FROM THE DESK OF VICE CHANCELLOR

It's my pleasure to share the annual report of IIMT UNIVERSITY for the session 2023-24. We have overcome many challenges and emerged as one of the major Higher Education Institutions of repute in India. The university is expanding in terms of knowledge, infrastructure and resources.

The IIMT University will only succeed in its vision in the coming years if the students are able to achieve their potential not just in terms of academic excellence but also sports, culture and art. We are committed to provide an environment for all-round development of students. The success of pass out students reflects upon the perception about the university in the society. The university has best minds in academics as the faculty, who has brought credibility to the University in research.

It's a source of pride and immense happiness that IIMT University has ranked 48 among 60 private universities of India. The university has also ranked 20th in best university of north zone. The university is having a clear vision of academic excellence with technical creativity, research and innovation. I'm feeling happy and proud to mention here that university has got prestigious 51st position in band 50 to 100 in NIRF ranking. In R ranking the university has also received diamond band for outreach-based education and gold band for mental health and well-being.

I also like to highlight here that IIMT University has adopted NEP-2020, NISP-2019 and Academic Credit Bank which enhanced immensely the quality of education. Besides this, University is involved in numerous research and innovation activities through various research projects of GO/NGO of national and international repute, joint, individual and institutional IPRs, Technology development and transfer to industries. We are having here The Centre of Excellence of Research and Development in association with MoE-IIC IIMTU cell that ranks among top ten in northern India since 2018.

Additionally, the inaugural ventures within the IIMTU Business Incubator, acknowledged by UP Electronics Corporation Ltd., the Government of Uttar Pradesh, and endorsed by MSME, Government of India, in collaboration with PUM, Netherlands, have contributed to a series of triumphs through the establishment of thriving enterprises.

I am also pleased to announce that university has started Cloud ERP that helps in enhancing data management, streamlining administrative processes and improving operational efficiency. It helps in enhancing the learning experience for students. This system has many benefits that include Student Services and Support as well as Student Information Management and also Course and Curriculum Management.

Our faculty members have been involved in various research and development activities. The faculty here has publication in various reputed journals. The University encourages the faculty and students to get involved in research and innovation. The sincere efforts of IIMT family have made IIMTU stood among top thirty-six Universities in India in Atal Ranking of Institutes on Innovation Achievements-2021 for excellence in creating and sustaining Innovation and Entrepreneurship ecosystem within the university.

I wish all the best to our faculty members, staff and students to excel in the world in the areas of their expertise and also hope that the success story will continue on the trajectory of excellence in years to come.

PREFACE

At IIMT We make honest efforts and are dedicated to transform goals into reality. Here enormous encouragement is given to each faculty member so that they can strive for success.

We explore new ways to utilize the virtual platforms to improve and experiment with our teaching techniques and methods. The amenities available in campus includes in-house patient handling through multiple hospitals for Para-medical and pharmacy students, engineering lab for material recycling, in-house primary, secondary and higher secondary schools, for hotel management courses availability of high standard international hotel to name a few. The university has its own FM radio station which help student interested in journalism and public speaking. More than 2,04,000 books covering a wide range of subjects are housed in the IIMT University's roomy Central Library, which is thoughtfully organized and classified for reading. The university subscribes to a number of subscription services, including J-Gate, IEEE, DELNET, EBSCO, and REFREAD. The library has offered Sick assistance through DELNET and the grounds library offers an interlibrary loaning administration to support workers and understudies.

State of the art classroom facilities, sports facilities such as shooting range, swimming pool, horse riding, gym, yoga training etc. are some of the few options available that can boost physical as well as mental capability of students.

This Annual report for session 2023-2024, will enable every reader to cherish the quality implementation in IIMT University. We have Central Instrumentation Lab (CIL) facility to help advance the limits of scientific and technological study. IIMTU have Lecture capture system, Video editing studio, Animal house, Museum, Business lab, Research/stastical lab, Art gallery and Moot court. Besides these all the departments of the university are well equipped with instruments and other facilities. A biogas plant has also been started keeping in mind the sustainable solution for growing environmental pollution.

Various programs are being run for overall development of students that includes skill enhancement programs and personality development programs. Rojgar mela is also organized so that students are exposed to good opportunity for jobs and get placed in good companies and organizations. Mentor-mentee meetings are also held regularly so that student can share problems and queries and could get required counseling. All the students' records are now available online through ERP system including fee submission, fee receipt, attendance, LMS, mentor-mentee system and grievance complaints. The e-governance system is designed in IIMTU to make the system user-friendly, transparent, and time saving and cost saving also.

JOURNEY FROM INCEPTION

IIMT University with the legacy of a group of colleges since last 26 years has shown unprecedented growth over the past few years in the field of research, innovation and research based academic planning. IIMT University is a State Private University of Uttar Pradesh established by Govt. of Uttar Pradesh, India wide U.P. Act no. 32 of 2016, with the legacy of group of colleges since 1995 which are now brought under the aegis of IIMT University since 2016 to meet the ever growing needs of higher and professional education.

We are happy to announce that we have almost all the professional courses running under one roof of IIMT University whose objectives include turning innovations into enterprises, to increase the successful development of new businesses, job creation and employment in specific sectors that are aligned with a region's unique areas of opportunity.

6. DEEKSHARAMBH 2023-2024

**The Student induction &Orientation Programme (SIOP)
(On the guidelines of Quality Mandate, UGC)**

Student Induction and orientation programme is to help new students to adjust and to settle comfortably in the new environment, to inculcate in them the human values, ethics and culture of the University, help them build bonds with their seniors, batch mates and faculty members, and expose them to a sense of today’s competitive world’s requirement and self-exploration with ethics and values. A student induction cum orientation programme “Deeksharambh” was conducted from 11 September to 23

September, 2023 for 10 days.

Responsibility of the event was given to a committee comprised of following members:-

Dr. S. K. Singh
Dr. V. S. Patial
Dr. Umesh Sharma
Dr. Navneet Sharma
Dr. P. K. Mittal

During an induction program, the students were introduced to all various activities enlisted in the SIOP brochure which is designed strictly on the guidelines of Quality Mandate of UGC. The induction - orientation programme helped new students to be well acquainted with rules – regulations, code of conduct of the students of the University, various facilities and policies of the university for the students.

Students Induction covered a number of different aspects-

Socializing: Meeting other new students, senior students, students union, lectures by Eminent People;

Associating: Visits to University/School, visits to Dept./Branch/Programme of study and important places in campus, local area and city

Governing: Rules and regulations, student support etc;

Experiencing: Subject lectures, study skills, small-group activities, physical activity, creative and performing arts, literary activities, universal human values, etc.

Besides the above activities following activities were also included -

- Physical Activity
- Mentoring
- Creative Arts and Culture
- Literary Activity
- Lectures by Eminent People
- Extra-Curricular Activities in School

Circular

It is evident that the session 2023-24 is starting from **11th September 2023**.

A student induction programme and orientation programme "**Deeksharambh**" is to be conducted from 11th September, 2023 for 10 days as per programme guidelines attached herewith.

For the same a committee comprising of following members is constituted;

1. Dr. S.K. Singh, Dean-School of Commerce & Management- **Head of the Committee**
2. Dr. V.S. Patial, Dean- Physical Education
3. Dr. Umesh Sharma, Dean- Pharmacy
4. Dr. Navneet Sharma, Dean- School of Life Science & Technology
5. Dr. P.K. Mittal, Dean- Basic Science

The committee will form a subcommittee at the level of each school to run the programme as per guidelines strictly.

Following will be additional members associated with core committee for the proper conduction of "**Deeksharambh**".

1. Dr. Naveen Dwivedi, Associate Professor- - Coordinator
2. Mr. Rahul Jain - Placement - For sessional related to placement
3. Mrs. Ekta Sharma, Head Training - For sessions related to training
4. Dr. Renu Agarwal, Asso. Prof. & Dr. Shubha Dwivedi, Asso. Prof. - For sessions related to moral values
5. Mr. Vaibhav Sharma, Innovation Ambassador & Incubation Manager - For sessions related to IPR, E & I, Incubation & startups)
6. Dr. Deepak Kumar, CoE, - For sessional related to examination
7. Mr. Sandeep Sharma – Librarian - For Learning Resources Management System

The complete report of the conduction of "**Deeksharambh**" is to be submitted through the google link sent to all Deans on their emails.

Note: The Syllabus to be taught in bridge classes is to be designed by **5th September, 2023** in subject - Mathematics; English; Fundamental of Computers, C Language, Statistics, Value added courses & IKS and Indian Ethos.

Attached herewith the brochure of IIMTU-SOIP.

7. BUSINESS INCUBATOR

IIMT University is committed to foster the culture of research, innovation and entrepreneurship. Our aim is to provide cond

ucive environment to Faculty members, students and research scholars to work on the budding ideas which can be transformed into progressive, futuristic and commercially viable products, technologies and businesses.

IIMT centre for Innovation, Incubation and Entrepreneurship (CIIE) www.IIMTCIIE.com is working on various aspects. It has various cells to facilitate the researchers like.

TWO BUSINESS INCUBATORS

a. IIMTU-BI – approved by Govt. of India, Ministry of MHRD & MSME.

b. IIMTU – Business incubator foundation (registered under section – 8 of company act 2013, a non-profitable entity for the promotion of research, innovation, incubation and start-ups).

CERTIFICATE OF REGISTRATION

This is to Certify that IIMT Business Incubator Foundation Incorporated/Registered with Registration No. R/INCUBATOR/UP/LKO/2021/00001755 as Section 8 Company (under The Companies Act, 2013) is recognized as an Incubator by Department of IT & Electronics, GoUP through its nodal agency Uttar Pradesh Electronics Corporation Ltd. (UPLC).

Date of Issuance: 12-10-2021

Place of Issuance: Lucknow

The certificate shall only be valid for the entity.

- Period of existence and operations should not exceed 10 years from the Date of Incorporation/Registration, and
- Annual turnover of the entity should not exceed more than INR 100 crores for any of the financial years since its incorporation.

Note:

- Authorities accepting this Certificate may check its validity on the Start In UP Portal (www.startimp.up.gov.in).
- This is a system generated Certificate does not require any physical signature.

9. CENTRE OF EXCELLENCE

IIMT University has the following centers of excellence-

- A. Centre Instrumentation Lab
- B. Lecture Capture System
- C. Video Editing Lab/Studio
- D. Animal House
- E. Museum
- F. Business Lab
- G. Research/Statistical Lab
- H. Art Gallery
- I. Moot Court

A. CENTRE INSTRUMENTATION LAB

A broad variety of top-of-the-line instruments are housed in IIMT University's Central Instrumentation Facility to help advance the limits of scientific and technological study. Researchers in the basic, applied, and medical sciences can conduct internationally competitive research with the use of these tools and resources. The facility's cutting-edge analytical equipment provides a wide range of analytical techniques and methodologies for testing and analysing chemicals and materials. As a result, this will assist researchers in publishing their findings in peer-reviewed journals with high impact factors. In the end, the centre's coordinated efforts will aid in improving society as a whole. The Centre also intends to grow its facilities yearly so that it becomes a key centre for the nation. We anticipate that through achieving CIF, our nation will gain a renowned centre for innovative and team-based analytical research. The university's Division of Research and Development oversees CIF, which must generate its own funding for the upkeep and repair of the equipment. Thus, a small fee will be charged to consumers for sample testing and analysis. Services provided by

this facility are available to academic and research institutions, universities, businesses, and non-governmental organisations (NGOs) in addition to IIMTU stakeholders.

Objectives:

- To offer facilities with cutting-edge analytical equipment to speed up basic and advanced research.
- To analyse samples obtained from IIMTU and other organisations' researchers.
- To deliver accurate analytical data that can be utilised for both patenting and publishing in journals with high impact factors.
- To offer people direction and training for data collection, advanced instrument operation, and maintenance.
- To establish centers of excellence with reputable worldwide partner firms.
- To formally ratify an agreement for joint analytical research (MoU).
- To plan practical workshops, seminars, conferences, and symposia in conjunction with business and governmental partners in the field of a certain instrument.
- To offer certification courses in cutting-edge instrumentation methods.
- To provide professional advice on equipment, funding possibilities, and data interpretation (difficult data) in accordance with industry experts.
- To establish networking between research institutions on particular instruments for synergistic development.

Within the framework of CIF, a centralized lab have been developed with all the sophisticated instruments that assist researchers in publishing their findings in peer-reviewed journals with high impact factors.

List of instruments available in the CIL

S.No	Name of Instrument	Specifications	Scope
1	Microscope	Trinocular Microscope with camera (1.3 Megapixels) (Olympus). Eye piece-10X, 15X, 20X.	Specialially designs that will enhance microscopy's capabilities and advance your

		Objective lens-5X, 10X, 40X, 100X (Oil immersion lens).	research
2	Digital UV Vis Spectrophotometer (EduDAP)	Model: 118 Single Beam Digital Wavelength with 0.1 nm increments 200 – 1000 nm Range 2 nm Bandwidth Manual 4 position sample changer	UV-VIS Spectroscopy provides a simple and fast technique for qualitative and quantitative estimations covering a large number of application areas
3	Autoclave	Digital Vertical Autoclave (120 Liter). Complete stainless steel.	Waste is disinfected using an autoclave so that it may be securely disposed of as nonhazardous waste and become noninfectious.
4	Incubator Shaker	Digital, Shaking Platform Size (22” × 22”) Capacity (250ml to 1000ml). Speed range-20-300 rpm. Heating and cooling both functions. Temperature range- 5°C to 60°C.	It A slow, circular shaking action is characteristic of an orbital shaker (25-500 rpm). It is helpful for cleaning blots and cultivating microorganisms.
5	Bench Top Centrifuge	4000 rpm.	Sedimentation of suspended particles in samples is done using a centrifuge.
6	Digital Colony Counter	50 to 150 mm.	A colony counter is a device used to count bacterial or other microbe colonies that are developing on an agar plate.
7	BOD Incubator (Small)	Trinocular Microscope with camera (1.3 Megapixels) (Olympus). Eye piece-10X, 15X, 20X. Objective lens-5X, 10X, 40X, 100X (Oil immersion lens).	To maintain temperature for test tissue culture development and preservation of bacterial cultures, BOD Incubators (Bio-Oxygen Demand) are utilised.
8	Laminar Air Flow	Digital (with wind shield). Accuracy (0.01gm to 100gm).	Microbial culture is transferred aseptically using laminar air flow. It is utilised for activities including sub-culturing, sterile medication manufacturing, inoculations, tests, and other aseptic procedures, offering a superior aseptic work station.
9	Refrigerated Centrifuge	Technical Data: C-24 Plus (Model) Max. Speed : 20000RPM Max. RCF : 37570g Max. Tube Size : 100ml Max. Capacity : 400ml Lowest Temp : – 8°C	Sedimentation of suspended particles in samples is done using a centrifuge.

		Noise : < 60 dB Supply: 220-240 Volts 50 Hz single Phase	
10	PCR Thermal Cycler LA-949 (EduDAP)	Sample capacity: 96X0.2 ml Temp. range: 0-100°C Heating rate: 5 (°C/sec) Cooling rate: 4 (°C/sec) Control accuracy: ±0.1 Grading temp range: 30-100°C	The polymerase chain reaction is a technique that amplifies DNA and RNA materials using thermocyclers, also known as thermal cyclers.
11	BOD Incubator/ Cooling Incubator (EduDAP)	CI-10 plus Temp. range : 0-60 °C Adjustable 3 no. trays CLS (custom logical safe) control system with logical safety devices	To maintain temperature for test tissue culture development and preservation of bacterial cultures, BOD Incubators (Bio-Oxygen Demand) are utilised.
12	Universal Combined Kjeldhal Digestion and Distillation Unit (EduDAP)	Consisting of a single, electrically heated MS tubular stand with two shelves and a glass fume duct. One heater box outfitted with a 500 watt heater and separate energy regulators in the distillation and digesting parts, respectively, on the top and lower sides. Additionally, a brass condenser rack with water circulation mechanisms and clamps is provided for the distillation section.	The Kjeldahl unit is made to measure the concentration of nitrogen, ammonia, and proteins. It consists of a single piece of equipment with a digestive and distillation unit.
13	Rotary Microtome (ERBA Type) (EduDAP)	Feed adjustment: 1 - 25 micron Minimum Thickness - 1micron Total Feed Excursions - 28 micron	It is a widely used, dependable, and contemporary sectioning tool for tissues with a thickness of up to one micrometre.
14	Ultrasonic Probe Sonicator (EduDAP)	Probe Sonicator Labman, Model PRO650 Salient Features : Touchscreen display - 4.3 inches TFT Technical Data : Frequency : 20-25KHz - Automatic tracking Process capacity : 0.5-500ml (approx.) Probe Dia (Titanium Alloy) Standard : 6mm (1/4") Display Function: Temperature, Power, Time, etc. Temperature range(°C) : 0-99°C Timer (Selectable) : Yes Overload Protection : Yes	In the lab, sonication is frequently employed to spread nanotubes throughout the polymer matrix. It is used in emulsification study

		Input method : Touch screen control, Data Memory : 20 groups Output Power : 6.5-650W (adjustable)	
15	Auto analyzer (EduDAP)	Auto Universal Titrator Make Systronics, Model No. 354- with Graphic LCD (Potentiometric / K.F. / pH / mV / Temp.)	An automated analyser is a piece of equipment used in medical labs to swiftly and with little help from humans measure various chemicals and other properties in a variety of biological samples.
16	Cell analyzer Cat.No. H-33S (EduDAP)	Counting time (sec): 10-30 Cell concentration range, cells/ml: 5×10^4 – 1×10^7 Optimal cell concentration range, cells/ml : 1×10^5 – 5×10^6 Cell diameter range, μm : 6–50 Sample volume, μl : 10 Data storage, counts: 100 Printer connectivity: Yes Dilution calculator: Yes Image of cells available: Yes	Hematology analyzers are used to determine the total number of blood cells, identify blood cell illnesses, and keep track of the patient's health.
17	Ftir Spectrometer	RMSEP: 0.1 % v/v Weight: 15.2 Kg Display: PCAP Touchscreen Accuracy: +/-0.03 DC Material: Stainless Steel Cell Type: 2-bounce Atr ZnSe Flow-Through Cell Stability: +/- 0.005 DC Dimensions: 450 mm x 340 mm x 240 mm Power Supply: AC 100-240 V; 47-63 Hz; DC 24V, 3A Dynamic Range: 0-14 % v/v Repeatability: 0.02 s.d. Minimum Sample Volume: 15 mL Cell Temperature Control: Peltier Element, Stability +/- 0.005 DC, Measurement Time Per Sample: 42	The range of FTIR applications is broad. Verification of the quality of incoming and exiting goods is one of the most popular uses. Analysis using thermogravimetric infrared (TGA-IR) or gas chromatography infrared (GC-IR) technology to deformulate polymers, rubbers, and other materials
18	TGA	Temperature Range (max) -150 to 1000 °C Temperature Precision $\pm 1^\circ\text{C}$ Heating Rate 0.01 to 150 °C/min	With a steady heating rate, thermogravimetric analyzers track changes in mass as a function of temperature or time. Utilizing the TGA method, compositional analysis,

			Thermodynamic decomposition rates Studies on flammability and engine oil instability
19	Fluorescence spectrometer	Sensitivity (Raman light of water) Noise: Background Noise: Peak 1,200 or above*4 Minimum sample volume 0.6 mL Monochromatic light monitoring ratio calculation Light source 150 W xenon lamp	This tool may be used to measure kinetic tests to comprehend the mechanics of enzyme inhibition and complicated biological processes. Dyes, LEDs, tracers, solar cells, and organic electroluminescent compounds may all be analysed using this method.
20	HPLC	LC-100 HPLC	The approach has a wide range of uses in academic and commercial laboratories that need to identify and measure mixtures of organic chemicals.
	UV Vis Spectrophotometer	SHIMADZU Spectrophotometer UV-1800	In academic and industrial laboratories that need to identify and measure mixtures of organic chemicals, the approach has a wide range of uses.
21	DIGITAL NEPHLO-TURBIDITY METER 132	NEPHLO- TURBIDITY METER	This technique may be used to determine the turbidity of residential, industrial, and saline wastes as well as drinking, ground, surface, and saltwater fluids.
22	PHOTOFLOUR O METER 152	Sensitivity: Full scale deflection obtained with 0.1 ppm quinine sulphate in 0.1 N sulphuric acid Display: 3 digits 7 segments LED Sample Test Tubes: 15 mm (D) X 80 mm (L) Excitation source: 50 W Tungsten halogen lamp Primary filters: 360 nm and 440 nm filters mounted on holders Secondary Filters: Set of three glass filters, mounted on holders, covering entire visible range. Detector: Photocell Power: 230 V +/- 10%, 50 Hz	Chemistry and biochemistry, medicine, and environmental monitoring are examples of applications. For instance, they are applied to study the physiology of plants by measuring the fluorescence of chlorophyll.

		DIMENSIONS: 157mm (H)X 263 mm(W) x 280 mm (D)	
23	Dissolution Test Apparatus	DS 8000 (6+2) SC/TR (LABINDIA) Protocol number: UK/DEL/DT 10350909/21/9/10	utilized in the Quality Control Department to conduct tablet/capsule dissolution tests
24	Flame Photometer 130	System package: main unit type 130 & compressor unit type 126 Sensitivity Na: 2ppm K: 1 ppm Li: 7 ppm Ca: 30 ppm Accuracy: +2 % of FSD Display: 2 ½ Digit LED Min. sample volume: 3.5 ml Aspiration time: 30 sec. Air supply pressure: .3 to .6 Kg/cm ² Power requirement: 230 V , +- 105, 50 Hz, 10 VA DIMENSION Main unit: 275 (W)X 270 (H)X 235 (D) mm Compressor: 215 (W) x 235(H) x 255 (D) mm WEIGHT Main unit: 4.5 kg Compressor: 7 kg	Inorganic chemical analysis uses a flame photometer to measure the concentration of certain metal ions.
25	Viscometer	Brookfield with small sample adaptor, low viscosity adaptor and software.	A viscometer is an instrument used to measure the viscosity of a fluid.
26	ELISA Reader	Agilent	Most frequently, ELISA is used to quantify the number or presence of antibodies, antigens, or other substances that can be detected by antibodies.
27	Electrochemical workstation	Compliance Voltage $\pm 20V$ Current Range (Full Scale) ± 400 mA to 10 nA or better Output Voltage Range $\pm 10V$ or better Measured current resolution 0.0003% at entire current range	A multi-channel potentiostat/galvanostat called Multi-channel Autolab is helpful for electrochemical experiments. F. BUSINESS LAB

Welcome to the ****Innovative Business Lab****, a cutting-edge space dedicated to blending the realms of theoretical knowledge and practical application in the dynamic field of business studies. Established in 2021, this 35 square meter laboratory is strategically positioned on the second floor, creating an environment that is both inviting and conducive to deep learning.

At the heart of the Business Lab's mission is the drive to enhance experimental learning. Guided by the expertise of Dr. Nikita Singhal, students are immersed in a world where learning leaps off the pages of textbooks and becomes a tangible experience. This unique approach not only accelerates the learning process but also significantly boosts student engagement, resulting in an impressive return on educational investment.

The lab is a sanctuary of innovation, offering a variety of simulation modes to cater to different learning styles and objectives. In the single mode, students dive into simulations as solo participants, pitting their wits against sophisticated Artificial Intelligence (AI) to enrich their learning journey. Meanwhile, the workshop mode brings the curriculum to life, with certified faculty leading simulation programs that amplify the learning experience.

At the technological core of the Business Lab are three pivotal of tware tools:

1. ****SPSS****: The Statistical Package for the Social Sciences, a powerhouse for data analysis, assists in sifting through complex datasets to uncover patterns, trends, and relationships, empowering students and researchers like in their quest for knowledge.
2. ****CMIE Software****: Developed by the Center for Monitoring Indian Economy, this suite of tools provides invaluable insights into India's economic landscape, facilitating informed decision-making for researchers and policymakers.
3. ****R****: Celebrated for its open-access philosophy, R is a beacon of innovation in data science and statistics offering a comprehensive toolset for data analysis is without any cost, further democratizing access to high level statistical tools.

Equipped with 12state-of-the-art computers, the Business Lab is not just a room; it's a gateway to the future of business education, where every tool, every piece of software, and every square meter is designed to forge leaders of tomorrow. Here, students don't just learn about business; they live it.

I. MOOT COURT

The Moot Court Hall serves as a practical chamber for students to become acquainted with the atmosphere of the Courts while also improving their legal abilities and advocacy. In a moot court, students are given a hypothetical case and allowed to argue it. The participants conduct research on their respective sides, draft appellate briefs, and deliver oral arguments to the judges. Judges may raise questions at any time throughout the presentation, and students must reply appropriately; hence, a thorough understanding of the facts of the case, their arguments, and their opponents' arguments is essential.

10. PROMOTION OF FACULTY MEMBERS UNDER CAREER ADVANCEMENT SCHEME (CAS)

The University has circulated CAS form to promote faculty members under Career Advancement Scheme who fulfill the eligibility and performance criteria, prescribed by the UGC, in the Academic Year 2023-2024. 11. DISTRIBUTION OF THE RESEARCH INCENTIVE ON THE OCCASION OF REPUBLIC DAY

The Research Incentive Distribution Ceremony was carried out on January 26, 2024, at IIMT University with the aim of honoring and rewarding outstanding researchers for their remarkable achievements. The research incentive was distributed to 82 faculty members. Additionally, faculty members received certificates of recognition for granted patents and publications in SCI and Scopus journals. Such types of programs are essential for encouraging a research culture within the organization and inspiring faculty members to achieve success in their research. Additionally, they support the institution's growth as a center for innovation and research.

12. INSTITUTION'S INNOVATION COUNCIL (IIC)- AN INITIATIVE OF MINISTRY OF EDUCATION

In 2018, the Ministry of Education (MoE) launched the Institutional Innovation Council (IIC) program in collaboration with AICTE for Higher Educational Institutions (HEIs) to systematically foster an innovation culture and start-up ecosystem in education institutions. The primary role of IICs is to engage a large number of faculty, students, and staff in various innovation and entrepreneurship-related activities such as ideation, problem solving, proof of concept development, design thinking, intellectual property rights, project handling and management at the pre-incubation/incubation stage, in order to establish and stabilize the innovation and entrepreneurship ecosystem in HEI. The Institution Innovation Council (IIC) at IIMT University stands as a beacon of innovation, propelling forward the academic landscape with its unwavering commitment to excellence.

Rating Certificate: IIMTU has been given 4 star by IIC-MoE, GoI and was amongst top 04 universities in Northern India for its leading role in conducting innovation activities under their guidelines.

Letter of Appreciation

Dear Sir/Madam,

Please accept our sincere gratitude to all the chief functionaries and every members of the IIC Institution's Innovation Council (IIC) of IIMT University for the continuous support and contribution towards building the innovation and entrepreneurship culture development in your campus and also extending support to help other IIC institutions towards growth of the IIC network during the academic year 2021-22.

As we are progressing towards a 'quality' driven I&E ecosystem development, we strongly believe that the IIC model and its unique structure is definitely putting your HEI's thoughts, actions and aspirations in a systematic way to achieve inclusive and holistic development of the ecosystem.

Thank you & regards.

Yours Sincerely,

Dipan Kumar Sahu

Assistant Innovation Director
MoE's Innovation Cell, Govt. of India

13. IIC ACTIVITIES CONDUCTED BY IIMTU DURING 2023-2024

The Ministry of Education (MoE) introduced the Institution's Innovation Council (IIC), in order to systematically support the innovation culture and startup ecosystem in higher education.

IICs aim to include a large number of researchers, students, and staff members in various activities connected to entrepreneurship and innovation. To build and stabilize the innovation and entrepreneurial ecosystem in HEIs, such as through problem-solving, creativity, Design Thinking, Proof of Concept development, IPR, project handling and management at the Pre-incubation and Incubation stages, etc.

14. IIMTU AS THE MENTOR INSTITUTE FOR IIC

The Mentor-Mentee Programme for IIC Institutions is a program that connects high-performing IIC institutions with other IIC institutions that require guidance and support. The purpose of this initiative is to facilitate the exchange of information and resources among IIC institutions through inter-institutional collaboration.

According to IIC data, the top 20% of IIC institutions that have received four stars or more, suggesting that they are performing effectively in terms of I&E activities and have created the support system and competences to efficiently drive the campus I&E ecosystem.

A considerable number of IIC institutions still require ongoing advice on expert linkage, infrastructure creation and facility management, and resource mobilization to carry out I&E activities. To solve this, MoE Innovation Cell developed a Mentor-Mentee program for IIC universities.

IIMTU is the mentor institute of following five mentee institutes-

1. A N A College of Engineering and Management Studies, Barreilly
2. Indraprastha institute of Management and technology, Saharanpur
3. Pt. Dean Dayal Upadhaya MGMT College, Meerut
4. Supaul College of Engineering, Bihar
5. Rudra College of Institutions, Meerut

23. ALUMNI MEET 'SAMAGAM 2024'

It is a matter of great pride and honour for any University, when its students spread their wings and take flight into the infinite sky. Our alumni are our priceless possessions and valued emissaries who have added sheen and luster to the glory of the IIMT and raised the banner of the University high.

In order to foster and strengthen the IIMT Family - alumni bond and relive fond memories as well as for continuing the ritual, we celebrate Alumni Meet every year on the second Saturday of April. This year as customary it was celebrated on 13th April 2024. It was a splendid success and over 1200 alumni and 50 Ex-Employees congregated to celebrate gladness and revive memories.

The program was inaugurated by lamp lightening in front of Maa Saraswati by Honourable Chancellor Sir-Shree Yogesh Mohan Ji Gupta, Pro-Chancellor Sir-Dr. Mayank Agarwal, Honourable Vice Chancellor Mam-Dr. Deepa Sharma followed by torch procession ceremony in which archaic students carried torch and handed over to the students of this year.

This was equipped with the cultural competitions of Solo dancing and group Dancing, Mr. and Ms. IIMT as well as Mr. and Ms. Alumni contest which was thoroughly enjoyed by the alumni and current batch students. Alumni games and experience sharing session was delighting for all. alumni were very happy to meet the ex- employees.

The alumni shared the memories of the old days and thanked IIMT for organizing this event. Most of them were accompanied with their spouse and children. Addressing the alumni, Hon'ble Chancellor said that to get success in life, eyes should be on the target. He felt proud that the people coming out of this college are serving the whole world. Today, IIMT Group is a well-known name of North India, walking from the two-room institute on Mall Road. It is a matter of pride to get university status by joining various colleges of IIMT group. The jobs of the future lay in the in creativity and hence IIMT University lays greater emphasis on research and innovation on the guidelines of Bhartiya Sanskriti.

Winners of all the activities received the cash prize of 25000, 20000 and 15000 respectively for the first, second and third position. 245 current batch students received the scholarship cheques of total 1 crore rupees.

If IIMT is a brand today, then students also have an important role in it. The vision of the college depends on the hard work and honest efforts of the students. The students are reflections of the college, which can be easily gauged by the quality and reality of that college. Here at IIMT, we inspire students to be sacramental to the future of the country.

Dear Alumnus,

It's Time to think back, as your memories get a year older, it's time to catch up on the old days, and walked down the memory lane. Spend a day missing everything you missed. Let's get together to reminisce old times and talk about the future.

**You are cordially invited to the homecoming

25. REPORT OF THE TRAINING CELL FOR THE SESSION 2023-2024

The Training Cell at IIMT University plays a pivotal role in connecting students with prospective employers. The primary goal of the Training Cell is to assist both undergraduate and postgraduate students in securing suitable employment opportunities. The focus lies in aligning students' career aspirations with the workforce requirements of various organizations. Training Team has highly motivated and experienced trainers who assist the placement team in their endeavors.

The training team conducts programs aimed at enhancing students' employability skills, while the placement team manages on-campus, off-campus, and pooled campus drives. Placement activities are ongoing throughout the year, ensuring continuous support for students. The Training and Placement Cell is devoted to equipping students for professional life and facilitating their smooth entry into the job market through diverse activities and initiatives.

A successful career demands a balance between hard and soft skills. While hard skills may open doors, it is often the soft skills that determine how far one can progress in their career.

Continuously developing both types of skills leads to a well-rounded professional, making individuals adaptable and valuable across different roles and industries.

At IIMT University, equal emphasis is placed on enhancing students' soft skills to prepare them for industry demands and equip them to face both academic and professional challenges while leading a meaningful life.

The range of skills covered includes professional, behavioral, employability, aptitude skills, and more. In the 21st century, employers increasingly seek a workforce that blends technical expertise with strong soft skills. The Training Cell employs an interactive approach to develop these essential soft skills, using methods such as lecture-based discussions, experience sharing, role play, audio-visual clips, games, self and group activities, question-based discussions, practice sessions, individual presentations, and learning discussions.

TRAINING PROGRAMMES CONDUCTED DURING THE SESSION 2023-24

Boot Camp of MBA Students on 20 and 21 November, 2023

To equip newly admitted MBA students with essential skills for navigating professional life, a Boot Camp was held on November 20 and 21. The goal was to actively engage students in experiencing what they learn in their management classes, embodying the principle, "I hear and I forget. I see and I remember. I do and I understand."
