welcome to 5th Day of the Orientation Program. In which students were first reported. In this program, a subject expert gave an introduction about sports and physical activity. Information about Scope and importance of plant breeding was given and interesting topics like the importance of NCC / NSS were also covered. Additionally, we discussed the importance of human values responsibility being grateful to the people.

Glimpse of the Day-5

Deeksharambh: Day-6

Welcome to 6th Day of the Orientation Program. In which students were first reported. The main objective of proctorial board is to maintain discipline. Maintenance of discipline is key to success for any institution Information about Lecture on CHANDARYAN-3 was delivered and importance of space was defined.

Glimpse of the Day-6

Deeksharambhy: Day-7

Welcome to 7th Day of the Orientation Program. In which students were first reported. In this program, a subject expert gave a lecture on human values. Information on interesting topics like the importance of IPR/R&D were also covered.

Glimpse of the Day-7

Deeksharambh: Day-8

Welcome to 8th Day of the Orientation Program. In which students were first reported. In this program, a subject expert gave a lecture on Mathematics. Information on interesting topics like the importance of NPTEL / SPOKEN were also covered.

Glimpse of the Day-8

Deeksharambh: Day-9

Welcome to 9th Day of the Orientation Program. In which students were first reported. In this program, a lecture on OUTREACHPROGRAM (USR/UBA) delivered with university social responsibility. We discussed the importance of being grateful to those who support our journey related to different subject.

Glimpse of the Day-9

Outcomes:

The students were oriented to the various committees and activity clubs and were made to understand their functioning and ways to avail the facilities available at the university.

Glimpse of the Day-1

Closing remarks-description:

The program was successful, and the students were happy, excited, and satisfied. The event was completed by breaking the ice session by introducing them to their peers.

Deeksharambh: Day-2

On the Second day, students were addressed by the Dean of the School of Commerce & Management Dr. Satish Kumar. Also, detailed information was given on NPTEL/SWAYAM and SPOKEN TUTORIALS courses by the university coordinator Ms. Aishwariya Saxena. Also, the students were briefed about the University Library and its functioning by Dr. Jyoti Bainsla, Librarian, at IIMTU.

After a short break, the students were oriented to the Department and their functioning Class Coordinators informed students about their curriculum, dress code and code of conduct in the college. Lastly, students were instructed regarding their file preparation and the students submitted their required documents for the file preparation. Also, the students were informed regarding the schedule of the Orientation program for the upcoming day.

Glimpse of the Day-2

Closing remarks-description:

The program concluded with great success, leaving our students feeling content, enthusiastic, and pleased with the experience. To foster a sense of camaraderie, we wrapped up the event with an ice-breaking session, allowing them to get to know their fellow peers.

Deeksharambh: Day-3

The third day of the orientation program started with the motivational lecture of Dr. Shubha Dwivedi. She addressed the importance of the 17 global goals outlined in the 2030 Agenda for Sustainable Development. The orientation program then proceeded with the message of Dr. Virendra, where he addressed the pressing issue of ragging on campus, emphasizing its detrimental effects and the collective responsibility to eradicate it. Ragging is not just a breach of discipline but a violation of human dignity, and it is illegal in India, with severe penalties for offenders. Lastly, for MBA students, Dr. Sanjeev Mahajan (Guest Lecturer) gave a motivational lecture to students on the basics of management education. He is the Chief Proctor and HOD of the Department of Sociology, NAS College, Meerut. For BBA students, Ms Shweta Rastogi gave a lecture on the Importance of Corporate Communication to the students. And lastly for B. Com, Dr. Priyank Sharma told students about government scholarships and explained the method to fill form.

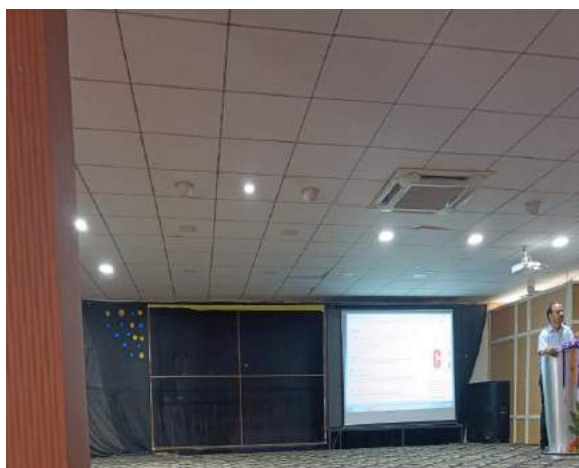

Glimpse of the Day-3

Closing remarks-description:

The program was successful, and the students were happy, excited, and satisfied. The event was completed by breaking the ice session by introducing them to their peers.

Deeksharambh: Day-4

The fourth day of the orientation program started with the lecture of Mr. Sandeep Verma. He addressed IPR and said that Intellectual Property Rights (IPR) are crucial legal protections for creative and innovative works, such as patents, copyrights, and trademarks. He encouraged innovation, economic growth, and cultural development by providing incentives for creators and inventors. IPR also facilitates technology transfer and international collaboration. While it has challenges, finding a balance between protecting innovation and ensuring access to essential resources is essential. Respecting IPR is key to fostering a culture of creativity and prosperity. The second session was addressed by Ms. Anshi Sharma on the role of physical education. She said that physical education is fundamental for our overall well-being. It promotes physical fitness, enhances mental health, and teaches vital life skills like teamwork and discipline. In today's sedentary world, prioritizing physical education is essential for a healthier and happier society.

Glimpse of the Day-4

Closing remarks-description:

The event was conducted in a smooth and successful manner and students got to know about the university and felt associated with it. It acts as a path for their future growth in the university.

Deeksharambh: Day-5

The fifth day of the orientation program started with a lecture by Mr. Manish. He addressed ERP and said that ERP integrates various business processes and functions into a single system, streamlining operations, improving efficiency, and enhancing decision-making. In the digital age, ERP is not just an option; it's a necessity for staying competitive and agile in the business world. The second session was addressed by Ms. Aishwarya Saxena on the role of cultural activities. She said that cultural activities are the heartbeat of society, fostering creativity, diversity, and a sense of identity. They encompass art, music, dance, and more, providing a platform for self-expression and mutual understanding. Engaging in cultural activities enriches our lives, connects us to our heritage, and promotes tolerance and appreciation for different cultures, making them a vital part of our collective human experience.

Glimpse of the Day-5

Closing remarks-description:

The program was successful, and the students were happy, excited, and satisfied. The event was completed by breaking the ice session by introducing them to their peers.

Deeksharambh: Day-6

The sixth day of the orientation program started with the lecture of Mr. Deepak Sharma (COE). He addressed the students on the importance of class attendance, enrolment, and examinations of the University. Also, various queries of students related to the examinations were answered. The scholarship coordinator of SCM addressed students on the issue of scholarships and guided them on how to apply for the scholarship when required. After that, the students went for a historical visit to Hastinapur (Jambu Dweep). Students enjoyed their trip a lot. They got spiritual knowledge regarding place. The students of MBA and BBA got engaged in various activities organised by their respective departments.

Glimpse of the Day-6

Closing remarks-description:

The program was successful, and the students were happy, excited, and satisfied. The event was completed by breaking the ice session by introducing them to their peers.

Deeksharambh: Day-7

On the 7th day of the orientation programme, various lectures were organised for the different departments of the school. Dr. Ekta Sharma took a session on Personality Development for MBA students. Dr. Virendra took the session on the Prevention of Sexual Harassment and Anti Ragging and Grievances. Mr. Amit Sharma delivered a very impressive lecture on personality development for the BBA students. Dr. Sandeep Tyagi took a lecture on environmental science and Dr. Ekta Sharma took a session on Personality Development for the B. Com students.

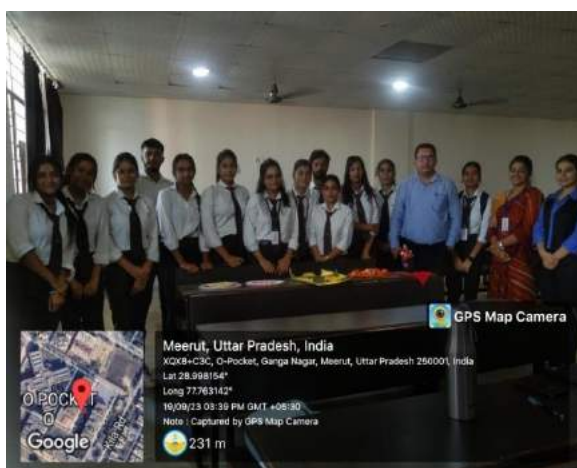

Glimpse of the Day-7

Closing remarks-description:

These important topics in the orientation program help students understand their rights, responsibilities, and the university's commitment to their well-being and personal growth. It sets a positive tone for a respectful and safe campus environment.

Deeksharambh: Day-8

On the 8th day of the orientation programme, all the departments of the School of Commerce and Management conducted bridge courses for their students. Also, students prepared the presentation on the topic “Chandrayan”. On the occasion of Ganesh Chaturthi Department had conducted various events related to this occasion.

Glimpse of the Day-8

Closing remarks-description:

These important topics in the orientation program help students understand their rights, responsibilities, and the university's commitment to their well-being and personal growth. It sets a positive tone for a respectful and safe campus environment.

Deeksharambh: Day-9

School of Commerce and Management conducted several events on the departmental level like poster-making activities, creative arts and culture and Ms. Shweta Rastogi gave a lecture on the importance of Corporate Communication to the students. Mr. Deepak gave the knowledge of computers and Dr Puneet Kumar informed students about the evaluation scheme.

For the first-year students of MBA, a guest lecture was scheduled. Dr. Vivek Tyagi was the special guest speaker, HOD of the statistics department of NAS Degree College in Meerut. Dy. Dean Dr. Vineet Kaushik opened the lecture with the inaugural words. Professor Vivek arranged the sequence of activities for the students which are beneficial for them to set a foundation on which their management profession will get build. He channelized the energy of the students in the right direction. The students appreciated this workshop. Dr. Pooja Sharma, the HOD, offered the vote of appreciation, and Dr. Satish Kumar, the Dean, gave a presentation of memento to conclude the meeting.

Glimpse of the Day-9

Closing remarks-description:

These important topics in the orientation program help students understand their rights, responsibilities, and the university's commitment to their well-being and personal growth. It sets a positive tone for a respectful and safe campus environment.

1	Dr. Neeraj Sharma	DSW	IIMT UNIVERSITY	7017838447
2	DR. A.K. CHAUHAN	CHIEF PROCTER	IIMT UNIVERSITY	8218011478

Deeksharambh: Day-1

The orientation is a 6 days' event held in SoCSA, for welcoming the students and informing them about campus safety, technology, academic resources, student support services, and clubs. Apart from this it is the session where students get to participate into different activities and get Information about particular facilities given by university like NCC, NSS, Sports, Cultural and Technology.

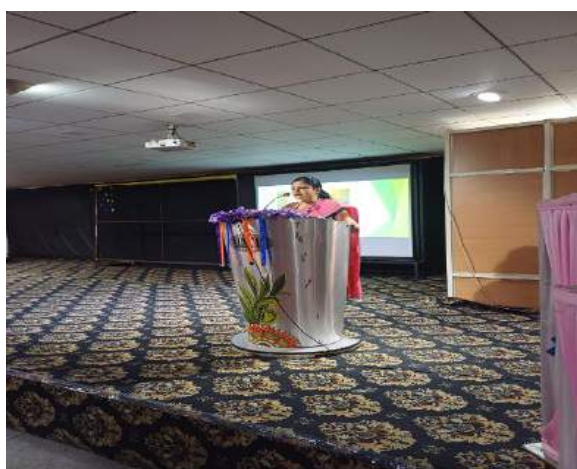

Glimpse of the Day-1

Closing remarks-description:

The orientation program helps students to familiar with Faculties, Different Offices and Services that they avail during their stay in University. They enjoyed the lot and know about their University in great introductory view.

Deeksharambh: Day-2

The second day of Deeksharambh at the School of Computer Science and Applications was marked by informative and interactive activities. The day was beginning with Bridge Course Classes on Fundamentals of Computers, Mathematics and C Programming followed by Technical Session by Expert Faculties in their specialized areas. The next creative sessions were taken by Human Values Expert and Start Up/ Incubation Center head. The session was full of motivation for encourage them to supports poor and needy people as well as how to approach for entrepreneurship practices in University.

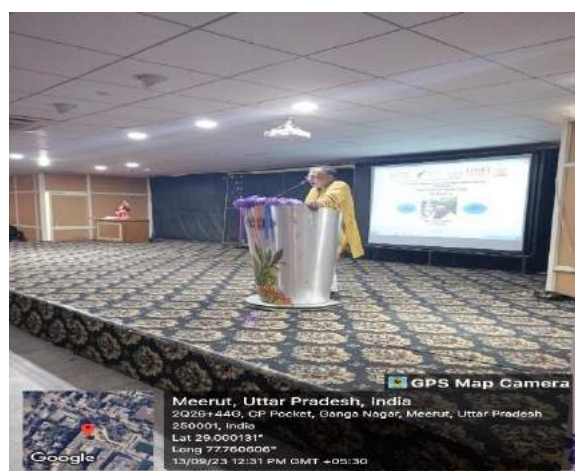

Glimpse of the Day-2

Closing remarks-description:

The program concluded with great success, students get fundamental aspects of their enrolled courses as well as share their kind and helpful memories in Human Value session and know the facts about how to start their own small scale business by creative thoughts and ideas.

Deeksharambh: Day-3

The Third day of Deeksharambh at the School of Computer Science and Applications was marked by informative and interactive activities. The day was beginning with Bridge Course Classes on Fundamentals of Computers, Mathematics and C Programming followed by Technical Session by Expert Faculties in their specialized areas. Then the Motivational lecture inspired students about the heritage culture of India and how they carry forward it in a very simple way. The lecture was given by Shri Tapan Kumar Ji Pracharak with full enthusiasm and patriotic way. In next session students know about rules and regulations of Central Library by Library head Mr. Sandeep Sharma. After Lunch students show case their creative skills by poster Making Competition.

Glimpse of the Day-3

Closing remarks-description:

These important topics in the orientation program help students understand their rights, responsibilities, and the university's commitment to their well-being and personal growth. They also show their creative ideas and got First, second Prizes.

Deeksharambh: Day-4

The Fourth day of Deeksharambh at the School of Computer Science and Applications was marked by USR and Anti Ragging Activity information. Again the day was beginning with Bridge Course Classes on Fundamnetal of Computers, Mathematics and C Programming followed by Technical Session by Expert Faculties in their specialized areas. The next creative sessions were taken by USR head of University and Proctorial Board Head regrading Information about Anti Ragging Cell and their Rules.

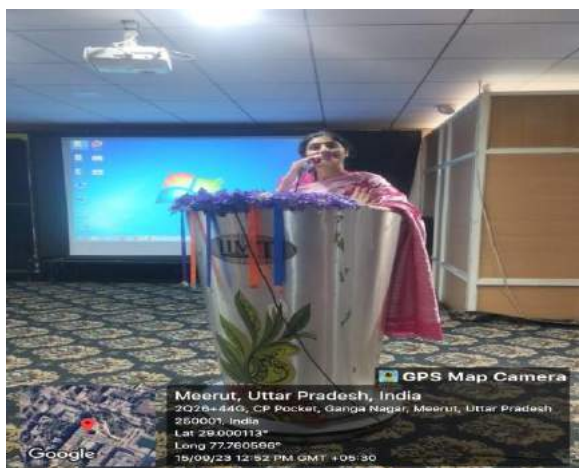

Glimpse of the Day-4

Closing remarks-description:

The Day was full of knowledge and energy where students keep their mind how to behave in university and not indulge into Ragging related activities.

Deeksharambh: Day-5

The Fifth day of Deeksharambh at the School of Computer Science and Applications was marked by Session of Sports Officer; she introduced all sports activities for students as well as how to enrolled them. After this session the students take part in Best out of waste Model Creation competition and learn how to use waste material in creative models.

Glimpse of the Day-5

Closing remarks-description:

The Day was full of knowledge and energy where students learn course contents, technical sessions, sport facilities within campus and competition spirits.

Deeksharambh: Day-6

The Sixth day of Deeksharambh at the School of Computer Science and Applications was marked by Session of Cultural Coordinator of University; she introduced all Cultural activities and the way to enrolled them. After this session the students take part in Slogan Writing Competition and represent their excellent ideas in form of Slogans.

Glimpse of the Day-6

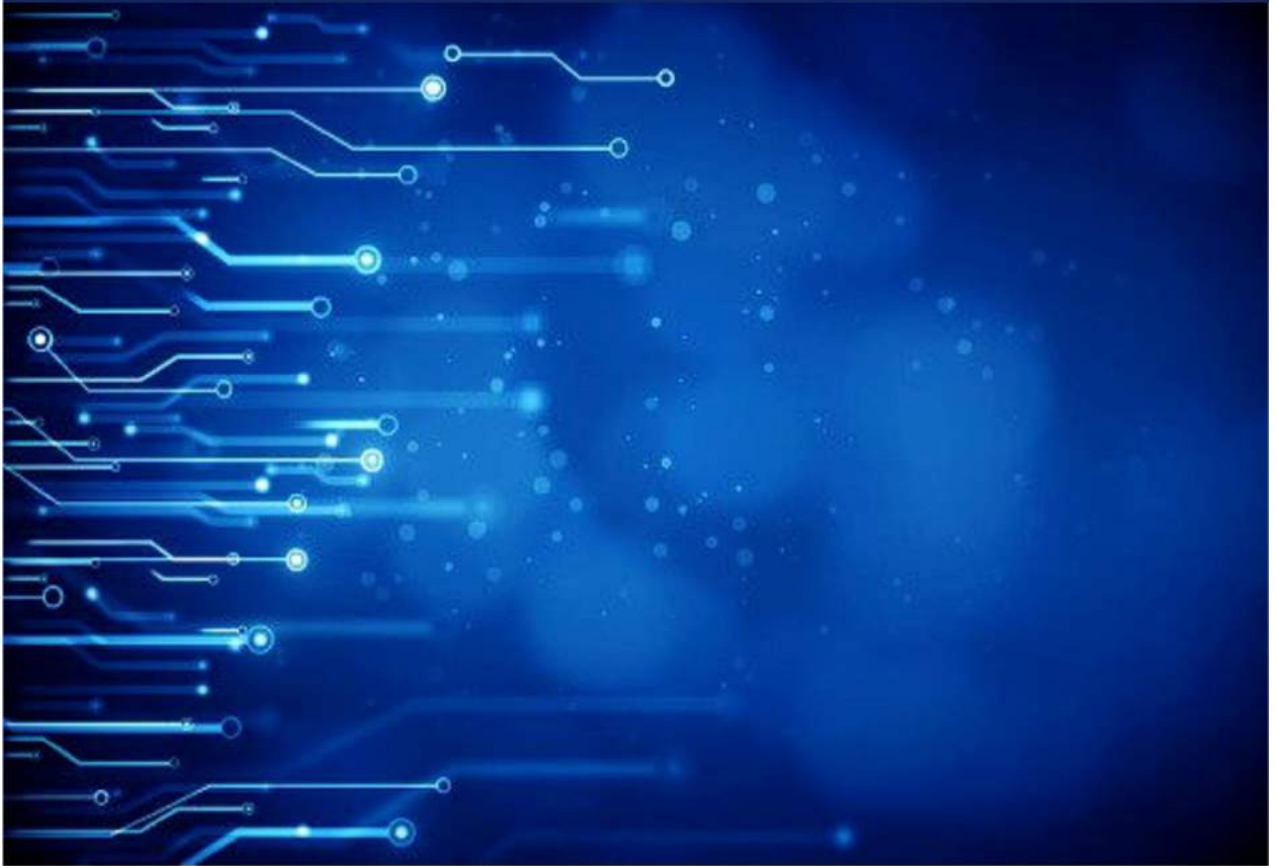

Outcomes:

The students were able to understand the Basic concepts of Subjects that they are taking for higher studies by the help of Bridge courses and they learn about the different opportunities available during their stay in IIMT University and make their career in respective fields.

Closing remarks-description:

The program was successful, and the students were happy, excited, and satisfied. The event was completed by breaking the ice session by introducing them to their peers and finally concluded with special thanks to their cooperation.

TABLE OF CONTAIN

Day	Date	Time	Activity	Venue
Day-1(One)	11-Sept-23 Monday	09:30 AM - 10:25 AM	Reporting Form & Personal File Preparation	Classroom
		10:25 AM - 11:20 AM	Reporting Form & Personal File Preparation	Classroom
		11:20 AM - 12:15 PM	Reporting Form & Personal File Preparation	Classroom
		12:15 PM - 01:00 PM	Special Lecture-1 SPORTS OFFICER	SeminarHallBlock B
		01:00 PM - 02:00 PM	Lunch	
		02:00 PM - 03:00 PM	Reporting Form & Personal File Preparation	Classrooms
		03:00 PM - 04:00 PM	Key note by Hon. Chancellor and Vice Chancellor & University Orientation	Seminar hall Block B
		09:30 AM - 10:25 AM	Reporting and Personal file completion	Seminar Hall Block B
Day-2(Two)	12-Sept- 23(Tuesday)	09:30 AM - 10:25 AM	Bridge Classes-1	Classrooms
		10:25 AM - 11:20 AM	Bridge Classes-2	Classrooms
		11:20 AM - 11:50 AM	Expert session-2 Mr. Manish, ERP coordinator	Seminar hall Block B
		11:50 AM - 01:00 PM	Special Lecture-3 Dr. Atul Makrariya, Assistant Professor EEE Special Lecture-4 Mr. Sumit Kumar, Assistant Professor SET- IST Year	Seminar hall Block B
		01:00 PM - 02:00 PM		
		02:00 PM - 03:00 PM	Bridge Classes-3	Classrooms
		03:00 PM - 04:00 PM	Bridge Classes-4	Classrooms
		04:00 PM - 05:00 PM	Reporting Form & Personal File Preparation	Physics Lab
03(Three)	13-Sept-23(Wednesday)	09:30 AM - 10:25 AM	Bridge Classes-5	Classrooms
		10:25 AM - 11:20 AM	Bridge Classes-6	Classrooms
		11:20 AM - 12:15 PM	Special Lecture-5 Dr. Deepak Kumar COE IIMTU	Seminar hall Block B
		12:15 PM - 01:00 PM	Special Lecture-6 Mr. Kuldeep Singh HOD SET- IstYear	Seminar hall Block B
		01:00 PM - 02:00 PM		
		02:00 PM - 03:00 PM	Bridge Classes-7	Classrooms

		03:00 PM - 04:00 PM	Special Lecture-7 Dr. Sourabh Kumar Assistant Professor CE	Seminar hall Block B
04(Four)	14-Sept-23(Thursday)	09:30 AM - 10:25 AM	Bridge Classes-8	Classrooms
		10:25 AM - 11:20 AM	Bridge Classes-9	Classrooms
		11:20 AM - 12:15 PM	Special Lecture-8 Dr. Neeraj Sharma, Dean Student Welfare IIMTU	Seminar hall Block B
		12:15 PM - 01:00 PM	Special Lecture-9 Ms. Shivani Pandey, Assistant Professor CSE, IIMTU	Seminar hall Block B
		01:00 PM - 02:00 PM		
		02:00 PM - 03:00 PM	Bridge Classes-10	Classrooms
		03:00 PM - 04:00 PM	Special Lecture-11 Ms. Ekta Sharma, IIMTU	Seminar hall Block B
		04:00 PM - 05:00 PM	Reporting Form & Personal File Preparation	Physics Lab
05(Five)	15-Sept-23(Friday)	09:30 AM - 10:25 AM	Bridge Classes-12	Classrooms
		10:25 AM - 12:15 AM	Special Lecture-12 Dr. Sanjay Sharma President, Bhartiya Shanskriti Nayas	Seminar hall Block B
		12:15 PM - 01:00 PM	Bridge Classes-13	Classrooms
		01:00 PM - 02:00 PM		
		02:00 PM - 03:00 PM	Bridge Classes-14	Classrooms
		03:00 PM - 04:00 PM	Bridge Classes-15	Classrooms
		04:00 PM - 05:00 PM	Reporting Form & Personal File Preparation	Lab
06(Six)	16-Sept-23(Saturday)	09:30 AM - 10:25 AM	Bridge Classes-16	Classrooms
		10:25 AM - 11:20 AM	Bridge Classes-17	Classrooms
		11:20 AM - 12:15 PM	Special Lecture-13 Subedar Major Ajay Kumar NCC Officer IIMTU NSS/NCC	Seminar hall Block B
		12:15 PM - 01:00 PM	Special Lecture-14 Mr. Ashwani Sharma A. P. Physics, SOBST IIMTU	Seminar hall Block B
		01:00 PM - 02:00 PM		
		02:00 PM - 03:00 PM	Bridge Classes-18	Classrooms
		03:00 PM - 04:00 PM	Documentation quarries session	Seminar hall Block B
		04:00 PM - 05:00 PM	Reporting Form & Personal File Preparation	Lab
08(Eight)	Sept-23(Tuesday)	09:30 AM - 10:25 AM	Bridge Classes-19	Classrooms

		10:25 AM - 11:20 AM	Bridge Classes-20	Classrooms
		11:30 PM - 01:00 PM	Special Lecture-15 Dr. Vipin Sharma, A. P. ME SET IIMTU	Seminar hall Block B
		01:00 PM - 02:00 PM		
		02:00 PM - 03:00 PM	Bridge Classes-21	Classrooms
		03:00 PM - 04:00 PM	Faculty Interaction	Seminar hall Block B
		04:00 PM - 05:00 PM	Reporting Form & Personal File Preparation	Lab
09(Nine)	19-Sept-23(Tuesday)	09:30 AM - 10:25 AM	Bridge Classes-22	Classrooms
		10:25 AM - 11:20 AM	Bridge Classes-23	Classrooms
		11:20 AM - 12:15 PM	Special Lecture-15 Shri Ravi Kumar ji Prant Pracharak (Vidhya Bharti) New Delhi	Seminar hall 127
		12:15 PM - 01:00 PM	Special Lecture-16 Prof. Dr. A. K. Chauhan CHIEF PROCTOR, IIMTU	Seminar hall Block B
		01:00 PM - 02:00 PM		
		02:00 PM - 03:00 PM	Special Lecture-17 Mr. Sandeep Verma, Coordinator Incubation center IIMTU	Seminar hall Block B
		03:00 PM - 04:00 PM	Special Lecture-18 Dr. Renu Agrawal Associate Professors Chemistry	Seminar hall Block B
		04:00 PM - 05:00 PM	Reporting Form & Personal File Preparation	Lab
10(Ten)	20-Sept-23(Wednesday)	09:30 AM - 10:25 AM	Bridge Classes-22	Classrooms

DEEKSHARAMBH 2023-24

School Name	School of Engineering & Technology - IST YEAR
Event Name	Induction and Orientation Program 2023-24 “DEEKSHARAMBH”
Event Duration	11/09/2023 to 20/09/2023
Number of Days	10
Venue	Seminar Hall- Block-B / Classrooms third floor
Participants	Students B.Tech. (All Branches) & Polytechnic (All Branches)
Student Engagement	Attendance “Appendix - 1”

Reporting Registration Committee:

1. Counter-1 (B.Tech. CSE) - Room Number - 316

Coordinator –Mr. Sumit Kumar (8923805985), Ms. Aditi Sharma
(7895371009)

Technical Staff –Mr. Sajeel Ahmad (8267910428), Mr.Lokesh Sharma (9997875825)

2. Counter-2 (B.Tech. CE /EE/ ME/ AIML) Room Number - 317

Coordinator – Dr. Atul Makrariya (9140145281), Ms. Priyanka (9149351871),

Technical Staff –Mr. Ravi Sharma (9760067275)

3. Counter-3 (Diploma All Branches) – Room Number - 306

Coordinator–Ms. Archana (9568776253), Mr. Ashwani Kumar (8979331693)

Technical Staff–Mr.Deshraj Puri (975987219)

4. Counter-4 (B.Tech. Aerospace) – Room Number - 302

Coordinator–Ms.Rajni Verma (7328805759), Mr. J.B. Singh (7500886956)

TechnicalStaff–Ms. Nikita Shukla (9634471564)

Deeksharambh: Day-1

Introduction to Event:

An Orientation Programme “**DEEKSHARAMBH 2023-24**” of SET -1st year, 2023 was organized to welcome the first year students who were admitted to Engineering program B.Tech. (CSE,EE,ME,CE,CS-AI & ML, AEROSPACE)and diploma program (CSE,EE,ME,CE) at the School of Engineering & Technology premises on 11/09/2023 where students had been welcomed by the senior students of SET. The objective of the program is to make the students feel comfortable in their new environment, open them up, set a healthy daily routine, create bonding in the batch as well as between faculty and students, develop awareness, sensitivity and understanding of the self, people around them, society at large, and nature. The orientation program commenced with the lighting of lamp by all dignitaries followed by warm welcome by the HOD SET - IST Year Mr. Kuldeep Singh. Mr. Singh urged the students to keep up with the changing trends in engineering and take their studies in to utmost importance. The day was marked with the presence of Dr. Pankaj Singh, Dean SET, Dean Physical Education and all the head of the departments with faculty members. Ms. Aditi Sharma, Assistant Professor (CSE) welcomed the distinguished guest, students, Heads and faculties. She thanked them for their presence and invited Dr. Pankaj Singh, Dean SET to speak. Dr. Pankaj Singh, Dean SET welcomed the First Year.

Engineering students and shared his experiences as an engineering student and spoke briefly about the fast changing technologies in the world. Dean Physical Education, shared his view about sports activities and opportunities, he told that sport teaches us the value of teamwork. The orientation program was then preceded with the key welcome message of our Honourable Chancellor Shri Yogesh Mohan ji Gupta Sir to the IIMTU family.

Glimpse of the Day-1

The programme was ended with the vote of thanks by HOD SET - 1ST Year Mr. Kuldeep Singh. After the lunch break the students were oriented to the Department and its functioning by the Class Coordinators who informed students about their curriculum, guide them to complete the personal file preparation & documentation process.

The program was successful, and the students were happy, excited, and satisfied.

Deeksharambh: Day-2

The second day of Deeksharambh at the School of Engineering & Technology - IST YEAR (SET) was marked by informative and interactive activities. The key highlights of the day were as follows:

Bridge Course classes on Mathematics, Physics, English, Chemistry and computer have been conducted as per the time table at SET. This session aimed to familiarize the students with the fundamentals. The students attended all classes gained a deeper knowledge of the subject.

Mr. Manish, ERP coordinator, conducted an expert session for the students on **ERP** at seminar hall, B-Block. The session focused on application and different functions of ERP software. The students actively participated & clear their ERP issues.

Motivational Session was conducted by **Mr. Sumit Kumar, Assistant Professor SET-IST Year**, The session focused on enhancing essential skills such as confidence and interpersonal skills. The students actively participated in this activity and gaining valuable insights to help them excel in their personal and professional lives.

Dr. Atul Makrariya, Assistant Professor EEE, conducted an expert lecture for the students on **“Electronics: The new hope in Make in India “**at seminar hall, B-Block. The session focused on **“What has Make in India made for India”**. The students actively participated & enhance their knowledge.

Glimpse of the Day-2

After the lunch break the students were oriented to the Department and its functioning by the Class Coordinators who informed students about their curriculum, guide them to complete the personal file preparation & documentation process.

The program was successful, and the students were happy, excited, and satisfied.

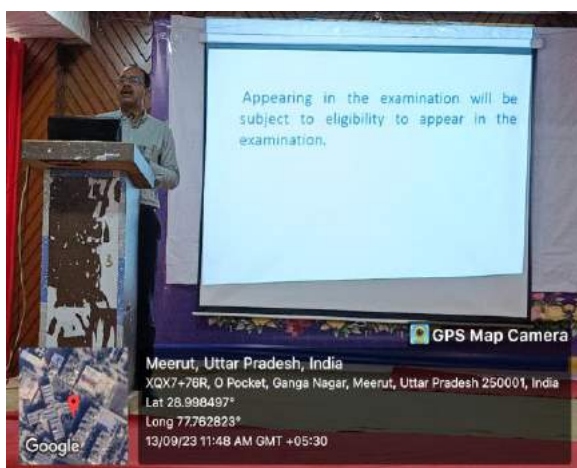

Deeksharambh: Day-3

The Third day of Deeksharambh at the School of Engineering & Technology - IST YEAR (SET) was marked by informative and interactive activities. The key highlights of the day were as follows:

Bridge Course classes on Mathematics, Physics, English, Chemistry and computer have been conducted as per the time table at SET. This session aimed to familiarize the students with the fundamentals. The students attended all classes gained a deeper knowledge of the subject.

Dr. Deepak Kumar, COE IIMTU, conducted an expert session for the students on **Examination & its role** at seminar hall, B-Block. The session focused on brief about COE office and importance of examination. The students actively participated & clear their issues.

Motivational Session was conducted by **Mr. Kuldeep Singh, HOD SET- IstYear**, The session focused on enhancing essential skills such as confidence and interpersonal skills. The students actively participated in this activity and gaining valuable insights to help them excel in their personal and professional lives.

Glimpse of the Day-3

After the lunch break the students were oriented to the Department and its functioning by the Class Coordinators who informed students about their curriculum, guide them to complete the personal file preparation & documentation process.

The program was successful, and the students were happy, excited, and satisfied.

Deeksharambh: Day-4

The Fourth day of Deeksharambh at the School of Engineering & Technology - IST YEAR (SET) was marked by informative and interactive activities. The key highlights of the day were as follows:

Bridge Course classes on Mathematics, Physics, English, Chemistry and computer have been conducted as per the time table at SET. This session aimed to familiarize the students with the fundamentals. The students attended all classes gained a deeper knowledge of the subject.

Dr. Neeraj Sharma, Dean Student Welfare IIMTU, conducted an expert session for the students on **student's welfare schemes offered by IIMTU**, at seminar hall, B-Block. The session focused on brief about support and co-curricular activities of DSW office and importance of holistic development of the students. The students vigorously participated & clear their queries.

Ms. Shivani Pandey, Assistant Professor CSE, IIMTU, conducted an expert lecture for the students on **“Careers in IT Industries “**at seminar hall, B-Block. The session focused on different area where jobs are available and respective domain knowledge required. The students actively participated & enhance their knowledge.

The Personality development session was conducted by **Ms. Ekta Sharma, IIMTU** for the students, at seminar hall, B-Block. The session focused on brief about various skills in personality development which help to promote interpersonal communication. The students vigorously participated & clear their queries.

Glimpse of the Day-4

At the end of the day the students were oriented to the Department and its functioning by the Class Coordinators who informed students about their curriculum, guide them to complete the personal file preparation & documentation process.

The program was successful, and the students were happy, excited, and satisfied.

Deeksharambh: Day-5

The Fifth day of Deeksharambh at the School of Engineering & Technology - IST YEAR (SET) was marked by informative and interactive activities. The key highlights of the day were as follows:

Bridge Course classes on Mathematics, Physics, English, Chemistry and computer have been conducted as per the time table at SET. This session aimed to familiarize the students with the fundamentals. The students attended all classes gained a deeper knowledge of the subject.

Dr. Sanjay Sharma, President, Bhartiya Shanskriti Nayas, conducted an expert lecture for the students on “Indian Knowledge System (I K S) “at seminar hall, B-Block. He briefly explains that Indian culture is the heritage of social norms and technologies that originated in or are associated with the ethno-linguistically diverse India. The students actively participated & enhance their knowledge about History of Indian Culture.

Glimpse of the Day-5

At the end of the day the students were oriented to the Department and its functioning by the Class Coordinators who informed students about their curriculum, guide them to complete the personal file preparation & documentation process.

The program was successful, and the students were happy, excited, and satisfied.

Deeksharambh: Day-6

The Sixth day of Deeksharambh at the School of Engineering & Technology - IST YEAR (SET) was marked by informative and interactive activities. The key highlights of the day were as follows:

Bridge Course classes on Mathematics, Physics, English, Chemistry and computer have been conducted as per the time table at SET. This session aimed to familiarize the students with the fundamentals. The students attended all classes gained a deeper knowledge of the subject.

The session on Chandrayaan was conducted by **Mr. Ashwani Sharma**, Assistant Professor Physics, SOBST IIMTU for the students, at seminar hall, B-Block. The session focused on brief about India's mission to the moon which help to know about advancements in various sectors, including space research, engineering, and communication. The students energetically take part & clear their queries.

Subedar Major Ajay Kumar, NCC Officer IIMTU, conducted an expert lecture for the students on “NCC & its future benefits” at seminar hall, B-Block. He briefly explain the concept behind NCC & its importance. The students actively participated & enhance their knowledge about NCC.

At the end of the day the students were oriented to the Department and its functioning by the Class Coordinators who informed students about their curriculum, guide them to complete the personal file preparation & documentation process.

The program was successful, and the students were happy, excited, and satisfied.

Glimpse of the Day-6

Sixth day of Deeksharabh was completed successfully. The entire day events were complete with the proper schedule. Student motivated by the expert lecture of eminent speakers on Chandrayaan & NCC.

Deeksharambh: Day-8

The Eighth day of Deeksharambh at the School of Engineering & Technology - IST YEAR (SET) was marked by informative and interactive activities. The key highlights of the day were as follows:

Bridge Course classes on Mathematics, Physics, English, Chemistry and computer have been conducted as per the time table at SET. This session aimed to familiarize the students with the fundamentals. The students attended all classes gained a deeper knowledge of the subject.

Dr. Vipin Sharma, Assistant Professor ME SET IIMTU, conducted an expert lecture for the students on “Nature Inspired Engineering “at seminar hall, B-Block. He briefly explains the concept behind Nature inspired design is about applying what we've learned about Nature to the things we design. The students actively participated & enhance their knowledge about nature to engineer innovative solutions.

Glimpse of the Day-8

At the end of the day the students were oriented to the Department and its functioning by the Class Coordinators who informed students about their curriculum, guide them to complete the personal file preparation & documentation process.

The program was successful, and the students were happy, excited, and satisfied.

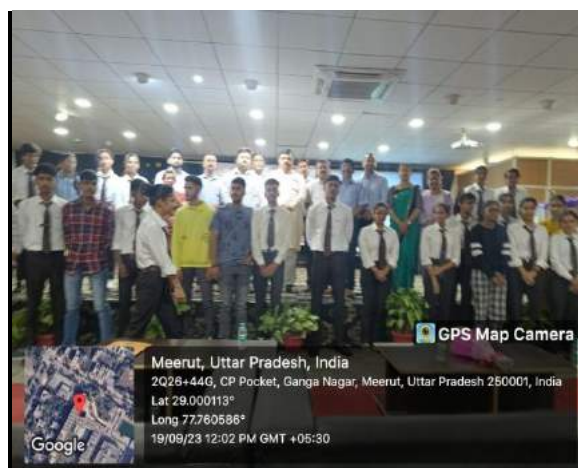

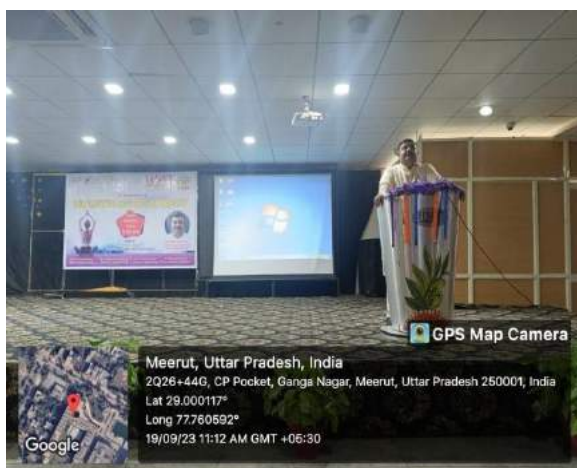

Deeksharambh: Day-9

The 9th of Deeksharambh at the School of Engineering & Technology - IST YEAR (SET) was marked by informative and interactive activities. The key highlights of the day were as follows:

Bridge Course classes on Mathematics, Physics, English, Chemistry and computer have been conducted as per the time table at SET. This session aimed to familiarize the students with the fundamentals. The students attended all classes gained a deeper knowledge of the subject.

Shri Ravi Kumar ji, PrantPracharak New Delhi (Vidhya Bharti), delivered an expert talk on “Holistic Development”. The students actively attended the session & gained a deeper knowledge of the Holistic Development.

Prof. Dr. A. K. Chauhan, CHIEF PROCTOR, IIMTU, conducted an expert lecture for the students on “Discipline and its Importance” at seminar hall, B-Block. He briefly explain the role of Proctorial board and its importance. The students actively participated & enhance their knowledge about Proctorial board.

Glimpse of the Day-9

The program was successful, and the students were happy, excited, and satisfied.

Deeksharambh: Day-10

The 10th day of Deeksharambh at the School of Engineering & Technology - IST YEAR (SET) was marked by informative and interactive activities. The key highlights of the day were as follows:

Bridge Course classes on Mathematics, Physics, English, Chemistry and computer have been conducted as per the time table at SET. This session aimed to familiarize the students with the fundamentals. The students attended all classes gained a deeper knowledge of the subject.

Cultural Program, The students actively participated in dance, singing & various cultural activities.

Class Allocation, Mentor- Mentee Meeting has also conducted. Course Curriculum & Time Table Distribution has been done by respective class coordinators.

At the end of the day the students were oriented to the Department and its functioning by the Class Coordinators who informed students about their curriculum, guide them to complete the personal file preparation & documentation process.

The Induction programme was ended with the vote of thanks by Mr. Kuldeep Singh, HOD SET - IST Year.

Glimpse of the Day-10

The program was successful, and the students were happy, excited, and satisfied.

Outcomes:

Tenth day of Deeksharambh was completed successfully. The entire day events were complete with the proper schedule. Student motivated by the expert lecture of eminent speakers. The students were oriented to the various committees and cultural activity and were made understand its functioning and ways to avail the various facilities available in the university.

DEEKSHARAMBH 2023-24

School Name	SCHOOL OF HOTEL MANAGEMENT CATERING & TOURISM
Event Name	Induction and Orientation Program 2023-24
Event Date	11/09/2023 – 20/09/2023
Number of Days	09
Venue	BLOCK-F
Participants	Students/Faculty/Staff
Student Engagement	48+ 10(Home Science)

Introduction to Event:

The Induction Program at Department of Hotel Management, IIMT University serves as a pivotal orientation experience for new students, setting the tone for their academic journey. This carefully designed program, typically held at the beginning of academic year 2023-24, aims to acclimate incoming students to the university's and department's culture, resources, and expectations.

During the induction program, students were introduced to the university's mission, values, and academic policies along with the department's code of conduct. They also gained insight into campus facilities, support services, and extracurricular opportunities. Faculty and Eminent members played a crucial role in welcoming students, offering guidance on academic programs and career prospects.

Moreover, the induction program fosters a sense of belonging and community among students. It often includes team-building activities, peer mentoring, and social events, which help forge connections and friendships that can last throughout their academic journey.

The program also highlighted essential information about study skills, time management, and academic integrity to help students excel in their courses opted for Hotel Management. Overall, the “**Deeksharambh**” (Induction Program) plays a vital role in ensuring a smooth transition for new students, empowering them to thrive academically and socially during their time at the institution.

Coordinator(s):

Capture Faculty/Staff/Student coordinators' details in the below tables:

Faculty/Staff Coordinator(s):

Sr. No.	Name	Designation	Department	Mobile
1	MS.AKANKSHA	ASST.PROF	HM	9675089807
2	Ms.Neha Sharma	Assistant Professor	Department of Home Science	7017801882

Student Coordinator(s):

Sr. No.	Name	Roll no.	Course	Batch
1	RAHUL YADAV	2272004019	BHMCT	2022-25
2	PRASHANT BHARTI	2172006008	BSCHM	2021-24
3	Tanya Goel	2172007021	B.Sc(Home Science-Clinical Nutrition and Dietetics)	2021-24

Agenda/Event Flow:

The event flow for this multi-day Hotel Management Induction/orientation program is as follows:

List of Participants:

Sr. No.	Name	Admission No.	Course	Batch
1	JASWANT	60233259	MHMCT	2023
2	AMIT JAISWAR	60231762	BHMCT	2023
3	TUSHAR	60232566	BHMCT	2023
4	MOHD JIYAUURAHMAN	60230312	BHMCT	2023
5	KRRISH CHANDER	60232387	BHMCT	2023

Outcomes:

The outcome of an Induction Program DEEKSHARAMBH at SOHMCT (HM DEPARTMENT) can significantly impact the success and well-being of incoming students. Here are some key outcomes that can result from a well-executed induction program:

Student Preparedness: One of the primary outcomes of an induction program is ensuring that students are well-prepared for the academic challenges ahead. They gain an understanding of the curriculum, course requirements, and academic expectations related to the hospitality standards, which can lead to better performance in their studies.

Sense of Belonging: Induction programs foster a sense of belonging among new students. By connecting with peers, faculty, and staff, students feel more integrated into the university/department community, reducing feelings of isolation and anxiety.

Resource Awareness: Students become aware of the various resources available to them, including libraries, training and placements, examinations, welfare association, research facilities, academic advisors, and counselling services. This awareness can empower them to seek help when needed and make the most of university resources.

Personal Growth: The program often includes personal development components, such as workshops on time management, study skills, and stress management. Value added/universal activities, lectures provide insights on ethics and related practices. These skills are invaluable for students not only during their academic journey but also throughout their lives.

Social Networks: Induction programs facilitate the formation of social networks and friendships, which can provide emotional support, study partners, and a sense of community.

Retention and Success: IIMT University/HM department invests time and resources in effective induction programs tend to see higher student retention rates and academic success. Students who feel welcomed and supported are more likely to stay engaged in their studies and persist to graduation.

Career Development: Induction program in HM introduce students to career services and opportunities, setting them on a path toward professional success beyond graduation.

A well-structured Induction Program sets the stage for a positive university experience, enhancing students' academic performance, personal development, and sense of belonging, ultimately contributing to their overall success and well-being.

Deeksharamb: Day-1

Day-1 begins at 9:30 am with a warm welcome and an introduction to the university by Dr. Masood Aslam, followed by a traditional lamp lighting ceremony and Saraswati Vandana. The event continues with a keynote address by the Hon'ble Chancellor and a session on Personality Development Dr. Ekta Sharma.

Glimpse of the Day-1

In the afternoon, there are departmental overviews presented by Dr. Nitin Gupta discussing about the courses offered in hotel management department, faculty introduction and departmental layout. Later in the day, there's a group session conducted by Ms. Sonal Agarwal and Ms.Neha Sharma (Home Science)

Deeksharamb: Day-2

Day-2 begins with a session on Placement by Mr. Rahul Jain, followed by a session by Mr. Nirbhay Kumar on the topic of Student's Aspirations & Family Expectations. The day continues with a COE (Controller of Examination) session by Dr. Deepak Siddhu and a SWG (Student Working Group) session by Mr. Neeraj Sharma. A lunch break is scheduled at 1:00 pm. Afterward, there's a session on Literary Arts, including reading paragraphs via visual mode which was conducted by Dr. Surbhi Jaiswal (Home Science), and a creative art and culture activity where participants are invited to write a joint poem.

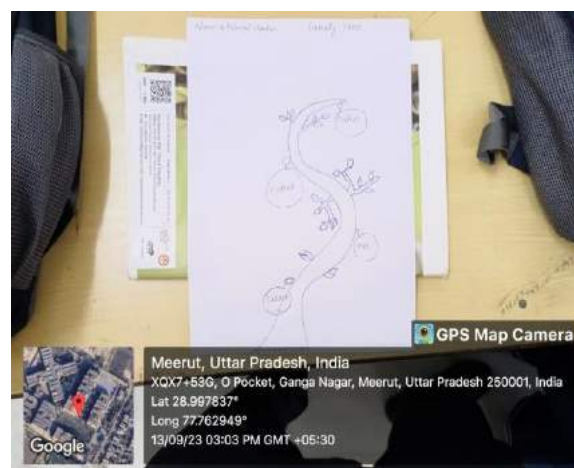

Glimpse of the Day-2

Deeksharamb: Day-3

Commenced with sessions on NSS/NCC by Dr. J.K Kushwaha and a morning session by Dr. Rustam Ali (Pharmacy) on the topic of Human Needs in relation to safe drugs. Following this, there are departmental activities, including a Campus Visit led by Mr. Prakash and Ms.Laxmi Kumari Singh (Home Science) and the screening of a documentary on Literature and Heritage Hotels in India.

Another lunch break is scheduled at 1:00 pm, followed by a creative art and culture activity where participants are asked to draw their Family Tree which was conducted by Ms.Laxmi Kumari Singh (Home Science). The day concludes with a Literary Arts activity, a Reverse Reading Competition.

Glimpse of the Day-3

Deeksharamb: Day-4

Day-4 begins with a morning session by Chief Proctor Mr. A.K Chauhan, followed by a presentation on CHANDRAYAAN by Mrs. Sonal Agarwal. There are departmental activities focusing on Hotel Industry and Tourism, as well as a motivational video by Chef Sanjeev Kapoor by Ms. Neha Sharma (Home Science)

Glimpse of the Day-4

After a lunch break, there's a Literary Arts session featuring a Writing Competition and a creative art and culture activity where participants are invited to create a map of their neighbourhood.

Deeksharamb: Day-5

Day-5 included a session on Human Values, followed by an Incubation/Startup session. A presentation by Dr. Masood Aslam on the topic of Prosperity. Departmental activities continue with a Food Presentation Video by Ms.Neha Sharma (Home Science) .After lunch, an afternoon session features a motivational movie screening.

Glimpse of the Day-5

Deeksharamb: Day-6

Day-6 begins with a session on NPTEL/SPOKEN, followed by a speech by on library and its rules and regulations. Dr. Nitin Gupta leads a presentation on Peer Pressure, and there are departmental activities focusing on familiarization with departmental labs by Dr.Surbhi Jaiswal (Home Science) and talent acquisition.A fun Pop a Question chit game wraps up the day.

Glimpse of the Day-6

Deeksharamb: Day-7

Day-7 started with an Outreach Program (USR) session, followed by departmental activities including a visit to the swimming pool and a session on the Mentor-Mentee system led by Mr. Jitendra Singh. After lunch, A Lecture was conducted on FOOD AND NUTRITION by Dr.Surbhi Jaiswal (Home Science) a Passing the Parcel game was conducted.

Glimpse of the Day-7

Deeksharamb: Day-8

Day-8 featured a session by IPR/R&D Head Mr. Akshay Raj, followed by a session with the Sports Officer, Ms. Anshi Sharma. Departmental activities focus on practical lab sessions led by Chef Naveen and Ms.Neha Sharma (Home Science)

Glimpse of the Day-8

After lunch, there's a ramp walk with introductions as part of the departmental activities.

Deeksharamb: Day-9

Day-9 started with a session by the Cultural Committee led by Ms. Asha Yadav, followed by a session on ERP by Mr. Manish Sharma. Departmental activities included familiarization with equipments and a motivational video presentation by a Mr. Sandeep Maheshwari (Celebrity Speaker)

Glimpse of the Day-9

After lunch, participants engage in a Paint & Art Session to wrap up the event.

Closing remarks-description:

In closing, the importance of a well-planned Induction Program at IIMT University/Department of Hotel Management cannot be overstated. It serves as the foundation upon which students build their academic and personal journeys. By providing essential information, fostering a sense of belonging and promoting personal growth, these programs empower students to thrive during their time at the university/department and beyond.

As students embark on their educational pursuits, they are equipped with the knowledge, resources, and support needed to succeed. The connections formed during the program create a strong sense of community, contributing to a fulfilling new experience after finishing schools. Ultimately, the outcomes of a successful Induction Program lead to higher retention rates, academic achievement, and a brighter future for all students.

In the spirit of continuous growth and learning, department of hotel management persistently assess and refine its induction programs to ensure they meet the evolving needs of their diverse student populations and academic standards. By doing so, institutions can make a lasting, positive impact on the lives of their students and empower them to reach their full potential.

At last, the Induction Program is not just an introduction; it's a launch pad for success, personal development, and a lifelong connection to the university/departmental community.

Deeksharambh: Day-2

Introduction to Event:

On the second day of Deeksharambh 2023, the School of Life Science and Technology conducted first sessions as the COE session for the new students of the departments. The session started with an introduction to COE followed by examination rules and patterns.

Glimpse of the Day-1

1. COE Session – B-Block Seminar Hall, IIMT University
2. Student engagement during COE session – B-Block Seminar Hall, IIMT University

Deeksharambh: Day-3

On the third day of Deeksharambh 2023, the School of Life Science and Technology conducted DSW as the second session for the new students of the four departments. In the following schedule, an introductory session was done by DSW Dr Neeraj Sharma who gave a brief overview to the students about the DSW role in academics.

Glimpse of the Day-3

DSW Session – B-Block Seminar Hall, IIMT University

Deeksharambh: Day-4

On the four day of Deeksharambh 2023, the School of Life Science and Technology conducted Cultural activities as the third session for the new students of the department. This session was briefed by Mrs. Pooja Sharma to instruct students about the extra cocurricular activities of the University as well as the department.

Glimpse of the Day-4

Cultural Activities Session – B-Block Seminar Hall, IIMT University

Deeksharambh: Day-5

On the five day of Deeksharambh 2023, the School of Life Science and Technology conducted Lab Safety as the fourth session for the new students of the department. This session was briefed by Dr. Reetu Sharma to instruct students about the lab safety rules while performing experiments in the laboratories.

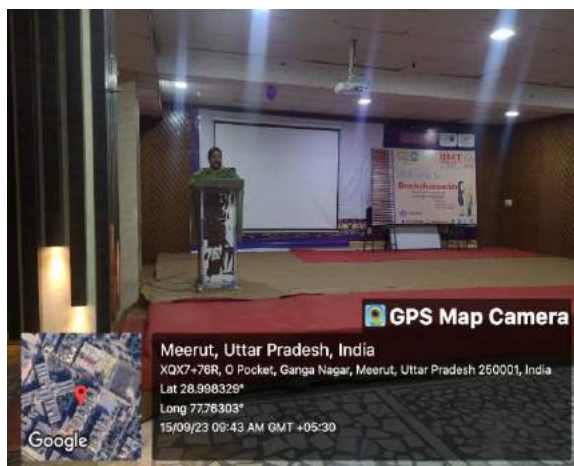

Glimpse of the Day-6

Lab Safety Session – B-Block Seminar Hall, IIMT University

Deeksharambh: Day-6

On the six day of Deeksharambh 2023, the School of Life Science and Technology conducted NCC/NSS as the second session for the new students of the departments. In the following schedule, an introductory session was done by SM Ajay who gave a brief overview to the students on NCC/NSS.

Glimpse of the Day-6

Gender equality Session – B-Block Seminar Hall, IIMT University

Deeksharambh: Day-7

On the seven day of Deeksharambh 2023, the School of Life Science and Technology conducted Electronic Usage as the third session for the new students of the departments. In the following schedule, an introductory session was done by Dr. Abha Verma who gave a brief overview to the students on Electronic Usage at Campus.

Glimpse of the Day-7

Electronic Usage Session – B-Block Seminar Hall, IIMT University

Deeksharambh: Day-8

On the eight day of Deeksharambh 2023, the School of Life Science and Technology conducted a mentor-mentee as the fourth session for the new students of the departments. In the following schedule, an introductory session was done by Dr. Sarita Singh who gave a brief overview to the students on Mentor-Mentee.

Glimpse of the Day-8

Mentor-Mentee Session – B-Block Seminar Hall, IIMT University

Deeksharambh: Day-9

On the ninth day of Deeksharambh 2023, the School of Life Science and Technology conducted NPTEL/Spoken as the first session for the new students of the departments. In the following schedule, an introductory session was done by Ms. Aishwarya Saxena who gave a brief overview to the students on NPTEL/Spoken to raise awareness about the importance of NPTEL/Spoken in their academics.

Glimpse of the Day-9

NPTEL/Spoken Session – B-Block Seminar Hall, IIMT University

Outcomes:

In the session, Ms. Aishwarya Saxena explained what NPTEL/Spokenmeans and ensured that the students understood the term clearly. She discussed all the necessary steps to be taken while registering for the course through the presentation.

Closing remarks-description:

The session was successfully conducted by Ms. Aishwarya Saxena as she educated the students by providing valuable information on NPTEL/Spoken.

Number of Days	10
Venue	1. Block C, seminar hall 2. Block A, SOPS Department
Participants	Students/Faculty/Staff
Student Engagement	21

Deeksharambh: Day-1

Introduction to Event:

An orientation program for first-year students was designed to provide a warm welcome and a smooth transition into their new academic environment. It offers an introduction to campus life, resources, sports, opportunities, activities and academic expectations. Typically, it includes campus tours, information sessions on academic programs, advising, and student support services. It also helps students connect with peers and engage in social and extracurricular activities. The goal is to ease the transition, ensure students feel comfortable and informed, and set a strong foundation for their academic journey. Orientation for first-year students is a crucial step in fostering a positive and successful college experience.

Day-1

Introduction to Event:

The orientation program of BPT-1st year, 2023 Batch began with a warm welcome to the university by the Dean, College of Medical Sciences (Allied Health Sciences) Prof. (Dr.) Mukesh Kumar & HOD & Associate Professor, Dr. Sumit Raghav, who made the students aware about the rules and regulations of the university. They also briefed the students on how to maintain and follow the code of conduct in and around the university campus. The orientation program was then proceeded with the key welcome message of our Honourable Chancellor Shri. Yogesh Mohanji Gupta Sir to the IIMTU family. The students were made aware of the different committees and activity clubs functioning in the University. On the first day detailed information was given on NPTEL/SWAYAM and SPOKEN TUTORIALS courses by the university coordinator Ms. Aishwariya Saxena. Also, the students were briefed about the University Library and its functioning by Dr. Sandeep Sharma, Chief Librarian, IIMTU.

After a short break the students were oriented to the Department and its functioning by the Class Coordinator Dr. Madhu Yadav and Dr. Latika Gulyani, who informed students about their curriculum, dress code and code of conduct in the college. The students were asked to introduce themselves to each other to break the ice between their peers. Lastly, the students were informed regarding the schedule of the Orientation program for the upcoming day.

The second day of the orientation program for the new batch BPT-2023 began with a introductory session of the students in order to get acquainted. It was a casual session between the students and the class coordinators, the students were also introduced to the course curriculum and the various facilities of the department. Later in the day the students were introduced to the University Outreach programmes (USR/UBA) by the university coordinator Dr. Shubha Dwivedi who enlightened the students on the Pro-Planet-People approach and the

Sustainable Developmental Goals. The ways the students can help the society and be a responsible citizen and to provide services to people of rural areas at ease. Another session by Prof. (Dr.) Virendra Singh, Chairperson, Anti-Ragging squad, IIMTU was conducted in the afternoon where the emphasis was laid on the anti-ragging committee and its regulations in and around the university campus. he also explained about the proctorial board at the university level and familiarized the students with the members of the committee from different colleges. He also gave important points on the laws made against Ragging and provided the link for the anti-ragging affidavit provided by UGC.

In the afternoon session the students were made aware about the internal and university examination criteria and requirements. Also, students were given a task in which the student must interact with the person sitting next to him/her without talking. Which turned out to be a funny and interactive one.

The third day of the orientation program began with a brief explanation of human values and its application in our lives. Afterwards of the students the students were given an assignment to write about the “Person who has influenced a lot in your life”, the students expressed themselves beautifully on paper. Later in the morning the students were accompanied to the Central Library by Dr. Madhu Yadav and Mr. Amit at the Library helped the students to learn about the library facilities. The students were then Oriented to the University Sports facilities and policies by Dr. Dev Prakash, HOD, Department of Physical Education. He also explained about the discipline needed to be a sportsperson. The importance of science in sports was emphasized and the injuries a sportsperson faces and its recovery with the help of a Physiotherapist.

In the afternoon session the students visited Rishi gram premises and were explained about the importance of nature and enjoying the natural environment rather than choosing the comfort of air-conditioned rooms and the sedentary lifestyle. The students enjoyed their visit and were refreshed at the end of the day.

The 4th day began with introduction to the cultural activities by cultural committee coordinator Dr. Latika Gulyani. The students were excited to learn about various activities which are organized from time to time at department and college level. Sooner the students were made aware of logging in and using their ERP account by the ERP in-charge Mr. Manish Kumar. He demonstrated the various features available for the students and how the student can access it with ease. The students were taught how they can get their admit card, important information on university activities, assignment, and performance details with just a click. The session was concluded with a Q&A session. Later Ms. Aishwariya Saxena oriented the students to the University cultural committee and its activities which the university celebrates and organises at various levels. Students were motivated to take part in upcoming events and competitions in the

upcoming days. She explained the vision and motto of university behind the formation of cultural committee. The various clubs formed at university level were also introduced.

In the afternoon session the students celebrated and took part in an essay writing competition on the occasion of Hindi Diwas. The students wrote an essay on “Importance of Hindi”. Prof. (Dr.) Mukesh Kumar, Dean, Allied Health Sciences explained the students the importance value and history of Hindi as a language. The day ended by appreciation of students who took part in the competition.

The 5th day began with a motivational lecture on importance of discipline and physical fitness by Prof. (Dr.) Mukesh Kumar, Dean, Allied Health Sciences. He also emphasised on the need to add physical activities in one’s daily life routine and how physical activity helps in keeping away morbidities due to sedentary lifestyle. Later the students were oriented to the University Examination scheme, rules and regulations by Dr. Deepak Sidhu, COE, IIMT University. He interacted with students and explained in detail all about the examinations. The day was short and sweet as the shower of rain made weather a pleasant one.

The 6th day began with a wonderful session on Personality Development by Dr. Ekta Sharma. She told the students about the various aspects of personality development. She spoke on how to represent oneself at any professional environment like coming to college or appearing for an interview. One should always look crisp, well groomed, and confident at all such situations. She emphasised on importance of looking, speaking and portraying the correct attitude and confidence. The session was very interesting and interactive. After the session the students had a chance to interact with all the available faculty members of all departments of Allied Health Sciences. The students introduced themselves and shared their experiences and reasons to join IIMT family.

Later, the students were told about the ethics of professionalism and inculcating principles and human values in their life. The students shared their beliefs and listened to the ways in which they can become a better human being and a professional. The students took a message home that “In order to become a better professional they should become a better human being first.”

The 7th day started for the students by getting information about the training and placement opportunities provided by the university at renowned companies and institutions and other available facilities related to career by Mr. Rahul Jain, Placement Officer, IIMTU. Later the students were introduced to the mentor mentee system implemented in the university for better guidance and support to the students by the class coordinators. Then later in the day the students were introduced to human values, ethics, and life skills by the subject expert Dr. Renu Aggarwal. She explained the students about various aspects of human values and natural tendencies. Also, she described various life skills tips which are required for survival and wellness in the society.

In the afternoon the students were made aware about various opportunities and facilities available for startups and incubation at the research & Development cell of the university. The students were motivated to work on their ideas to start their own projects with the help of experts at the university.

Later, the students were introduced to the details of their course and subjects in the first year. Their queries were answered and was briefed about how to do well in the subject and examinations.

The day 8th began with students' orientation on how to upload the documentation and relevant documents on the student portal. The students were made to do the same then and there so that any problem can be rectified by the concerned. The students were also told about the importance of timely submission of their documents in the college for the purpose of generating enrolment. The students were then oriented to the NCC/NSS program being carried out in the university by Dr. J.K. Kushwaha and Major Ajay. They explained the students about the benefits of getting certifications and training in career and NDA. Also, the certificates earned can be proved beneficial in obtaining job at Governmental level. The day ended with a note on discipline and maintain decorum of the campus.

The final day of the orientation program was quite informative as the students were taught various methods to deal with stress during studies or examination which prepared them for the load, they might feel one they start with their new journey in the professional life. The class coordinators Dr. Madhu Yadav & Dr. Latika Gulyani were there to address their doubts and queries. Later in the day written feedback on the nine days long orientation program was taken by all the students. Students also expressed themselves on how they feel being a new part of the IIMT family.

Flow of event:

Day 1:

1. Welcome
2. Welcome Message by Chancellor Sir
3. Orientation to NPTEL/SWAYAM & SPOKEN TUTORIALS
4. Orientation to Library
5. Introduction session

Day 2:

1. Welcome to the Department
2. Orientation to the Course Curriculum
3. Orientation to Outreach programmes (USR/USB)
4. Orientation to Anti-Ragging Squad
5. Orientation to Examination
6. Fun exercise

Day 3:

1. Assignment on Human values- "Person who has influenced your life".
2. Visit to Central Library
3. Orientation to University Sports facilities
4. Visit to Rishi gram

Day 4:

1. Introduction of Cultural Committee
2. Usage of ERP by students
3. Orientation to University cultural committee and its annual activities
4. Essay writing competition on the occasion of Hindi Diwas

Day 5:

1. Importance of Physical Fitness Committee
2. Orientation to University Examination scheme and regulations

Day 6:

1. Session on Personality Development
2. Faculty Interaction
3. Session on Inculcating Human values and ethics

Day 7:

1. Session on Placement and training
2. Introduction to mentor-mentee system
3. Session on Human values
4. Session on Incubation and startup opportunities at university
5. Introduction to subjects.

Day 8:

1. Briefing on usage of ERP for updating student profile
2. Session on NCC/NSS
3. Documentation and Requirements

Day 9:

1. Techniques to cope up with stress.
2. Feedback of orientation program

Mr. Jiyaul Hak: has taken a session on Pharmaceutics, a core subject in Pharmacy and gave introduction of the subject and different labs, Instruments etc.

Glimpse of the Day-3

Ms. Bhumika and Mr. Suraj Mandal: Coordinated the Ayurveda department visit. The students visited the Ayurveda hospital and Ayurveda College, the students were provided information on various departments and treatments.

Deeksharambh: Day-4

The **Deeksharambh** [Orientation] of the Academic Year 2023-2024 for newly admitted Diploma/ Bachelor/postgraduate students organized by the College of Medical Sciences, Department of Pharmacy on day second 14th September 2023 at the IIMT University, Ganga Nagar, Meerut.

Day four started with the welcome of all students and Ms. Bhumika gave a short intro to today's activity. After that,

Mr. Mukesh welcomed Dr. Deepak Sidhu, COE, IIMTU. **Dr. Sidhu** has provided the information to the students on various forms to be filled for examination and on the various examination systems such as sessional, pre university exam and final examinations. Dr. Sidhu motivated the students and told them about the important tips to write the examination to score good marks. The students were also informed about the enrolment process and the role of COE at the university.

Glimpse of the Day-4

Dr. Gaurav Gautam told the children what is Pharmacognosy subject and what is studied in it. He explained how herbal plants are used to make medicines or to treat diseases.

Deeksharambh: Day-5

Dr. Ekta Sharma, an expert in Personality Development, will provide a comprehensive overview of personality development in our orientation program. She will emphasize its importance in personal and professional growth, delve into effective communication skills, offer tips for boosting self-confidence, and discuss the significance of emotional intelligence. Don't miss this opportunity to enhance your personal and academic development with her insights.

Career Opportunities:

Personality development plays a significant role in shaping your career and can greatly impact your professional success. Here are several career opportunities where a strong focus on personality development can be beneficial:

ØLeadership Roles ØSales and Marketing ØHuman Resources (HR) ØPublic Speaking and Training ØCounselling and Coaching ØTeaching and Education ØManagement and Business Administration ØHealthcare and Counselling Psychology ØPersonal Branding and Entrepreneurship ØMedia and Entertainment

Glimpse of the Day-5

In summary, personality development is a valuable asset in various career paths. Regardless of your chosen field, investing in improving your communication skills, emotional intelligence, and self-confidence can open doors to career opportunities and contribute to your overall professional success. Personal growth and development are continuous processes that can benefit you throughout your entire career journey.

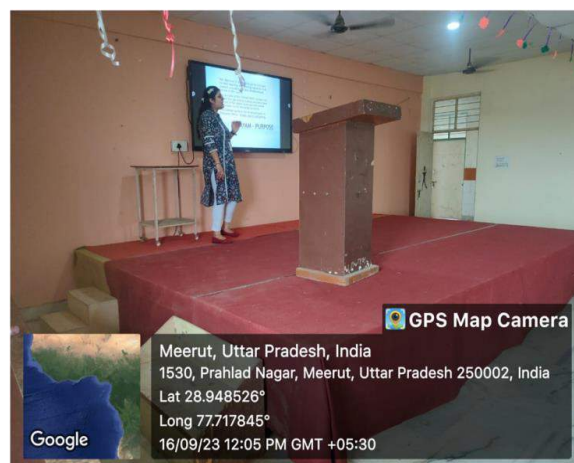

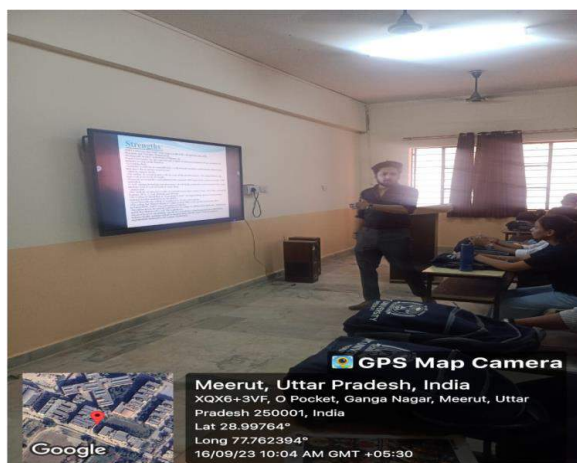

Deeksharambh: Day-6

Mr. Rahul Jain, an expert in placements, will provide invaluable insights during our orientation program. He'll cover the current job market, resume crafting, interview strategies, networking, job search methods, and the significance of soft skills like communication and adaptability in the workplace. Prepare for a successful career journey with his guidance.

Career Opportunities:

Pharmacy students, like students from other fields, have various career opportunities related to placement. These opportunities focus on helping pharmacy students and professionals secure suitable job positions and contribute to the pharmacy and healthcare sectors. Here are some career paths in placement specifically tailored for pharmacy students:

- Pharmacy Career Advisor Pharmacy Recruitment Consultant
- Hospital Pharmacy, Residency Coordinator, Pharmacy Placement Officer, Pharmacy Internship Coordinator, Pharmaceutical Sales Recruiter, Clinical Research Recruiter, Pharmacy Talent Acquisition Specialist, Medical Affairs Recruiter, Entrepreneurial Opportunities

Glimpse of the Day-6

These career opportunities in placement for pharmacy students cater to various aspects of the pharmacy profession, including clinical, retail, research, and industry-focused roles. The specific career path chosen will depend on individual interests, skills, and the segment of the pharmacy field they wish to support.

Deeksharambh: Day-7

Mr.AsheeshVerma, an esteemed expert in pharmacotherapeutics, will offer valuable insights into this vital aspect of pharmacy practice. His session will cover the central role of pharmacotherapeutics in patient care, medication management, and the safe use of pharmaceuticals. Participants will gain a comprehensive understanding of topics such as drug interactions, dosage regimens, adverse effects, and evidence-based practice. This session equips pharmacy students with essential knowledge and critical thinking skills for their academic and professional journey.

Career Opportunities:

Pharmacotherapeutics plays a vital role in healthcare, offering various career opportunities for individuals with expertise in this field. Here are some career paths:

- Clinical Pharmacist, Pharmacotherapist, Pharmaceutical Industry, Pharmacy Educator, Clinical Researcher, Pharmaceutical Regulatory Affairs Specialist, Medical Science Liaison (MSL), Pharmacovigilance Specialist, Healthcare Consultant, Geriatric Pharmacist, Oncology Pharmacist.

Glimpse of the Day-7

Pharmacotherapeutics professionals contribute significantly to patient care, medication safety, and the pharmaceutical industry, making their expertise essential in various healthcare and research settings.

Deeksharambh: Day-8

The Chief Proctor Duties Orientation Program conducted by Dr. A.K. Chauhan was a valuable educational experience for pharmacy students. It played a crucial role in enhancing their understanding of the Chief Proctor's responsibilities, ultimately contributing to a more disciplined and organized educational environment within our institution.

Glimpse of the Day-8

Activity- Motivation

Dr.ParbhakarVishwakarma addressed to the newly admitted students a motivational lecture about the Pharmacy field and the responsibilities of a pharmacist, In conclusion, Dr.ParbhakarVishwakarma's motivational address was a valuable addition to the pharmacy orientation program. It successfully inspired and motivated the students, setting a positive tone for their academic journey in the field of pharmacy.

Deeksharambh: Day-9

Activity- Human Values

In her enlightening address, Dr. Renu Aggarwal delved into the importance of human values, emphasizing their role in shaping not only successful pharmacists but also compassionate individuals.

She underscored the need for empathy, integrity, and ethics in the field of pharmacy, highlighting that beyond scientific knowledge, these values are essential in fostering trust and goodwill with patients and the community. Dr. Aggarwal encouraged students to prioritize ethical practices, respect for diversity, and a commitment to serving society in their journey as future pharmacists. Her address served as a reminder that, along with academic excellence, upholding human values is crucial in promoting the well-being and trust of patients and in building a fulfilling career in pharmacy.
