Agenda: To discuss the progress of institute development plan (IDP) cell and set new directions.

Points Discussed: Following discussion were made during the meeting

1. IIC of the university has already established. Various IIC activities for the current academic year have been planned in four phases and the duration of each phase is three months. Under this act all the schools running under the umbrella of the university are conducting these activities in accordance with the Indian Government.
2. In order to participate in NIRF, ARIIA ranking, we needs to accelerate the research work and for it, all schools have been suggested to nominate a research coordinator who will guide and nurture the research skills among faculty members.

The idea behind the process is to increase the numbers of quality publications, patents, FDPs, Conference and Workshops.

Resolution:

1. Committee suggested four phases, each lasting three months, have been planned for the various IIC activities during the current academic year. All of the schools operating under the auspices of the university are required under this statute to carry out these activities in line with the Indian Government. It has been decided that each member will work on short and long term plans and will submit plans in next meeting.
2. Committee also suggested all schools to guide and nurture the research skills among faculty members producing more high-caliber papers, patents, FDPs, conferences, and workshops.

The meeting came to end with vote of thanks by the chairperson.
